Independent Auditor's Report

Board of Trustees
General Building Laborers' Local 66 Training Fund

Opinion

We have audited the accompanying financial statements of the General Building Laborers' Local 66 Training Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and plan benefit obligations for the years ended June 30, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of June 30, 2025 and 2024, and the changes in net assets available for benefits and changes in plan benefit obligations for the years ended June 30, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 15 through 16 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 17 through 18 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Independent Auditor's Report

Board of Trustees
General Building Laborers' Local 66 Training Fund

Opinion

We have audited the accompanying financial statements of the General Building Laborers' Local 66 Training Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and plan benefit obligations for the years ended June 30, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of June 30, 2025 and 2024, and the changes in net assets available for benefits and changes in plan benefit obligations for the years ended June 30, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 15 through 16 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 17 through 18 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the General Building Laborers' Local 66 Training Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective June 18, 1986 and is a training plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the General Building Laborers' Local Union No. 66 (the "Union") and various employers and employer associations in the construction industry in the Nassau and Suffolk Counties of New York. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide training, skill improvement and safety education to eligible participants. The Plan also provides college scholarship awards to the dependent children of eligible participants.

Participation

A participant is an individual enrolled or eligible to enroll in the apprentice and training program established by the Plan.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, trust assets will be used to pay all expenses under the terms of the Plan in the order of priority specified in the Plan and as otherwise required by law.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Investment valuation and income recognition

The Plan's investments are stated at fair value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employers' contributions receivable

Employers' contributions receivable is estimated based on receipts in the subsequent plan year that pertain to prior plan years.

The Plan, in its normal course of business, performs audits of the records of contributing employers to monitor compliance with their obligation to make contributions to the Plan. It is the Plan's policy that any employer contributions due to the Plan based on these procedures are recorded as income in the period in which such amounts are received.

Grant and subsidy revenue recognition

Grant and subsidy revenue is generally recorded when program related expenditures, which qualify for reimbursement under the terms of the grant, are made.

Lease

The Plan assesses whether a contractual arrangement qualifies as a lease at inception and only reassesses its determination if the terms and conditions of the arrangement are modified. If an arrangement qualifies as a lease, the Plan evaluates whether it should be classified as an operating or financing lease.

For leases assessed as long-term, lease right-of-use assets represent the Plan's right to use the underlying asset for the lease term and lease liabilities represent the Plan's obligation to make lease payments arising from the leases. The Plan records a lease liability based on the future estimated cash payments discounted over the non-cancellable portion of the lease term. In the event an implicit discount rate is not readily determined in lease agreements, the Plan uses the risk-free Treasury rate at the lease commencement date in determining the present value of future lease payments. Lease right-of-use assets may include lease payments made and exclude lease incentives. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Plan will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Administrative expense allocation

The administrative office is occupied by the Plan and its related Annuity, Pension and Welfare Funds (the "Benefit Funds"). Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements paid to related organizations for the years ended June 30, 2025 and 2024 were \$246,439 and \$248,565, respectively.

The Plan leases the office space from the General Building Laborers' Local 66 Building Corporation (the "Building Corp"), which is wholly owned by the Union and is a related organization. Rent and related costs are included in the total administrative occupancy expense of the Plan. The Plan also rents trailer and storage space from the Building Corp. Rent and related costs for the trailer and storage space are included in the total educational program occupancy expense of the Plan.

The Benefit Funds have an agreement with certain affiliated entities whereby the affiliated entities reimburse the Benefit Funds for estimated administrative expenses relating to the collection of employer contributions and participant dues. These amounts are included in the total administrative reimbursed expenses and collection fees.

Benefit obligations

Plan obligation for accumulated eligibility is estimated based upon the dollar amount of the remaining scholarships payable at June 30, assuming all recipients will receive the maximum allowable scholarship under the program (two or four years). Future benefit obligations are reduced in the period that any recipient ceases to maintain matriculation or proof of enrollment.

Note 2 - Cash

At times throughout the year the Plan may have, on deposit in banks, amounts in excess of FDIC insurance limits. The Plan has not experienced any losses in such accounts and the Trustees believe it is not exposed to any significant credit risks.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

GENERAL BUILDING LABORERS' LOCAL 66 TRAINING FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Note 3 - Fair value measurements (cont'd)

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Interest bearing cash: Valued at cost.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of June 30, 2025, with fair value measurements on a recurring basis:

	<u>2025</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments at fair value

Note 3 - Fair value measurements (cont'd)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of June 30, 2024, with fair value measurements on a recurring basis:

	<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments at fair value				
Interest bearing cash	\$ 485,452	\$ 485,452	\$ -	\$ -

 Total assets in the fair value hierarchy	 <u>\$ 1,249,225</u>	 <u>\$ 1,249,225</u>	 <u>\$ -</u>	 <u>\$ -</u>

Note 4 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note 5 - Employers' contributions

In accordance with collective bargaining agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Contributions are generally based on hourly rates. A \$.05 allocation to the scholarship benefits can occur, subject to Board of Trustee approval. There was no scholarship allocation for the years ended June 30, 2025 or 2024.

Note 6 - Grant and subsidy income

During the years ended June 30, 2025 and 2024, the Plan received \$18,249 and \$35,290, respectively, from the Workforce Development Institute, Inc. under its Education/Training and Economic Development Initiatives to assist in modernizing the Plan's training center.

During the years ended June 30, 2025 and 2024, the Plan received \$0 and \$49,500, respectively, through The Town of Babylon's Direct Support Program ("DSP").

Note 7 - Scholarship program

The Trustees have established a program to provide scholarships to dependent children of eligible participants of the Plan. Each year the Plan will award a maximum of four (4) scholarships, each paying \$2,000 per year for up to four years of undergraduate education at any accredited two or four-year college or university where the dependent child is a matriculating student.

Note 8 - Multiemployer plan that provides postretirement benefits other than pension

The Plan contributes to a multiemployer health plan on behalf of eligible employees. This plan provides postretirement health benefits for active and retired participants.

Total employer contributions made to this multiemployer health plan for the years ended June 30, 2025 and 2024 were \$35,027 and \$34,622, respectively.

Note 9 - Benefit obligations compared to net assets available for benefits

Net assets available for benefits over Plan's total benefit obligations	<u>\$ 1,444,082</u>	<u>\$ 1,241,060</u>

Note 10 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

Note 11 - Tax status

The trust funding the Plan has received an exemption letter from the IRS dated November 5, 2001, stating that the trust is tax exempt under the provisions of Section 501(c)(3) of the Internal Revenue Code ("IRC"). The Plan and trust are required to operate in conformity with the IRC to maintain the tax exempt status of the trust. The Trustees believe that the Plan, including amendments, is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax exempt.
