Staffmark Group, LLC 401(k) Plan
Cincinnati, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Staffmark Group, LLC 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2023, and the related statement of changes in net assets available for benefits for the period of January 1, 2023 to March 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Staffmark Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of March 31, 2023, and for the period then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Staffmark Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Staffmark Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Staffmark Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Staffmark Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Staffmark Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. The Plan is sponsored by Staffmark Group, LLC (the "Sponsoring Employer"). The Plan originated on January 1, 2023.

General

The Plan is a defined contribution plan established to provide eligible employees with retirement benefits in accordance with section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The board of trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan investment offerings and monitors investment performance.

Plan Transfers

The Sponsoring Employer elected to spinoff certain adopting employers of a related employee benefit plan to create the Staffmark Group, LLC 401(k) Plan. As a result, effective January 1, 2023, the following adopting employers, which are part of a controlled group, were removed from the Sponsoring Employer's related employee benefit plan and total assets of \$126,364,394 were transferred into the Plan:

- Employee Management Services, Inc.
- Robert Lee Brown, Inc.
- CBS Personnel Services, LLC
- Kilgor Group, Inc.
- Technical Aid Corporation
- Hire Thinking, Inc.
- Advantage Human Resourcing, Inc.
- Advantage Resourcing International, Inc.
- Advantage Technical Resourcing, Inc.
- Advantage Technical Services, Inc.

Eligibility

There is no age or service requirement to participate in the Plan and participation in the Plan is immediate upon hire. Employees who are EMS division employees of Staffmark Investment, LLC and billable contractors are ineligible to participate in the Plan. Additionally, highly compensated employees and temporary employees are not eligible to participate in the employer match contributions.

Participant Contributions

Eligible participants that are non-highly compensated employees (as defined in the IRC) may make voluntary contributions through salary reductions up to 100% of their eligible compensation, as defined, limited to the maximum amount allowable under the provisions of the IRC (\$22,500 in 2023). Participants who are 50 years of age or older as of March 31, 2023 may contribute an additional "catch up" contribution (\$7,500 in 2023). Eligible participants that are highly compensated employees may only contribute catch-up contributions. The Plan also allows participants to defer funds into a Roth 401(k). These deferrals are subject to federal income taxes and the maximum allowable combined contribution between Roth 401(k) and pre-tax deferrals is \$22,500. Participants are able to direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants.

Employer Contributions

The Company provides a discretionary matching contribution on behalf of each participant enrolled in the Plan. For the period ended March 31, 2023, the matching contribution was 35% of every dollar contributed, up to the first 6% of compensation. Participants must be employed as of the last day of the Plan period to be eligible to receive a discretionary matching contribution. A participant whose employment terminates on the last day of the applicable period and those participants who terminated employment due to death, disability or attainment of normal retirement age are considered to be employed on the last day of the period and are eligible to receive the discretionary matching contribution.

Participant's Accounts

Each participant's account is credited with the participant's contribution and allocation of employer contributions, if any, and Plan earnings or losses and charged with an allocation of investment/administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' voluntary contributions, rollover contributions and earnings thereon vest immediately. Vesting in the Sponsoring Employer's contributions for discretionary matching contributions is vested at 20% per year with 100% vesting after five years of credited service, as defined. In the event of termination of employment due to death, disability, or attainment of retirement age (as defined) or termination of the Plan, participants' accounts become fully vested.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable percentage rate to be determined by the Plan administrator. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Participants repay principal and interest through payroll deductions. During the repayment period of the loan, the trustee reallocates the repayment amounts among the investment funds in the same proportion as current investment allocations. The interest rate on loans from participants is determined by the plan administrator. All loans have a fixed interest rate set at inception at prime plus 1%.

The Plan adopted the loan provisions of the *Coronavirus Aid, Relief, and Economic Security* ("CARES") Act, effective for qualified participant loans initiated on or after March 27, 2020 and before September 23, 2020. The CARES Act provided Plan participants with the option to borrow up to 100% of their vested account balance, up to a maximum of \$100,000. The Plan was formally amended effective January 1, 2023, to reflect these provisions.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum or annual installments, in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Notes to Financial Statements
March 31, 2023

Further, withdrawals from the Plan before leaving the employment of the Participating Employers are available for special "hardship" reasons, as defined, or after attaining the age of 59 ½. Distributions to participants are recorded when paid.

The Plan adopted the distribution provisions of the CARES Act. A CARES Act distribution allowed certain eligible participants to take a coronavirus related distribution up to \$100,000 from the Plan retroactive to January 1, 2020 and through December 30, 2020. Plan amendments related to coronavirus related distributions must be adopted by December 31, 2025. The Plan was formally amended effective January 1, 2023, to reflect these provisions.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may be used to reduce future employer contributions or pay reasonable Plan expenses. Transfers into the Plan from the related plan, as more fully described in Note 1, totaled \$143,369. Forfeitures from participants totaled \$5,470 during the period ended March 31, 2023. No forfeitures were used to reduce discretionary match contributions or to pay Plan expenses for the period ended March 31, 2023. At March 31, 2023, the net forfeiture balance was \$149,854.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsoring Employer determines the Plan's valuation policies utilizing information provided by the trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the period ending March 31, 2023.

Administrative Expenses

The Sponsoring Employer may, at its discretion, pay the Plan's expenses incidental to administering the Plan which are excluded from these financial statements. In the event that the Sponsoring Employer does not pay Plan expenses, the expenses shall be paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 17, 2025, which is the date the financial statements were available to be issued.

Note 3. Financial Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (Empower), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statement of net assets available for benefits as of March 31, 2023
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period ended March 31, 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of March 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the non-standard pre-approved plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Related Party Transactions

Certain plan investments are shares of a mutual fund managed by Empower. Empower is the trustee, as defined in the Plan document, and therefore, these transactions qualify as party-in-interest transactions that are exempt from prohibited transaction rules, as defined by ERISA. Fees paid to Empower totaled \$63,908 for the period ended March 31, 2023. Additionally, Empower Advisory Group, LLC and Raymond James & Associates, Inc are investment advisors for the Plan; these transactions qualify as party-in-interest transactions that are exempt from

prohibited transaction rules, as defined by ERISA. Fees paid to Empower Advisory Group, LLC and Raymond James & Associates, Inc, totaled \$7,081 and \$11,250 during the period ended March 31, 2023, respectively. These fees paid to related parties are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Note 6. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any interest to do so, the Sponsoring Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Significant unobservable inputs, including the Company's own assumptions in determining the fair value of investments.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the year ended March 31, 2023.

Staffmark Group, LLC 401(k) Plan
Notes to Financial Statements
March 31, 2023

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust

Valued based on the underlying unit value of the assets held. The trusts invest primarily in certain investment contracts, security backed contracts and other short-term investments. The NAV of the units of the trust is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at March 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 119,184,851	\$ -	\$ -	\$ 119,184,851

Investment measured at net asset value (a)				<u>9,785,440</u>
Investments at fair value				<u>\$ 128,970,291</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been reclassified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the investments measured at fair value based on NAV per share as a practical expedient as of March 31, 2023:
