### Report on the Audit of the Financial Statements

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of Vistamar School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vistamar School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vistamar School Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vistamar School Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Governance Committee  
Vistamar School Defined Contribution Retirement Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vistamar School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vistamar School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions as of and for the year ended June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Governance Committee  
Vistamar School Defined Contribution Retirement Plan

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025 AND 2024**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of Vistamar School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan originally effective July 1, 2004. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective July 1, 2022. The Plan excludes leased employees, employee who normally work less than 20 hours per week and student employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Governance Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

**Eligibility**

Employees of Vistamar School (the Organization or Employer) are eligible to participate in the deferral and Employer contribution components of the Plan on their date of employment. The Plan requires a participant to complete 1,000 hours of service in each plan year in order to receive Employer contributions.

**Contributions**

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for qualified organization catch-up contributions.

The Employer nonelective contribution is made on behalf of each eligible participant in an amount equal to a percentage of each participant's compensation based on their years of service as set forth in the table below:

Years of Service	Non-elective Percentage
Less than or equal to 10	5% of Compensation
11 to 20	8% of Compensation
Greater than 20	10% of Compensation

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Participant Accounts**

Each participant's account is credited with the participant's contributions, an allocation of the Employer nonelective contribution, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after one year of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably by the participants.

**Plan Loans**

Participants may borrow amounts directly from TIAA, the insurance company, using a portion of their account as collateral. Plan loans are issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required, and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. As of June 30, 2025 and 2024, outstanding Plan loans were \$8,301 and \$12,627 respectively.

**Benefit Payments**

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, installments, annuity or ad-hoc distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

**Forfeited Accounts**

Forfeited nonvested accounts may be used to reduce administrative expenses or to reduce future Employer contributions. Forfeited nonvested accounts as of June 30, 2025 and 2024 totaled \$8,684 and \$8,313, respectively. There were \$-0- of forfeitures used to pay administrative expenses for the years ended June 30, 2025 and 2024. There were no forfeitures used to reduce Employer contributions for the years ended June 30, 2025 and 2024, respectively.

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Governance Committee determines the Plan's valuation policies utilizing information provided by the insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contributions**

Contributions from participants and Employer contributions are recorded in the year in which the employee compensation is paid.

**Benefit Payments**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

**Subsequent Events**

The Plan has evaluated subsequent events through December 15, 2025, the date the financial statements were available to be issued.

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION**

TIAA and CREF, the insurance companies of the Plan, and TIAA, on behalf of TIAA Trust N.A. and TIAA, FSB (collectively, the insurance companies and qualified institutions), have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of June 30, 2025. Effective July 14, 2023, TIAA Trust N.A. became the custodian of the Plan, succeeding TIAA, FSB. TIAA has certified on behalf of the custodians for the applicable periods in which they held Plan assets.

**NOTE 4 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)**

*Registered Investment Companies* – Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Insurance Company General Account Contracts* – Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Funds are under the investments contract that have been allocated and applied to purchase annuities (that is, Insurance Company is obligated to pay the related pension benefits) are excluded from the Plan's assets.

*Pooled Separate Account* – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

*Variable Annuity Accounts* – Fair values of accumulation units held by the Plan in the variable annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. The accounts are not exchange traded. Data for NAV's are available daily to Plan administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

**Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements**

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	
	2025	2024			2025	2024
TIAA Traditional	\$ 207,315	\$ 199,763	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied	GRA: 3.65%	GRA: 4.00%
					6.50%	6.75%

**NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY**

The Plan has annuity contracts with TIAA and CREF. TIAA may maintain a portion of the contributions in general accounts, which are known as the TIAA Traditional Benefit Responsive. These are unallocated fixed annuity contracts that are fully and unconditionally guaranteed by TIAA. The contracts provide a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**VISTAMAR SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the

Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

As part of the contracts, TIAA and CREF also maintain a portion of the contributions in guaranteed accounts, which are called the TIAA Traditional Non-Benefit Responsive. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA and CREF. The guaranteed accounts are included in the financial statements at fair value because they are non-benefit responsive. Non-benefit responsive investment contracts have liquidity restrictions. Upon termination of the investment contract, the lump-sum liquidation value of the general account portion of the portion of the participant's accumulation value shall be equal to the product of (a) the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage.

**NOTE 6 RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 7 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Employer contributions.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025 AND 2024**

**NOTE 8 PLAN TAX STATUS**

The Plan is placing reliance on an opinion letter dated August 7, 2017 received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 403(b) of the IRC and is therefore not subject to tax under current income tax law. The volume submitter Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 9 PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of insurance company general account contracts, a pooled separate account and variability annuity accounts managed by TIAA and CREF. TIAA and CREF are the recordkeeper and insurance companies as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

**NOTE 10 NONEXEMPT TRANSACTION**

The Employer failed to remit certain employee 403(b) deferral contributions for a payroll period within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Employer has corrected the delinquent contributions and deposited lost earnings.
