Report of Independent Auditors

To the Participants and Trustees of
CTDU Partition Pension Fund

Opinion

We have audited the financial statements of CTDU Partition Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net (deficit) as of March 31, 2025 and 2024, and the related statements of changes in net (deficit) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net (deficit) of CTDU Partition Pension Fund as of March 31, 2025 and 2024, and the changes in its net (deficit) for the years then ended, and the accumulated plan benefits as of March 31, 2024, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

As described in Note 1, the Plan's application for partition was approved on April 14, 2010, with a retroactive effective date of April 1, 2005. As such, the Plan is considered to be a successor plan created by a partition order and is exclusively funded by the Pension Benefit Guaranty Corporation (PBGC). During the year ended March 31, 2011, the Plan applied for and began receiving financial assistance from PBGC, and reduced benefit payments to participants to the level guaranteed by the PBGC. Our opinion is not modified with respect to this matter.

Emphasis of Matters (continued)

As discussed in Note 5 to the financial statements, the present value of accumulated plan benefits as of April 1, 2023 was restated to include the present value of administrative expenses expected to be paid by the Plan in future periods. In addition, as disclosed in Note 8, net assets (deficit) were restated to correct certain misstatements. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibility for the Audit of Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CTDU Partition Pension Fund

Notes to Financial Statements

March 31, 2025 and 2024

Note 1. Description of the Plan

CTDU Partition Pension Fund (the Plan) is a multiemployer defined benefit pension plan and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide retirement benefits for eligible participants.

The Plan was established pursuant to a request from Chicago Truck Drivers, Helpers and Warehouse Workers Union (Independent) Pension Fund (CTDU Pension Plan) for financial assistance from the Pension Benefit Guaranty Corporation (PBGC) as allowed by the Multiemployer Pension Reform Act (MPRA). Under MPRA, plans whose funded status are considered to be critical and declining have the ability to avoid insolvency in several ways, including applying for a partition of benefits. For a partition of benefits, the plan must apply to the PBGC for approval to transfer some of the plan's PBGC guaranteed benefits to a new successor plan that will receive financial assistance from the PBGC to pay those benefits.

CTDU Pension Plan's application for partition was approved on April 14, 2010, with a retroactive effective date of April 1, 2005. As such, the Plan is considered to be the successor plan created by the partition order and is exclusively funded by the PBGC in an amount sufficient to enable the Plan to pay PBGC-guaranteed benefits, as defined by ERISA, and reasonable administrative costs. The partition is structured such that the portion of the CTDU Pension Plan that is attributable to service with bankrupt employers who have withdrawn from the CTDU Pension Plan has been separated to this Plan. The liabilities directly attributable to such bankrupt employers were transferred to the Plan on July 1, 2010.

On June 22, 2010, the Plan entered into a Promissory Note (Note) with the PBGC designed to provide financial assistance in the form of loans for payment of basic benefits under the Plan and the Plan's reasonable administrative expenses. The Plan sends a funding request to the PBGC on a quarterly basis to cover the funding deficiency for the upcoming quarter. In addition, the PBGC may waive the PBGC premiums for any Plan year in which the Plan receives financial assistance. The amount waived will be treated as additional financial assistance and added to the loan balance. The Note states that the Plan is obligated to repay PBGC for all such financial assistance, with interest, if the Plan's financial condition improves. The PBGC does not require repayment as long as the Plan continues to be insolvent. The funds received from the PBGC have been structured as a loan and bear interest at the rate in effect under Section 6621(a)(2) of the Internal Revenue Code, compounded daily. A security agreement is in place for the Note, which states that the PBGC will retain a security interest in all future employer contributions and withdrawal liability payments, if any.

Note 1. Description of the Plan (continued)

The cumulative financial assistance received from the PBGC through March 31, 2025 and 2024 totaled \$82,853,546 and \$78,910,701 respectively. The Plan has accrued interest of \$32,604,530 and \$28,123,884 as of March 31, 2025 and 2024, respectively. Although it is unlikely that the loan would ever be repaid, it is a contractual obligation of the Plan and is recorded as a liability in accordance with generally accepted accounting principles.

Under current provisions of the Plan, the guaranteed benefit level is determined as follows:

- The Plan determines each participant's vested monthly benefit payable;
- This benefit is then divided by the participant's years of credited service under the Plan;
- The resulting figure (the accrual rate) is adjusted to the amount that the PBGC, by law, can guarantee; and
- That amount is 100% of the first \$11 of the accrual rate, and 75% of any additional amount (up to \$33) multiplied by the participant's years of credited service to arrive at the monthly PBGC-guaranteed benefit.

Participants should refer to the summary plan description for more complete information.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles (GAAP).

Property and Equipment - Property and equipment are carried at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed by the straight-line method over estimated useful lives of five years.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Leases - The Plan utilizes shared office space as described in Note 7. The Plan reimburses a related organization for its share of lease expense. Due to the immaterial nature of the amounts owed pursuant to the leasing arrangement, as well as the Plan not being signatory to the lease agreement, the Plan did not adopt the provisions of accounting guidance for leases required by GAAP.

