INDEPENDENT AUDITOR'S REPORT

**To the Participants and Administrator of
Pragmatics Employees' Retirement Plan
Reston, Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pragmatics Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of August 06, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the period ended August 06, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pragmatics Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 06, 2025 and December 31, 2024, and for the period ended August 06, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pragmatics Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pragmatics Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pragmatics Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pragmatics Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE A - DESCRIPTION OF PLAN

The following description of Pragmatics (the Company) Employee's Retirement Plan (the Plan) provides only general information. Readers of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering substantially all eligible employees who have attained the age of 21 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer up to 60% of their pre-tax or post-tax eligible compensation into the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees aged 50 years and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions as rollover contributions. There were no employee rollover contributions for the period ended August 06, 2025 or the plan year ended December 31, 2024. Participant contributions are invested in a designated balanced fund until changed by the participant.

For the plan year ended December 31, 2024, the Company made an annual safe harbor matching contribution equal to 100% of each participant's deferrals up to 3% of eligible compensation, and 50% of their deferrals on the next 2% of eligible compensation. The Company's safe harbor contributions totaled \$171,672 for the plan year ended December 31, 2024.

The Company, may at its discretion, contribute to the Plan discretionary matching contributions. Discretionary matching contributions, if made, will be calculated by the Company based on the participant's eligible compensation deferred into the Plan each Plan year. These contributions will be limited by the Company to 4% of eligible compensation contributed to the Plan. The Company may designate all or a portion of any matching contributions (other than safe harbor matching contributions) for a plan year quarter as "qualified matching contributions" and allocate them to Non-Highly Compensated Employees to help the Plan pass one or more annually required IRC nondiscrimination test(s). The Company did not make any discretionary matching contributions during the period ended August 06, 2025 and plan year ended December 31, 2024.

In addition, the Company may make discretionary nonelective contributions in an amount to be determined by the Company's board of Directors for each Plan year. Discretionary nonelective contributions, if any, made to the Plan by the Company will be allocated to the participant's account in the ratio that the eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company did not make any discretionary nonelective employer contributions during the period ended August 06, 2025 and plan year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution, Plan earnings, losses, and Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE A - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account. Loan terms range from one to five years except for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollover contributions and matching contributions, plus actual earnings thereon. A participant is 100% vested in deferrals, rollover and employer contributions, except for QACA contributions, which vest over 2 years of service. In addition, participants become 100% vested in the case of death, permanent disability or upon attaining the age of 65.

Forfeited Accounts

Forfeited unused balance at August 06, 2025 and December 31, 2024 totaled \$0 and \$53,959, respectively. The forfeited non-vested accounts may be used at the discretion of the Company to either reduce Company contributions or to pay administrative fees incurred by the plan. For period ended August 06, 2025, forfeitures of \$23,956 were refunded to participants during plan termination and \$28,528 was used to pay administrative fees incurred by the Plan. For plan year ended December 31, 2024, forfeitures of \$138,249 were used to reduce employer contributions and \$0 was used to pay administrative fees incurred by the Plan.

Payment of Benefits

On termination of service, death, or retirement, a participant is entitled to receive a distribution of the full amount in that participant's salary reduction and rollover contributions as well as their vested interest in the Company's contribution. The Plan permits in-service distributions for participants who are age 59 ½ or older and in the case of certain financial hardships.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because investment activity and benefits are recorded as they occur, and employee contributions are recorded when they are received.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Until August 06, 2025, all of the Plan's invested assets were held at Fidelity Management Trust Company. The majority of the funds were rolled out in mid-March to Inspira Financial if participants had not made an active election to roll the money into the Integral plan, another IRA, or take a cash distribution. Investments are reported at fair value. Fair value is the sale price that would be received to sell an asset or price paid to transfer a liability in a typical transaction between market participants at the date of measurement. Plan management assesses and establishes the Plan's valuation policies using information provided by the custodians of the investments. See Note H for discussion of fair value measurements. Investment assets, transactions, and income as presented in the financial statements and supplemental schedule were certified by the trustees to be complete and accurate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the particular contributions are withheld from amounts paid. Discretionary nonelective contributions are recognized upon authorization and in the year the underlying compensation is recognized. All participants and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Plan Expenses

Either the Plan or the Plan sponsor, as provided in the Plan document, pays administrative expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements is complete and accurate. Investments certified by the trustee totaled \$0 and \$66,604,279 as of August 06, 2025 and December 31, 2024, respectively. Investment loss totaled \$472,119 for the period ended August 06, 2025.

