EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 1. DESCRIPTION OF PLAN

General

The Emerald Textiles, San Diego LLC 401(k) Plan (the "Plan") is sponsored by Emerald Textiles San Diego, LLC. The Plan became effective on January 1, 2011 and is a defined contribution plan available to eligible employees of Emerald Textiles San Diego, LLC, and beginning in 2020, related participating employers (together, the "Company"). In February 2020, the Plan was amended to add Emerald Los Angeles, LLC; Emerald Textile Services, Northern California, LLC; Emerald Textile Services, Reno, LLC; Emerald Utah, LLC; and Emerald Encore Holdings, LLC as participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Eligibility

Generally, employees who have reached 21 years of age and have completed three consecutive months of service are eligible to participate in the Plan; however, for purposes of sharing in Company matching contributions, an employee must complete twelve months of service with the Company. The Plan excludes certain classes of employees including, among others, leased employees, those whose employment is governed by a collective bargaining agreement, the terms of which do not specifically provide for participation in the Plan, and non-resident aliens with no U.S. sourced earned income. The entry date for participant elective deferrals is the first day of the Plan year quarter coincident with or next following the day a participant becomes eligible to participate.

Participant Contributions

Participants may elect to contribute, on a pre-tax basis, a percentage or flat dollar amount of compensation as defined by the Plan, up to the maximum allowed by the Code. In addition, employees who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the Code. Participants may also contribute amounts representing rollover distributions from other qualified sources; however, the Plan does not accept rollovers of employee after-tax contributions or direct rollovers of "Roth" contributions.

Effective October 1, 2015, the Plan adopted certain automatic deferral provisions such that employees who become eligible participants on or after October 1, 2015 will automatically have 1% of their compensation each payroll period deferred into the Plan unless otherwise elected. Beginning in 2019, unless otherwise elected by the participant, the automatic deferral amount will increase by 1% each year up to a maximum of 10% of Plan-eligible compensation. The automatic increases take effect on the first day of each Plan year.

Employer Contributions

The Company may make discretionary matching contributions as a percentage of participants' compensation. On a quarterly basis for the year ended December 31, 2020, the Company made matching contributions equal to 30% of each eligible participant's contribution, limited to the first \$10,000 of participant contributions eligible for matching during the Plan year.

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 1. DESCRIPTION OF PLAN (Continued)

Employer Contributions (Continued)

The Company may also make qualified nonelective employer contributions (“QNECs”) to non-highly compensated participants for the purposes of satisfying certain non-discrimination provisions of the Code. For the year ended December 31, 2020, the Company did not contribute any QNEC amounts.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and employer contributions to any of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between investment options in accordance with Plan provisions.

Vesting

Participants are always 100% vested in their contributions as well as QNECs. Employer matching contributions vest as shown in the following table:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

In addition, participants who reach normal retirement age (65) become fully vested in their accounts. Similarly, participants who terminate employment due to total disability or death become fully vested in their accounts.

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts generally up to a maximum of 50% of their vested balance up to \$50,000. The minimum loan amount is \$1,000. Such loans are required to be repaid within 5 years unless the loan is to be used to acquire the principal residence of the participant, in which case a longer repayment period may be permitted. Participants are permitted to have only one loan outstanding at any given time. Loans are secured by the participants' vested interests in their account balances. Loans are to bear interest at the prime interest rate plus one percent. As of December 31, 2020, the interest rate on outstanding loans range from 4.25% to 6.50%. Principal and interest are paid regularly through payroll deductions.

In April 2020, the Plan operationally implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) (Note 9). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit to the lesser of \$100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year. In addition, the CARES Act waived loan origination fees through August 31, 2020 for such participants.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions as well as any employer matching and QNEC contributions. Participant accounts are also allocated investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

In-Service Distributions

Distributions of rollover contributions are permitted at any time. Participants who are age 59½ or older are permitted in-service distributions of the vested portion of their accounts. Hardship distributions are not allowed by the Plan.

Other Distributions

Upon termination for any reason including retirement, death, or disability, participants may elect to receive a distribution of their vested account balance (as defined) in lump sum, or defer distribution if the account exceeds \$5,000. If a terminated participant's vested account balance is less than \$5,000, and the participant does not make a distribution election, the Plan may roll the balance into an individual retirement account designated by the Plan administrator; account balances less than \$1,000 may be distributed directly to the participant.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

Participants requesting relief under the CARES Act (Note 9) were permitted (i) CARES Act related withdrawals up to \$100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

Forfeitures

Forfeitures may be used to pay administrative expenses and reduce any matching contributions. As of December 31, 2020 and 2019, respectively, there were \$1,605 and \$299 of forfeitures available for future use. During 2020, \$1,443 was forfeited by participants, there were earnings of \$13, and \$150 was used to reduce employer matching contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive group annuity investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for additional information on the aforementioned investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Income Tax Status

The Company has adopted a volume submitter plan, and relies upon its opinion letter from the IRS dated March 31, 2014 in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants as well as fees directly associated with distribution requests are charged directly to the transacting participants' accounts and are included in administrative expenses. Investment-related expenses are included in net realized and unrealized appreciation or depreciation of the fair value of pooled separate accounts.

