INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Rural Health Services
Consortium, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rural Health Services Consortium, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statements of net assets available for plan benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rural Health Services Consortium, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rural Health Services Consortium, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rural Health Services Consortium, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rural Health Services Consortium, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions, or events, considered in the aggregate, that raise substantial doubt about Rural Health Services Consortium, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all materials respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Rural Health Services Consortium, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Rural Health Services Consortium, Inc. ("Company") effective July 1, 1986 for the benefit of its employees who have at least one year of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan was amended effective January 1, 2019, to permit participants to make after-tax salary deferrals (i.e., "Roth" deferrals).

Contributions

Participants may contribute to the Plan via salary deferrals and may change their contribution percentage on a semi-annual basis. The maximum annual contribution allowed in a calendar year for each participant is prescribed by federal statutes ($23,500 in 2025 and $23,000 in 2024). Additional catch-up contributions are permitted for participants who are age 50 or older by the end of the calendar year in which the catch-up contributions are made.

The Plan permits the Company to make fixed matching contributions to the Plan. The participant's elective deferral will be matched 200% by the Company up to 2.5% of the participant's compensation. Employer matching contributions are allocated to participants as of each pay period.

Participant Account

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocable portion of the Plan's investment earnings. Each participant's account is charged with an allocable portion of administrative expenses paid by the Plan. Allocations are based on total participant compensation and account balances, as defined in the Plan document. Participants' benefits are limited to the amount of their individual vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon. Vesting in the remainder of the account balance is based on years of service as follows:

Years of Service	Vesting
Less than two	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Participants are 100% vested in the event of death, total and permanent disability, or early retirement.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Payment of Benefits

Upon termination of employment due to death, permanent disability, or retirement, the participant's account balance will generally be paid in a lump-sum distribution or in substantially equal installments.

Withdrawal of part or all of a participant's elective salary deferral account balance and related earnings may be authorized by the Plan prior to termination of employment if the participant experiences a financial hardship.

Contributions receivable

Contributions receivable are recorded when determined contributions of the employer and employees are not received by the investment custodian until a subsequent reporting period. An allowance is provided when necessary to recognize potentially uncollectible receivables and amounts deemed worthless are written off. There were no contributions receivable at June 30, 2025 or 2024, and no allowance for uncollectible receivables was deemed necessary at these reporting dates.

Forfeitures

Forfeitures of the non-vested portions of terminated participants' account balances are used to reduce administrative expenses and future contributions to the Plan by the Company after an employee has been separated from service for five years. At June 30, 2025 and 2024, forfeited nonvested accounts totaled $9,585 and $81,990, respectively.

Notes receivable from participants
Under the Plan, participants may not borrow from their accounts.

Liabilities
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding decrease to employee pre-tax contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting
The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP) using the accrual method of accounting. U.S. GAAP is embodied in the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), which is the authoritative source of U.S. accounting and reporting standards for nongovernmental entities. The Plan has elected to use July 1 through June 30 as its annual reporting period.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, and such differences could be material. Significant estimates used in preparing these financial statements include those used to establish the fair values of investments.

Valuation of investments
The investments in the funds are presented at fair value. Shares of registered investment companies and pooled separate accounts are valued based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Plan provides fixed income accounts as investment options available to Plan participants. These investments are fixed income options (i.e., guaranteed interest contracts) that provide a more stable asset value with a guaranteed rate of return. These investments are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized gains and losses are recorded for changes in the fair value of mutual fund investments during the year. Realized gains and losses are recorded when investments are sold. Realized and unrealized gains and losses are combined and presented as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts would continue to be held by the Plan's trustees until all benefits are distributed to the participants.

Note 4 – Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's independent auditor did not perform any auditing procedures with respect to the information certified as complete and accurate by the Plan's trustees/custodians, except for comparing the information with the information in the accompanying financial statements and supplemental schedule "Schedule of Assets (Held at End of Year)."

Accordingly, the following information was provided and certified by The Voya Retirement Insurance and Annuity Company (VOYA) and TIAA and CREF (TIAA), the Plan's trustees/custodians:

	VOYA	TIAA	Total
Investments at June 30, 2025:			
Investments, at fair value	$ 18,393,866	$ 671,390	$ 19,065,256
Investments, at contract value	2,663,663	170,242	2,833,905
Investments at June 30, 2024:			
Investments, at fair value	$ 15,810,563	$ 600,836	$ 16,411,399
Investments, at contract value	2,719,998	166,186	2,886,184
Investment income for the Plan Year ended June 30, 2025:			
Net appreciation (depreciation) of investments	$ 886,701	$ 76,747	$ 963,448
Dividends	1,143,278	0	1,143,278
Interest	82,826	7,280	90,106

Note 5 – Guaranteed Investment Contracts

The Plan has two fully benefit-responsive investment contracts with VOYA and TIAA. VOYA and TIAA are contractually obligated to pay the principal and specified interest rates that are guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Note 6 – Fair Value Measurements

The Plan adopted the Fair Value Measurement and Disclosure topic of the FASB ASC, which establishes a framework for measuring value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The investments in registered investment companies are based on quoted market prices. Investments in pooled separate accounts are determined by reference to the fair value of corresponding publicly-traded mutual funds. There have been no changes in the methodologies used during the year ended June 30, 2025.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
June 30, 2025				
Registered Investment Companies	$ 19,041,763	$ 0	$ 0	$ 19,041,763
Pooled Separate Accounts	0	23,493	0	23,493
Total	$ 19,041,763	$ 23,493	$ 0	$ 19,065,256
June 30, 2024				
Registered Investment Companies	$ 16,388,257	$ 0	$ 0	$ 16,388,257
Pooled Separate Accounts	0	23,142	0	23,142
Total	$ 16,388,257	$ 23,142	$ 0	$ 16,411,399

Note 7 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of June 30:

	2025	2024
Net assets available for benefits per the financial statements	$ 21,899,161	$ 19,297,583
Net assets available for benefits per Schedule H of Form 5500	$ 21,899,161	$ 19,297,583

Note 8 – Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 1, 2021, that the prototype plan agreement was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan adheres to guidance issued by the Codification with respect to accounting for uncertainty in income taxes. This guidance clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the organization is exempt from income taxes or not subject to income taxes or unrelated business income. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for tax years ending before June 30, 2022.

Note 9 – Related Party Transactions

Certain plan investments are shares of mutual funds and annuities managed by The Voya Retirement Insurance and Annuity Company and TIAA and CREF. The Voya Retirement Insurance and Annuity Company and TIAA and CREF are the trustees/custodians as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Subsequent Events

No subsequent events were identified through January 8, 2026, the date these financial statements were issued.
