INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Willamette Family, Inc. 403(b) Retirement Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Willamette Family, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WILLAMETTE FAMILY, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the Willamette Family, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of Plan provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Willamette Family, Inc. (the Organization). There are no age or service requirements to make employee deferrals into the Plan. The Plan excludes nonresident aliens with no US source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan engages Nationwide Trust Company, FSB and Mass Mutual Ascend Life Insurance Company (formerly known as Great American Life Insurance Company), to hold and invest Plan assets and execute Plan transactions.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan, into a pre-tax deferral account, subject to limits set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans.

The Plan allows the Organization to make discretionary matching and nonelective contributions. To be eligible for the discretionary matching and nonelective contributions, a participant must be employed at year end and have one year of service. During the year ended December 31, 2024, the Organization contributed 100% of participant deferrals, up to 3% of compensation as defined by the Plan. No discretionary nonelective contributions were made during the year ended December 31, 2024.

Contributions are subject to regulatory limitations.

Investment Elections

Participants direct the investment of their and the Organization's contributions into various investment options offered by the Plan that are designated by the Plan's Administrative Committee. Participants can change their investment elections daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Organization's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses and any related transaction fees for distributions that are paid by the Plan. Allocations are made based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than \$1,000 and may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest rates comparable to the current interest rates charged by financial institutions for similar loans. Principal and interest are paid ratably through payroll deductions not to exceed 5 years unless the proceeds were used for the purchase of a principal residence.

Forfeited Accounts

As all contributions are 100% vested, there are no forfeited nonvested accounts.

Note 1 – Description of the Plan, continued

Payment of Benefits

On termination of service due to any reason, participants with vested account balances of \$1,000 or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled-over to an Individual Retirement Account (IRA) provider or another qualified retirement plan. Participants with vested account balances of less than \$5,000 and more than \$1,000 receive an automatic distribution to an IRA. Participants with vested account balances of \$5,000 or more may elect to receive a single lump-sum amount, choose to rollover their balance into another qualified retirement plan or IRA, or leave their balance in the Plan. Participants may also take in-service and hardship distributions subject to the terms of the Plan and IRS regulations.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (if applicable) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or to a participant's account for transactions specifically related to that participant.

Certain investment management fees and other charges paid to the Custodian are offset against fund performance in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits and are not, therefore, separately reflected as administrative expenses. Certain Plan expenses are paid directly by the Organization and therefore are excluded from these financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Contributions

Contributions from Plan participants and the Organization are recorded in the year in which the employee contributions are withheld from compensation.

Note 2 – Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Risks, Uncertainties, and Concentrations

The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024, approximately 30% of the Plan's investments were invested in the Nationwide Money Market Fund.

Subsequent Events

The Plan has evaluated subsequent events through December 8, 2025, the date the financial statements were available to be issued.

Note 3 – Certified Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including the investments at fair value held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB (the Custodian of the Plan), a qualified institution.

The annuity contract held by Mass Mutual Ascend Life Insurance Company (formerly known as Great American Life Insurance Company) is not certified. At December 31, 2024 and 2023 the uncertified annuity assets totaled \$3,030 and \$2,913, respectively. Interest income related to uncertified annuity investments was \$116 for the year ended December 31, 2024.

Notes receivable from participants as of December 31, 2024 and 2023, and the related interest income on notes receivable from participants for the year ended December 31, 2024 are also not certified.

Note 4 – Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Annuity: The fair value of the annuity is based on quoted market prices to value the investments. When quoted market prices are not available, the fair values of the investments are valued based on yields currently available on comparable securities of issuers with similar credit rates.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Note 6 – Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed or issued by Nationwide Trust Company, FSB the Custodian of the Plan. Transactions with this entity qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers. Loans to participants also qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in the Organization's contributions.

Note 8 – Delinquent Employee Deferral Transmittals

During the years ended December 31, 2024, and 2023, the Company erroneously failed to remit certain employee deferrals and loan payments totaling \$147,549, and \$33,054, respectively, to the Plan in the time period described in 29 CFR 2510.3-102. The contributions and loan payments have since been remitted to the Plan and the Company will make a corrective contribution for lost earnings and will complete any other corrective actions as needed.