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee as defined by the Plan, therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$21,528 and \$2,025 for the period ended August 06, 2025 and plan year ended December 31, 2024, respectively.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE E - PLAN TERMINATION

Effective November 5, 2024, the Plan was formally frozen with the expectation to be terminated by the Company. The decision to terminate the plan was approved by the Company's Board of Directors on November 5, 2024, in accordance with the provisions of the Plan document and applicable regulations under ERISA. The Plan was formally terminated by the Company on August 6, 2025.

All Plan assets were distributed in accordance with applicable law and the Plan's provisions. Participants will be 100% vested in their account balances as of the termination date, and distribution elections have been provided to all participants. The Company has completed the termination process, including filing required documentation with the Internal Revenue Service (IRS) and DOL, where applicable.

All administrative functions ceased upon final distribution of Plan assets. The Plan's termination does not affect participants' rights to any vested benefits accrued under the Plan as of the termination date.

NOTE F - TAX STATUS

The IRS has determined and informed the Company by letter that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adopted the provisions of Statement of Financial Accounting Standard ASC Topic 740, *Income Taxes* (ASC 740). ASC 740 prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan took since issuance of ASC 740. The adoption of ASC 740 resulted in no changes to the Plan's beginning balances and net assets available for benefits.

With few exceptions, the Plan is no longer subject to income tax examination by the U.S. Federal, state, or local tax authorities for the previous three years.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 06, 2025 and December 31, 2024.

Money Market Funds

The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Mutual Funds

These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of August 06, 2025.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 0	\$ 0	\$ 0	\$ 0
Mutual funds	0	0	0	0
Investments at fair value	\$ 0	\$ 0	\$ 0	\$ 0

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2024.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 1,100,158	\$ 1,100,158	\$ 0	\$ 0
Mutual funds	65,496,177	65,496,177	0	0
Investments at fair value	\$ 66,596,335	\$ 66,596,335	\$ 0	\$ 0

Total amount of gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the period ended August 06, 2025 are reported in net change in fair value of investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended August 06, 2025, there were no significant transfers into or out of Levels 1, 2 or 3.

INDEPENDENT AUDITOR'S REPORT

**To the Participants and Administrator of
Pragmatics Employees' Retirement Plan
Reston, Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pragmatics Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of August 06, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the period ended August 06, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pragmatics Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 06, 2025 and December 31, 2024, and for the period ended August 06, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pragmatics Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pragmatics Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pragmatics Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pragmatics Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE A - DESCRIPTION OF PLAN

The following description of Pragmatics (the Company) Employee's Retirement Plan (the Plan) provides only general information. Readers of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering substantially all eligible employees who have attained the age of 21 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer up to 60% of their pre-tax or post-tax eligible compensation into the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees aged 50 years and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions as rollover contributions. There were no employee rollover contributions for the period ended August 06, 2025 or the plan year ended December 31, 2024. Participant contributions are invested in a designated balanced fund until changed by the participant.

For the plan year ended December 31, 2024, the Company made an annual safe harbor matching contribution equal to 100% of each participant's deferrals up to 3% of eligible compensation, and 50% of their deferrals on the next 2% of eligible compensation. The Company's safe harbor contributions totaled \$171,672 for the plan year ended December 31, 2024.

The Company, may at its discretion, contribute to the Plan discretionary matching contributions. Discretionary matching contributions, if made, will be calculated by the Company based on the participant's eligible compensation deferred into the Plan each Plan year. These contributions will be limited by the Company to 4% of eligible compensation contributed to the Plan. The Company may designate all or a portion of any matching contributions (other than safe harbor matching contributions) for a plan year quarter as "qualified matching contributions" and allocate them to Non-Highly Compensated Employees to help the Plan pass one or more annually required IRC nondiscrimination test(s). The Company did not make any discretionary matching contributions during the period ended August 06, 2025 and plan year ended December 31, 2024.

In addition, the Company may make discretionary nonelective contributions in an amount to be determined by the Company's board of Directors for each Plan year. Discretionary nonelective contributions, if any, made to the Plan by the Company will be allocated to the participant's account in the ratio that the eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company did not make any discretionary nonelective employer contributions during the period ended August 06, 2025 and plan year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution, Plan earnings, losses, and Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE A - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account. Loan terms range from one to five years except for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollover contributions and matching contributions, plus actual earnings thereon. A participant is 100% vested in deferrals, rollover and employer contributions, except for QACA contributions, which vest over 2 years of service. In addition, participants become 100% vested in the case of death, permanent disability or upon attaining the age of 65.

