INDEPENDENT AUDITOR'S REPORT

The Employee Stock Ownership Plan and Trust Committee
Aerotech, Inc. Employee Stock Ownership Plan and Trust
Pittsburgh, Pennsylvania

Opinion

We have audited the accompanying financial statements of the Aerotech, Inc. Employee Stock Ownership Plan and Trust (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of June 30, 2025, and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2025, and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an audit opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Aerotech, Inc. Employee Stock Ownership Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

The Plan, established on June 20, 1977, is noncontributory and covers substantially all employees of Aerotech, Inc. (Company) who maintain continuous full-time employment. It is administered by an Employee Stock Ownership Plan and Trust Committee (Committee) as appointed by the Company's board of directors.

The purpose of the Plan is to enable employees of Aerotech, Inc. to participate in the future growth of the Company by investing in common stock of the Company, and to provide benefits upon death, disability, retirement or termination of employment.

The Plan is a defined contribution plan, under which a separate individual account is established for each participant. Contributions by the Company are allocated to participants based on eligible employee compensation, as adjusted by a participation factor calculated as follows:

Length of Service	Participation Factor
1 st Year of Service	1.0
1 st Year of Participation	1.1
2 nd Year of Participation	1.2
3 rd Year of Participation	1.3
4 th Year of Participation	1.4
5 th Year of Participation	1.5
6 th Year of Participation	1.6
7 th Year of Participation	1.7
8 th Year of Participation	1.8
9 th Year of Participation	1.9
10 th Year of Participation	2.0

Income is allocated to participants based on the proportion that each participant's account balance bears to the total account balance of all participants at the beginning of the Plan year. Plan forfeitures are allocated to each participant's account based on the relation of the participant's compensation to total compensation for the Plan year.

Upon termination of participation in the Plan due to retirement, death or permanent disability, the participant is entitled to receive the balance in his or her account. If termination occurs for any other reason, the participant is entitled to a proration of his or her account at the rate of 10% per year for each of a participant's first and second year of participation in the Plan and at the rate of 20% in the third through sixth year of participation. A participant is fully vested after the sixth year of participation.

Upon termination, in accordance with the provisions in the preceding paragraph, the Committee, at its discretion, will direct the trustee to distribute the participant's benefits under one of the following options as elected by the participant:

AEROTECH, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

1. A single distribution; or
2. Distribution of benefits in a fixed number of equal annual installments.

Under federal income tax regulations, the employer stock held by the Plan and its participants is not readily tradable on an established market nor is subject to trading limitations, including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Each participant is entitled to exercise voting rights attributable to the shares allocated to the participant's account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. Over the first five years, a participant may diversify up to 25% of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify will receive a cash distribution.

Plan forfeitures are allocated to participants based on eligible employee compensation, as adjusted by a participation factor. Forfeitures allocated to participants were \$87,044 and \$55,381 for the years ended June 30, 2025 and 2024, respectively. There were no forfeited nonvested accounts to be allocated to participant accounts in future years as of June 30, 2025 and 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by Plan management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AEROTECH, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the settlement of net assets available for benefits.

Investment Valuation and Income Recognition - Shares of Company common stock are reported at fair value. See Note 5 for a discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits - Benefits are recorded when paid.

Administrative Expenses - Trust expenses and legal and accounting fees are paid by the Company and are excluded from these financial statements.

Plan Termination - Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the ERISA. Upon any full or partial termination, all amounts shall become 100% vested.

Subsequent Events - Management has evaluated subsequent events through December 16, 2025, the date on which the financial statements were available to be issued.

NOTE 3 - CONTRIBUTIONS

The Company makes contributions to the Plan as determined by its board of directors. Contributions of \$2,641,194 and \$5,849,524 were authorized for the years ended June 30, 2025 and 2024, respectively.

NOTE 4 - TAX STATUS

The underlying plan received an opinion letter from the Internal Revenue Service (IRS) dated December 29, 2020, stating that the form of the Plan is qualified under Sections 401 and 4975(e)(7) of the Internal Revenue Code (IRC). In accordance with applicable IRS revenue procedures, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

AEROTECH, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 4 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by applicable taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing authorities, however there are currently no audits for any tax years in progress. Plan management believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 5 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Coalition 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

AEROTECH, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

Investment in Aerotech, Inc. Common Stock - The fair value of the Aerotech, Inc. common stock held by the Plan is valued at estimated fair value based on an independent appraisal. This appraisal was based on income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Plan assets and liabilities.

Cash, Money Market Funds and Certificates of Deposit - Cash, money market funds and certificates of deposit approximate fair value due to the short-term nature of such instruments.

The methods described above might produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets at fair value as of June 30, set forth by level within the fair value hierarchy, are as follows:

	2025			
	Level 1	Level 2	Level 3	Total
Cash and money market	\$ 14,311,783	-	-	\$ 14,311,783

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common shares, are held by the trust. Company contributions are held and managed by the trust, which invests cash received, interest and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Plan are paid by the Company.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock, which is considered a related-party and party-in-interest transaction.
