Independent Auditors' Report

To the Plan Administrator of
NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended March 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 1. Plan Description

The following description of the NTT DATA Europe & LATAM, Branch in the USA, Inc. 401(k) Retirement Plan (formerly Everis USA, Inc. 401(k) Plan, “the Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of NTT DATA Europe & LATAM, Branch in the USA, Inc. (formerly Everis USA, Inc., “the Company”), except for part-time, temporary and seasonal employees, and all expatriates transferred to the Company on short or long-term assignments. Participants can enter the Plan on the first day of the month coinciding with or following the date the employee commences full-time employment, which is the only eligibility requirement. Strategic staffing employees (staff augmentation or professional service employees on hourly contracts) are eligible to participate in the Plan but are excluded from any employer matching contribution. The Plan Administrator is responsible for oversight of the Plan. Capital Bank and Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The initial effective date of the Plan was January 1, 2010, and the plan was amended and restated effective October 4, 2021. The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans that became or are becoming effective in 2023 and beyond.

Contributions

Eligible participants may elect to make salary reduction contributions up to 75 percent of eligible compensation, as determined by the Plan, subject to the limitations under the Internal Revenue Code. Catch-up contributions are allowed for participants who reach age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes a matching contribution of 100 percent up to the first 6 percent of base compensation for all participants. Additional non-elective discretionary contribution amounts may be contributed at the option of the Company’s Board of Directors and are allocated to participant accounts on a pro-rata basis as a uniform percentage of participant compensation.

Participant contributions totaled \$1,004,707 and \$884,372 in fiscal years 2025 and 2024, respectively. Rollover contributions into the Plan totaled \$8,980 and \$154,696 in fiscal years 2025 and 2024, respectively. The Company made matching contributions of \$663,729 and \$582,025 net of \$0 and \$38,106 in contributions from forfeitures in fiscal years 2025 and 2024, respectively. There were no non-elective discretionary contributions made in fiscal years 2025 and 2024. Both participant and employer contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment Elections

Participants may elect to have their contributions invested in various investment options offered by the Plan’s trustee.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 1. Plan Description (Continued)

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is participant - directed, and is credited with the participant's contributions, including amounts rolled over from other qualified plans, Company matching contributions, and any Company discretionary contributions and investment earnings. Participant accounts may also be charged with an allocation of certain administrative expenses and expenses specifically attributed to a participant. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to an amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in each participant's account. The loan interest rate is 1.00 percent above the *Wall Street Journal* prime rate determined on the first business day of each month. Loan terms range from one to five years or up to 180 months for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested in their salary deferral contributions credited to their account. Vesting in employer contributions is based on years of continuous service of at least 1,000 hours per year. Employees who were hired on or before April 1, 2013, are 100% vested. Employees hired on or after April 2, 2013 through March 31, 2017, vest 50% after one year of service and 100% after two years of service. Employees hired on or after April 1, 2017, vest 50% after two years of service and 100% after four years of service. However, if an active participant dies or becomes disabled prior to attaining the normal retirement age, or attains normal retirement age, the participant's account immediately becomes 100% vested.

Payment of Benefits

The Plan provides for distribution of accumulated benefits upon death, disability, separation of service, financial hardship, in-service at age 59 ½ and normal retirement of participants. If the total benefit is \$1,000 or less, the entire amount must be paid in a lump-sum distribution. If the total benefit is greater than \$1,000, but less than \$5,000, the balance may be automatically rolled into an individual retirement account, unless the participant elects otherwise. If the total benefit is greater than \$5,000 the participant must consent to the distribution. Benefit payments are recorded when paid. Amounts included in net assets available for plan benefits, which are allocated to accounts of terminated participants who have withdrawn from the Plan, were not significant as of March 31, 2025 and 2024.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 1. Plan Description (Concluded)

Forfeitures

A participant who terminates and has vested in the employer contributions retains the vested portion and the nonvested portion is forfeited when vested amounts are distributed. Forfeitures are available to be used to reduce employer contributions or to pay administrative expenses, subject to certain limitations as defined by the Plan. Forfeited accounts totaled \$56,451 and \$26,918 for the years ended March 31, 2025 and 2024, respectively. During the years ended March 31, 2025 and 2024 the Plan used \$0 and \$38,106, respectively to pay for employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant contributions are recognized on the pay date to which they relate. Employer matching contributions and non-elective discretionary contributions are recognized in the year as designated by the Board of Directors of the Company.

Participant Notes Receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 2. Summary of Significant Accounting Policies (Concluded)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment fees and transaction expenses, such as loan and distribution administrative fees, are charged directly to the participant's account and are included in administrative expenses. Plan expenses, such as recordkeeping and advisory fees, may be charged directly to the participant's account on a quarterly basis as an asset-based fee. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3. Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as required under such election, the plan administrator has obtained a certification from Capital Bank and Trust Company, the Plan trustee, that the following information is complete and accurate.

	2025	2024
Mutual funds	\$ 16,921,238	\$ 15,778,614
Common collective trust fund	328,246	356,209
Participant notes receivable	124,107	171,139
Net appreciation in fair value of investments	291,059	2,568,249
Interest and dividend income	674,490	370,428
Interest income on participant notes receivable	10,966	9,517
Other income	44,695	33,527

Note 4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

401(k) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 4. Fair Value Measurement (Concluded)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCT): The Plan has investments in the Morley Stable Value Fund (MSVF), a common collective trust fund. MSVF is presented on the statements of net assets available for benefits at fair value measured using the net asset value (NAV) of the units held by the Plan. The NAV is not a publicly quoted price in an active market. The NAV, as provided by Morley, is used as a practical expedient to estimate fair value. The NAV calculated by the fund is based on net assets. This NAV represents the Plan's fair value since this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 16,921,238	\$ 16,921,238	\$ -	\$ -
Common Collective Trusts (1)	328,246			
Total Investments at Fair Value	\$ 17,249,484			

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2024:

	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 15,778,614	\$ 15,778,614	\$ -	\$ -
Common Collective Trusts (1)	356,209			
Total Investments at Fair Value	\$ 16,134,823			

(1) The Common Collective Trust assets are valued by the CCT's vendor/pricing agent at net asset value, and in accordance with Accounting Standards Update 2015-07 are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NTT DATA EUROPE & LATAM, BRANCH IN THE USA, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

Note 5. Tax Status

The Plan has been organized as a non-standardized pre-approved plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is, therefore, not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the pre-approved plan and received a pre-approved plan opinion letter from the IRS on June 30, 2020.

The Plan has been amended since receiving its latest determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in these financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are no audits for any tax periods in progress. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of March 31, 2025 and 2024.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions may be made to the Plan and participants would become fully vested in their accounts.

Note 7. Party-In-Interest Transactions

The Plan's investments include shares of mutual funds managed by American Funds, a subsidiary of The Capital Group (TCG). Capital Bank and Trust Company, which is also a subsidiary of TCG, is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Participants loans also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statements of net assets available for benefits.