Forfeited Accounts

Forfeited unused balance at August 06, 2025 and December 31, 2024 totaled \$0 and \$53,959, respectively. The forfeited non-vested accounts may be used at the discretion of the Company to either reduce Company contributions or to pay administrative fees incurred by the plan. For period ended August 06, 2025, forfeitures of \$23,956 were refunded to participants during plan termination and \$28,528 was used to pay administrative fees incurred by the Plan. For plan year ended December 31, 2024, forfeitures of \$138,249 were used to reduce employer contributions and \$0 was used to pay administrative fees incurred by the Plan.

Payment of Benefits

On termination of service, death, or retirement, a participant is entitled to receive a distribution of the full amount in that participant's salary reduction and rollover contributions as well as their vested interest in the Company's contribution. The Plan permits in-service distributions for participants who are age 59 ½ or older and in the case of certain financial hardships.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because investment activity and benefits are recorded as they occur, and employee contributions are recorded when they are received.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Until August 06, 2025, all of the Plan's invested assets were held at Fidelity Management Trust Company. The majority of the funds were rolled out in mid-March to Inspira Financial if participants had not made an active election to roll the money into the Integral plan, another IRA, or take a cash distribution. Investments are reported at fair value. Fair value is the sale price that would be received to sell an asset or price paid to transfer a liability in a typical transaction between market participants at the date of measurement. Plan management assesses and establishes the Plan's valuation policies using information provided by the custodians of the investments. See Note H for discussion of fair value measurements. Investment assets, transactions, and income as presented in the financial statements and supplemental schedule were certified by the trustees to be complete and accurate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the particular contributions are withheld from amounts paid. Discretionary nonelective contributions are recognized upon authorization and in the year the underlying compensation is recognized. All participants and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Plan Expenses

Either the Plan or the Plan sponsor, as provided in the Plan document, pays administrative expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements is complete and accurate. Investments certified by the trustee totaled \$0 and \$66,604,279 as of August 06, 2025 and December 31, 2024, respectively. Investment loss totaled \$472,119 for the period ended August 06, 2025.

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee as defined by the Plan, therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$21,528 and \$2,025 for the period ended August 06, 2025 and plan year ended December 31, 2024, respectively.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE E - PLAN TERMINATION

Effective November 5, 2024, the Plan was formally frozen with the expectation to be terminated by the Company. The decision to terminate the plan was approved by the Company's Board of Directors on November 5, 2024, in accordance with the provisions of the Plan document and applicable regulations under ERISA. The Plan was formally terminated by the Company on August 6, 2025.

All Plan assets were distributed in accordance with applicable law and the Plan's provisions. Participants will be 100% vested in their account balances as of the termination date, and distribution elections have been provided to all participants. The Company has completed the termination process, including filing required documentation with the Internal Revenue Service (IRS) and DOL, where applicable.

All administrative functions ceased upon final distribution of Plan assets. The Plan's termination does not affect participants' rights to any vested benefits accrued under the Plan as of the termination date.

NOTE F - TAX STATUS

The IRS has determined and informed the Company by letter that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adopted the provisions of Statement of Financial Accounting Standard ASC Topic 740, *Income Taxes* (ASC 740). ASC 740 prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan took since issuance of ASC 740. The adoption of ASC 740 resulted in no changes to the Plan's beginning balances and net assets available for benefits.

With few exceptions, the Plan is no longer subject to income tax examination by the U.S. Federal, state, or local tax authorities for the previous three years.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE H - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 06, 2025 and December 31, 2024.

Money Market Funds

The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Mutual Funds

These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of August 06, 2025.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 0	\$ 0	\$ 0	\$ 0
Mutual funds	0	0	0	0
Investments at fair value	\$ 0	\$ 0	\$ 0	\$ 0

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2024.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 1,100,158	\$ 1,100,158	\$ 0	\$ 0
Mutual funds	65,496,177	65,496,177	0	0
Investments at fair value	\$ 66,596,335	\$ 66,596,335	\$ 0	\$ 0

Total amount of gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the period ended August 06, 2025 are reported in net change in fair value of investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended August 06, 2025, there were no significant transfers into or out of Levels 1, 2 or 3.

Pragmatics Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS For Period Ended August 06, 2025 and Plan Year Ended December 31, 2024

NOTE I - SUBSEQUENT EVENTS

The Plan adopted Statement of Financial Accounting Standard ASC Topic 855, *Subsequent Events* (ASC 855). ASC 855 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued.

The Plan has evaluated subsequent events through December 29, 2025, the date the financial statements were available to be issued.
