Independent Auditor's Report

To the Plan Administrator
United Nations Foundation, Inc. 403(b) DC Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of United Nations Foundation, Inc. 403(b) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the United Nations Foundation, Inc. 403(b) DC Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the United Nations Foundation, Inc. (the Organization or the Foundation) and was adopted effective January 2, 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Organization's management along with the Retirement Investment Committee is responsible for oversight of the Plan. The Organization's Retirement Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. Employees, with the exception of temporary employees and interns, are eligible for participation in the Plan immediately upon employment. For the years ended December 31, 2024 and 2023 both Principal Life Insurance Company, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF) are the trustee and recordkeeper.

Contributions

Employer discretionary contributions will be made for participants in accordance with the schedule below. Each year participants may contribute up to 100% of eligible compensation, as defined in the Plan.

Employer discretionary Contributions as a Percentage of Compensation

Percent Contributed by the Participant	Percent Contributed by the Foundation
1.0%	1.5%
2.0%	3.0%
3.0%	4.5%
4.0%	6.0% (max)

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with participant deferrals, including amounts rolled over from other qualified plans and the employer match portion of the participant's gross compensation following each payday. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Plan contributions are participant directed and are invested in one or more funding vehicles available to participants under this Plan. Earnings and losses are determined by individual funding vehicle performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

Investment Options

The Plan provides participants with options to invest in various TIAA and CREF registered investment funds, a pooled separate account, fixed annuity contracts, and other mutual funds.

Plan Loans

Participants may borrow directly from TIAA and CREF a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit of the annuitant or 45% of the combined accumulations attributable to their retirement plan under the originating CREF Certificate and the companion TIAA and CREF contract. Sufficient collateral for the loans must be maintained in the TIAA and CREF traditional annuity contracts.

The loans are not shown in the Plan's statements of net assets available for benefits, as the loans are not made from plan assets and are, therefore, not considered assets of the Plan. Principal and interest is paid ratably by the participant directly to TIAA and CREF, and not through payroll deductions.

A portion of the TIAA Traditional Annuity balance is held as collateral against these loans, when participants have not made payments as agreed to in the loan agreement and the loan has gone into default. As of December 31, 2024 and 2023, the balance of collateral held against notes receivable from participants amounted to \$13,673 and \$12,983, respectively.

Notes Receivable from Participants

Participants may borrow directly from Principal a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit of the annuitant.

Principal and interest are paid ratably, by the participant, via payroll deductions. Loan interest rates are variable at prevailing interest rates. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to ten years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Also, each participant may not have more than two loans outstanding at any time.

Vesting

Participants are immediately 100% vested in their contributions, rollover contributions, employer contributions, and actual earnings (losses) thereon.

Payment of Benefits

On termination of service, retirement, disability or death, or upon reaching age 59½ a participant may elect to receive a lump-sum payment. Balances under \$5,000 may be automatically distributed at the discretion of the Plan Administrator. Benefits to participants are recorded when paid.

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

Hardship Distributions

Under certain conditions participants may take a financial hardship withdrawal of all or part of their vested account balance. Such withdrawals may not exceed the amount required to meet the immediate financial need created by the hardship. The participants may have a withdrawal for financial hardship only if they have received all other withdrawals or loans available to them under the Plan. The amount of the withdrawal may include the amount of taxes that will result from the withdrawal.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Retirement Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions Receivable

Participant contributions and any related employer discretionary contributions are recognized in the period during which the Organization makes the respective payroll deduction from the

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

participant's compensation. Employer discretionary contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal and TIAA CREF, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investments

Mutual Funds - Mutual funds are registered investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value (NAV). The mutual funds held by the Plan are deemed to be actively traded.

CREF Registered Investments - The CREF registered investments are separate accounts which are registered investments that invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. Units held in the registered investments are valued at the NAV. The NAV is published daily on NASDAQ and on the TIAA website. The NAV is measured based on the fair value of the underlying investments held by the fund less its liabilities. The fair value of the underlying investments is determined using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. On a daily basis, units in the registered investments are revalued to reflect performance of the underlying investments minus any fees and charges. There are no trading restrictions relating to the registered investments. Participant transactions (purchases and sales) may occur daily, with certain restrictions impacting participants' ability to transact.

Non-Fully Benefit Responsive Investment Contracts

The non-fully benefit responsive investment contracts, composed entirely of TIAA Traditional Annuity Contracts, are reported at fair value which is approximated by contract value. The contract value equals accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange, and is subject to various restrictions. These contracts also include surrender charges, timing restrictions, and withdrawals being required to be made in annual installments.

Pooled Separate Account

TIAA Real Estate pooled separate account (PSA) - Units held in the PSA are valued at the NAV based on the fair market value of the underlying investments of the account less its liabilities. The NAV is published daily on NASDAQ. Valuation of the PSA's real estate properties are based on real estate appraisals, which are estimates of property values based on a professional's opinion and may not be accurate predictors of the amount the PSA would actually receive if it sold a property. Appraisals can be subjective in certain respects and rely on a variety of assumptions (including comparable property sales and historic pricing) and conditions at that property or in the market in which the property is located, which may change materially after the appraisal is conducted. Among other things, market prices for comparable real estate may be volatile, in particular if there has been a lack of recent transaction activity in such market. Redemptions are limited to one per quarter.

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal and TIAA and CREF. Principal and TIAA and CREF act as the record keepers for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. The Organization pays any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions with advance notice at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of each affected participant remain fully vested.

7. Tax Status

The Volume Submitter 403(b) Plan sponsor, TIAA, has obtained an opinion letter dated August 7, 2018, in which the IRS stated the Plan, as then designed, is acceptable under section 403(b) of the Internal Revenue Code (IRC) for use by eligible employers and qualifies under the IRC. The Plan Administrator believes that the plan is currently being operated in accordance with the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

United Nations Foundation, Inc. 403(b) DC Plan

Notes to Financial Statements

8. Prohibited Transactions

During the years ended December 31, 2020, 2021, 2022, and 2024 the Organization failed to segregate and remit in a timely manner certain participant contributions from its assets within the required time period as specified by the United States DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the Internal Revenue Code. The Organization remitted the late participant contributions for 2020 in 2020, the late participant contributions for 2021 in 2021, and the late participant contributions for 2022 in 2022. The Organization remitted the lost earnings related to the 2020 and 2021 late remittances on March 15, 2024. The Organization remitted the lost earnings related to the 2022 late remittance on May 28, 2024. The Organization is in the process of remitting the lost earnings related to the 2024 late remittances.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through January 5, 2026, the date the financial statements were available to be issued.
