The Plan Administrator
MBS Textbook Exchange, LLC
Profit Sharing Plan
Columbia, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MBS Textbook Exchange, LLC Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 7, 2025, December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the period from January 1, 2025 through March 7, 2025 and for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 7, 2025, December 31, 2024 and 2023 and for the period from January 1, 2025 through March 7, 2025 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MBS TEXTBOOK EXCHANGE, LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
March 7, 2025, December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MBS Textbook Exchange, LLC Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit-sharing plan covering substantially all employees of MBS Textbook Exchange, LLC (the Company), as defined in the Plan. Employees who have one year of service with at least 1,000 hours and have attained the age of 18 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or Trustee). Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company.

Effective March 7, 2025, the Plan merged its entire balance of net assets available for benefits of \$110,777,918 into the Barnes and Noble Education 401(k) Plan.

Contributions: Participants may contribute up to 75% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for safe harbor matching contributions for eligible participants, not to exceed 4% of compensation. For the period through September 17, 2023, the Company matched the first 4% of eligible compensation that a participant contributed to the Plan. Effective September 17, 2023, the Plan changed from safe-harbor contributions to discretionary matching contributions. The Company made no discretionary matching contributions in 2025 or 2024.

The Company may also elect to make discretionary profit-sharing contributions to the Plan. Discretionary profit-sharing contributions are allocated to participants based upon a ratio of each participant's compensation to total compensation of all participants eligible to receive a share of the discretionary profit-sharing contribution. The Company made no discretionary profit-sharing contributions in 2025, 2024 or 2023.

In order to receive any discretionary matching or discretionary profit-sharing contributions, participants must have completed at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year.

Contributions are subject to certain IRC limitations.

Participants may direct all their contributions among one or more funds. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts: Each participant's account is credited with the participant's contributions as well as an allocation of (1) any Company discretionary contributions, and (2) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MBS TEXTBOOK EXCHANGE, LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
March 7, 2025, December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Interest rates ranged from 3.25% to 9.50% at December 31, 2024 and 2023. Principal and interest are paid ratably through monthly payroll deductions over a term not exceeding five years, or a reasonable term not to exceed ten years, as established by the Plan administrator, for loans used for the purchase of a primary residence.

Payment of Benefits: On termination of service, death, disability, retirement, or attainment of age 59½, a participant may elect to receive the value of their vested interest in their account in the form of a lump-sum amount, annual installments or as an annuity. If the participant's vested interest in the Plan is less than \$5,000, a mandatory lump-sum distribution may be made to the participant.

Vesting: Participants are immediately vested in their contributions, Company's discretionary matching contributions and the Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as follows:

<u>Completed Years of Service</u>	<u>Vested (%)</u>
Less than 2	-
2	20
3	40
4	60
5	100

Forfeitures: Forfeited accounts may be used to pay any administrative expenses of the Plan, and then to reduce any Company contributions. The forfeitures balance at year-end totaled \$27,766 and \$40,187 on December 31, 2024 and 2023, respectively. \$32,514 in forfeitures were used to pay administrative expenses in 2024. Forfeitures amounting to \$29,100 were used to reduce Company contributions in 2024. No forfeitures were used to reduce Company contributions or pay administrative expenses in 2025 or 2023.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivables From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits: Benefit payments are recorded when paid.

Administrative Expenses: Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events: The financial statements and related disclosures include evaluation of events up through and including October 10, 2025, the date the financial statements were available to be issued. No additional material subsequent events have occurred through that date that would require recognition in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of Registered Investment Companies – These shares are valued at the daily closing prices, as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common/Collective Trust (CCT) – The Plan is invested in the Managed Income Portfolio, which is a CCT. The fair value of the Plan's interest in the CCT is estimated using NAV as a practical expedient, as disclosed in audited information reported by the issuer, Fidelity. Fidelity determines NAV based on the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Investments held by this CCT are required to be reported at fair value; however, contract value is the relevant measurement characteristic for that portion of the net assets of a CCT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans.

Investments in the CCT can be redeemed immediately at the participant level. The Plan is required to provide a 12-month notice to the fund in order to terminate their entire investment interest at the current NAV per share based on the fair value of the underlying assets. If the Plan offers a competing fund, participants are required to invest in a noncompeting fund for at least 90 days before transferring into the competing fund option. The fair value of investments in this category has been estimated using the NAV per share as a practical expedient. There were no unfunded commitments or liquidity restrictions related to the CCTs.

Collective Investment Trusts (CIT) – The CITs are valued at the NAV of the units held. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by FIAM Group Trust for Employee Benefit Plans or the Fidelity Group Trust for Employee Benefit Plans, is used as a practical expedient to estimate fair value. NAV would not be used if it were probable that the investment would not be traded at NAV. The CITs provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments:				
Registered investment companies at fair value	\$ 30,430,625	\$ -	\$ -	\$ 30,430,625
*Common/collective trust, at NAV				6,242,026
*Collective investment trust, at NAV				74,144,402
Total investments at fair value				\$ 110,817,053
	2023			Total
	Level 1	Level 2	Level 3	
Investments:				
Registered investment companies at fair value	\$ 31,784,417	\$ -	\$ -	\$ 31,784,417
*Common/collective trust, at NAV				7,071,667
*Collective investment trust, at NAV				70,166,467
Total investments at fair value				\$ 109,022,551

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2025 through March 7, 2025 and for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's profit-sharing contribution portion of their account.

(Continued)

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity or its affiliates. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services. Any direct or indirect expenses paid for by the Plan as well as notes receivable from participants qualify as party-in-interest transactions.

NOTE 7 – TAX STATUS

The Plan adopted a pre-approved defined contribution plan from FMR LLC, which received an opinion letter from the IRS on June 30, 2020, which states that the pre-approved defined contribution plan, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