Recently Issued Accounting Updates

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves and simplifies the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 11).

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian of the Plan, as of December 31, 2020 and 2019. All investments are participant-directed. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2020 and 2019, as well as in the supplemental schedule (Schedule H, Part IV, Line 4i) as of December 31, 2020, and net realized and unrealized appreciation or depreciation in fair value of pooled separate accounts and interest income for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by MassMutual.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management’s best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodology used for investments measured at fair value at December 31, 2020 and 2019:

Pooled separate accounts: Valued at the unit value of shares held by the Plan. Unit value is based upon the observable net asset value of the underlying investments on the last business day of the Plan year as determined and published by an outside agency.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth the Plan's investments by level and investment objective within the fair value hierarchy as of December 31, 2020 and 2019:

	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts	\$ -	\$ 6,012,120	\$ -	\$ 6,012,120
Total investments at fair value	\$ -	\$ 6,012,120	\$ -	\$ 6,012,120

	December 31, 2019			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts	\$ -	\$ 3,912,740	\$ -	\$ 3,912,740
Total investments at fair value	\$ -	\$ 3,912,740	\$ -	\$ 3,912,740

In addition, there were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2019 and 2020.

NOTE 5. GROUP ANNUITY CONTRACT/GROUP FUNDING AGREEMENT

The Plan has a group annuity contract with MassMutual, the MassMutual Fixed Account. Under the terms of the Group Annuity Contract/Group Funding Agreement, a crediting rate is established for amounts invested in the Fixed Account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value.

This contract meets the fully benefit-responsive investment contract criteria, and is therefore reported at contract value. Contract value is the relevant measure for financial statement reporting of fully benefit-responsive investment contracts as contract value is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events can lead to plan discontinuance of the Group Annuity Contract or Group Funding Agreement, in which case it may be possible to receive a value other than the contract value. Such events include, but are not limited to (i) failure of the Plan to maintain its tax-exempt status, (ii) certain Plan amendments which affect the Group Annuity Contract, discontinuance of contributions, Plan termination, and bankruptcy of the Plan Sponsor. Liquidation value is based on an actuarial formula as defined under the terms of the Group Annuity Contract/Group Funding Agreement. Additionally, the Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. In addition, the issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Plan sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. In addition, certain of the Plan's investments were managed by MassMutual during 2020. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 8. CORRECTIVE DISTRIBUTIONS

To satisfy certain nondiscrimination provisions of the Plan for the year ended December 31, 2020 and 2019, the Plan is in the process of returning excess participant contributions in the amount of \$46,072 to certain participants for the 2020 Plan year. Excess participant contributions in the amount of \$37,482 related to the 2019 Plan year were returned to certain participants in March 2020. The amounts of \$46,072 and \$37,482 are included as a liability on the statements of net assets available for benefits as of December 31, 2020 and 2019, respectively.

The excess contribution amounts for the year ended December 31, 2020 have been netted against participant contributions in the statement of changes in net assets available for benefits for the year ended December 31, 2020 for financial statement purposes; however, the IRS Form 5500, Schedule H, Part II presents excess contributions as corrective distributions, a separate category of expenses (deductions from net assets) for the year ended December 31, 2020.

NOTE 9. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2026.

NOTE 10. ERISA FIDELITY BOND

ERISA requires that the Plan maintain a fidelity bond of at least 10% of Plan assets as of the beginning of the Plan year in an amount not less than \$1,000 and not more than \$500,000. The Plan did not maintain fidelity bond coverage from June 2, 2020 to September 24, 2020. The Plan administrator does not believe the Plan has incurred any fidelity bond losses during the year, including during the break in coverage in particular.

EMERALD TEXTILES, SAN DIEGO LLC 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

NOTE 11. SUBSEQUENT EVENTS

Plan Transfers

Account balances totaling \$559,057 from retirement plans of the related participating employers (Note 1) were transferred into the Plan in February 2021.

Partial Plan Termination Analysis

During 2022, the Company initiated significant involuntary employee terminations. While the 2022 involuntary terminations alone did not trigger a partial plan termination, the Company is in the process of completing an analysis to determine if the 2022 involuntary terminations trigger a partial plan termination in combination with 2023 and 2024 involuntary terminations.

SECURE ACT 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. The SECURE Act 2.0 includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning in 2023, the age for required minimum distributions increased from age 72 to 73. Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12-month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