Note 2. Summary of Significant Accounting Policies (continued)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through December 12, 2025, which is the date the financial statements were available to be issued.

Note 3. Priorities Upon Termination

The right to discontinue the Plan is reserved to the Trustees. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. The PBGC does not guarantee all types of benefits, and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided while other benefits may not be provided at all.

Note 4. Tax Status

The Plan's latest determination letter is dated May 25, 2016, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 4. Tax Status (continued)

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Actuarial Information

The actuarial present value of accumulated plan benefits represents the amounts that result from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, in accordance with PBGC regulations.

An actuarial valuation of the Plan was made by the Plan's actuarial consultant as of March 31, 2024. Information shown in the report included the following:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving benefits	\$ 31,091,292
Other participants	<u>6,204,463</u>
Total vested benefits	<u>\$ 37,295,755</u>

As reported by the actuary, the changes in the present value of accumulated plan benefits for the year ended March 31, 2024 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year - as restated		\$ 41,506,301
Increase (decrease) during the period attributable to		
Interest	\$ 1,915,822	
Changes in actuarial assumptions	(1,589,097)	
Benefits paid	(3,851,236)	
Experience (gain)	<u>(686,035)</u>	
Net (decrease)		<u>(4,210,546)</u>
Actuarial present value of accumulated plan benefits at end of year		<u>\$ 37,295,755</u>

The actuarial present value of accumulated benefits as of April 1, 2023 was restated to include \$568,431 of administrative expenses that were not included in the prior valuation.

Note 5. Actuarial Information (continued)

The actuarial valuation was made using assumptions and methods determined by the PBGC in accordance with Section 4281 of ERISA. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality - published by the PBGC at March 31, 2024, under ERISA Section 4044 for healthy and disabled lives

Retirement - assumed normal retirement age was 65; married participants are assumed to select the more valuable single life or joint and survivor annuity, while non-married participants are assumed to select the single life annuity

Interest rates - 5.45% for 20 years and 5.22% thereafter

Administrative expenses - calculated in accordance with PBGC Regulation Part 4281, Subpart B - Valuation of Plan Benefits and Plan Assets Following Mass Withdrawal

The change in the actuarial assumptions is due to the PBGC interest rate used for calculating the present value of PBGC-guaranteed benefits increasing from 4.86% for 20 years and 4.70% thereafter as of March 31, 2023, to 5.45% for 20 years and 5.22% thereafter as of March 31, 2024.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results.

Note 6. Risks and Uncertainties

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 7. Related Party Transactions

The Plan is related to a pension plan and a welfare plan, both of which are tax-exempt.

Administrative expenses are initially paid by CTDU Pension Plan and are charged to the Plan. In addition, the Plan shares facilities, equipment and staff with its related organizations. The Plan was allocated a total of \$78,256 and \$71,366 in salary and related expenses for its share of such expenses for the years ended March 31, 2025 and 2024, respectively. Amounts due to the related pension plan for administrative expenses totaled \$30,328 and \$36,223 at March 31, 2025 and 2024, respectively.

Note 7. Related Party Transactions (continued)

The Plan and certain related organizations share office space in a building located in Chicago, Illinois. The related welfare plan initially pays the gross rent under a cancelable operating lease that expired in October 2025. The welfare plan has renewed the lease effective November 1, 2025 on a month-to-month basis with a 90-day termination notice. The related organizations reimburse the welfare plan for their prorata share of the lease, based on estimates of space used. The Plan's share of rent expense for the years ended March 31, 2025 and 2024 was \$10,805 and \$10,552 respectively.

All of the Plan's eligible shared office employees are covered by a multiemployer defined benefit pension plan. The pension plan is not considered to be a significant plan for purposes of disclosures required by generally accepted accounting principles. The Plan's allocated portion of contributions to this plan for the years ended March 31, 2025 and 2024 was \$5,469 and \$5,448 respectively.

The Plan also reimbursed the welfare plan for contributions to a multiemployer defined contribution retirement plan made on behalf of shared employees. The Plan's allocated portion of contributions to this plan for the years ended March 31, 2025 and 2024 was \$5,742 and \$5,419 respectively.

The Plan's eligible shared office employees are also covered by a multiemployer welfare plan that provides health benefits to retirees and to eligible employees and their dependents. Contributions to the plan are made monthly under the terms of a participation agreement. The Plan's allocated portion of contributions to this plan for the years ended March 31, 2025 and 2024 was \$18,651 and \$16,107 respectively.

Note 8. Prior Period Restatement

Net assets (deficit) as of April 1, 2023 were restated to recharacterize the financial assistance from the PBGC as a loan payable, as follows:

	As previously reported	Adjustments	As restated
Loan payable to PBGC	\$ -	\$ 98,995,416	\$ 98,995,416
Net assets (deficit)	\$ 673,325	\$ (98,995,416)	\$ (98,322,091)

Report of Independent Auditors on Supplemental Schedules

To the Participants and Trustees of
CTDU Partition Pension Fund

We have audited the financial statements of CTDU Partition Pension Fund (the Plan) as of and for the years ended March 31, 2025 and 2024, and our report thereon dated December 12, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
