## INDEPENDENT AUDITOR’S REPORT

To the Plan Committee  
HJD Capital Electric, Inc. Employee Stock Ownership Plan  
San Antonio, Texas

### Opinion

We have audited the financial statements of HJD Capital Electric, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of HJD Capital Electric, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

*Basis of Accounting:* The financial statements of HJD Capital Electric, Inc. Employee Stock Ownership Plan ("Plan") are prepared in accordance with U.S. generally accepted accounting principles.

*Cash and Cash Equivalents:* Cash on hand consists of amounts held at banks or financial institutions with an original maturity of three months or less.

*Investment Valuation and Income Recognition:* The Plan's investment in HJD Capital Electric, Inc. ("Sponsor") common stock is presented at fair value. Changes in the fair value are recognized annually and reported as appreciation (depreciation) in fair value on the statement of changes in net assets available for benefits.

*Fair Value Measurements:* In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
  - quoted prices for identical or similar assets or liabilities in inactive markets
  - inputs other than quoted prices that are observable for the asset or liability
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means
  - if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

*Benefit Payments:* Benefit payments are recorded when paid.

*Subsequent Events:* Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

*Use of Estimates:* The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

*Concentration of Credit Risks:* Concentrations of credit risks arise primarily due to investments in Plan Sponsor shares. Substantially all the Plans assets are made up of Plan Sponsor shares.

**NOTE B – DESCRIPTION OF THE PLAN**

The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

*General:* HJD Capital Electric, Inc. Employee Stock Ownership Plan is a defined contribution plan, established January 1, 2020, covering virtually all employees of the Sponsor who have one year of service or greater. The Plan is for the exclusive benefit of its participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulation there under of the Internal Revenue Code and provisions of ERISA.

*Contributions:* The Plan does not allow for participant contributions. The Plan Sponsor may contribute to the Plan as determined each year by its Board of Directors. The Sponsor contributions to the Plan represent the Sponsor's payments for ESOP debt principal and interest. Shares in the Plan are allocated to participants as the debt is repaid as defined by the Plan.

*Participant Account:* Each participant's account is credited with allocations of a) the Plan Sponsor contributions, b) forfeitures of terminated non-vested account balances and c) Plan earnings. Allocations of Plan Sponsor contributions and forfeitures are based on the participant's covered compensation, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*ESOP Put Option:* As long as the company shares are not publicly traded, a participant is given a put option with the obligation, to require the Sponsor to repurchase the shares under a fair valuation formula determined pursuant to Treasury Regulations 54.4975-11(d)(5) as of the valuation date coinciding with or next preceding the exercise of the put option.

*Vesting:* A participant's interest in the contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age, if employment is terminated due to death or disability, or following 5 years of service in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

*Forfeitures:* Forfeitures of non-vested shares are allocated to remaining participants based on compensation during the year of forfeiture. There were no forfeited shares allocated to participants in 2024, while 8,209 forfeited shares were allocated in 2023.

*Payment of Benefits:* Payment of the vested account balance takes place in the Plan year following the year the participant reaches normal or early retirement age, dies, or is disabled. Participants terminating for reasons other than retirement, death or disability with accounts in excess of \$5,000 will receive distributions in annual installments over a period of five plus one year for each \$230,000 or fraction thereof, by which the value of the participant's account exceeds \$1,165,000 which is subject to adjustment for changes in the cost-of-living. For participant accounts of \$5,000 or less, distributions will take place as soon as administratively feasible after the close of the Plan year. Under the provisions of the Plan, the Plan Sponsor is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

**NOTE B – DESCRIPTION OF THE PLAN - continued**

*Plan Termination:* Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

*Tax Status:* The Plan is a defined contribution plan qualified as an Employee Stock Ownership Plan as defined in Section 4975(e)(7) of the Internal Revenue Code and received a favorable determination letter.

**NOTE C – TRANSACTIONS WITH PARTIES-IN-INTEREST**

The Plan’s administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net unrealized depreciation in the fair value of investments.

**NOTE D – FAIR VALUE MEASUREMENTS**

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value at December 31, 2024:

	Fair Value Measurements Using			Total
	Level 1	Level 2	Level 3	
<i>December 31, 2024:</i>				
Investment in Sponsor common stock	\$ -	\$ -	\$ 12,430,000	\$ 12,430,000
<i>December 31, 2023:</i>				
Investment in Sponsor common stock	\$ -	\$ -	\$ 430,000	\$ 430,000

The Sponsor common shares held by the Plan are valued at fair value based on an independent appraisal obtained on an annual basis. The appraiser used an income approach based on discounted cash flows method in determining the value of the shares as well as a market approach based pricing information provided by comparable guideline companies. The discounted cash flows method incorporates both expected cash flows from investment over a discrete period and the value of investment after that period. The expected cash flows are based on management estimates based on historical data adjusted for anticipated trends.

The preceding methods described may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE E – INVESTMENT IN SPONSOR COMPANY COMMON STOCK**

The Plan’s investments consist solely of common shares of the Sponsor and are allocated as follows at December 31:

	2024		2023	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of shares	129,926	870,074	105,067	894,933
Cost	2,936,327	19,663,673	2,374,514	20,225,486
Fair value	1,614,980	10,815,020	45,179	384,821

**NOTE F – LOAN PAYABLE**

On May 29, 2020, the Plan entered into a \$28,250,000 term loan agreement with the Plan Sponsor. The proceeds of the loan were used to purchase 1,000,000 common shares of the Sponsor. Unallocated shares serve as collateral for the loan. This loan has a repayment term of 40 years and bears interest at 1.15% annually.

The note payable was subject to a clawback provision. Exercise of the clawback provision was obligatory of the trustee of the ESOP based on terms set out in the stock purchase agreement and review of the 2021 and 2020 results of operations of the plan sponsor. Accordingly, based on the clawback provisions, the purchase price for shares purchased by the ESOP was reduced by 20% (\$5,650,000) effective December 31, 2021. The Plan recorded this as a reduction to the note payable.

For all loans outstanding at year-end, the number of shares released from collateral are based on the number of unallocated shares serving as collateral for the loan times a fraction of the total principal and interest paid under the loan for the plan year divided by the sum of total principal and interest paid in fiscal year plus the principal and interest to be paid for all future years.

The outstanding balance related to these loans totaled \$19,820,283 with 870,074 shares unallocated at December 31, 2024. The scheduled amortization of the loan for the next five years and thereafter is as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2025	\$ 463,159
2026	468,485
2027	473,872
2028	479,322
2029	484,834
Thereafter	<u>17,450,611</u>
	<u>\$ 19,820,283</u>
