Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Northside Imports, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northside Imports, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Retirement Insurance and Annuity Company as of March 31, 2025 and 2024, and for the year ended March 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Northside Imports, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Imports, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northside Imports, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Imports, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year then ended March 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NORTHSIDE IMPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Northside Imports, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Northside Imports, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Participants may elect to contribute pre-tax earnings up to current Internal Revenue Service ("IRS") regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All employees, except collectively bargained employees and non-resident aliens, are eligible to enter the Plan after completing 90 days of service with the Company. Eligible employees can enter the Plan on the first day of the Plan's month coinciding with or next following the date the eligibility requirements are met. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may contribute a discretionary profit-sharing contribution to all eligible employees who complete over 1,000 hours of service during the plan year and are employed on the last day of the plan year. The Company did not elect to make a discretionary profit-sharing contribution for the year ended March 31, 2025. The Company may contribute a discretionary matching contribution to the Plan. This amount is allocated to the participants' accounts who are employed during the year. The Company did elect to make a discretionary matching contribution for the year ended March 31, 2025. The discretionary matching contribution for 2025 is a matching of 50% on eligible participant deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's elective contribution, the Company's discretionary matching and profit-sharing contribution (if applicable), investment earnings, and administrative expenses. Allocations for the Company's discretionary match contributions are based on the participant's deferrals for the Plan year. The benefit to which a participant is entitled is what can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (Continued)

VESTING (Continued)

Upon termination of employment for reasons other than by death, disability, or retirement, participants will receive the amount of their participant account valued at its fair market value.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account a minimum loan of \$1,000 and up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The participants may have one loan outstanding at any time.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement a participant or his beneficiary may elect to receive a single lump-sum payment equal to the value of the participant's vested interest. For termination of services for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum payment.

The Plan was amended in 2010 to allow for in-service distributions. An in-service distribution is one that a participant receives while they are actively employed. A participant may request an in-service distribution from all or a portion of their accounts.

FORFEITED ACCOUNTS

At March 31, 2025 and 2024, forfeited non-vested accounts totaled \$1,699 and \$423, respectively. Forfeitures may be used to reduce future employer contributions. Also, in 2025, employer contributions were reduced by \$423 from forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NORTHSIDE IMPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Due to the inherent uncertainty involved in making estimates, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of March 31, 2025 and 2024, no allowance for credit losses has been recorded.

PAYMENT OF BENEFITS

Benefit obligations are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through December 9, 2025, the date which the financial statements were available to be issued.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all assets will be liquidated and paid to participants.

NORTHSIDE IMPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE D - TAX STATUS

The Plan is a non-standardized prototype plan sponsored by Pension Administrators Inc. that has been adopted by the Company. The prototype plan obtained its latest opinion letter on June 30, 2020, by which the Internal Revenue Service has determined and informed the Company that the Plan and related trust, as then designed, were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal or Illinois taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of March 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at March 31, 2025 and 2024, interest income on notes receivable from participants, net appreciation/depreciation in fair value of investments, and interest and dividends for the year ended March 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the custodian of the Plan).

NOTE F - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NORTHSIDE IMPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at March 31, 2025 and 2024.

Pooled separate accounts: Valued using the practical expedient at the net asset value (NAV) of units held by the Plan as of the end of the year. The underlying investments are in registered investment companies which are based on quoted market prices.

Investment contract with insurance company: Valued at fair value by discounting the related cash flows on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. According to the Plan custodian, the fair value of the Plan's guaranteed investment contract approximates the contract value as of the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025:

	Level 1	Level 2	Level 3	Total
Contract with insurance company	\$ -	\$ 925,066	\$ -	\$ 925,066
	\$ -	\$ 925,066	\$ -	\$ 925,066
Investments measured at NAV - Pooled separate accounts				13,687,694
Investments at fair value				\$ 14,612,760

Investments measured at NAV - Pooled separate accounts				<u>13,053,582</u>
Investments at fair value				<u>\$ 13,972,166</u>

NOTE G – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with Voya Retirement Insurance and Annuity Company (Voya). The investment contract is not considered benefit responsive. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment subject to certain restrictions. The minimum interest rate is reviewed on a calendar year basis for resetting annually. The minimum interest rate for 2025 and 2024 was 1.5% and 1%, respectively. The interest rate is guaranteed not to drop below 1% for the life of the contract.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the custodian for the Plan and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.
