## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
NECA Local 145 IBEW Annuity  
and Profit Sharing Plan  
Moline, Illinois

### Opinion

We have audited the accompanying financial statements of NECA Local 145 IBEW Annuity and Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of NECA Local 145 IBEW Annuity and Profit Sharing Plan as of March 31, 2025 and 2024, and changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) at March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NECA LOCAL 145 IBEW ANNUITY AND PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED MARCH 31, 2025 AND 2024

#### NOTE 1. DESCRIPTION OF THE PLAN

The following description of the NECA Local 145 IBEW Annuity and Profit Sharing Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering employees working in occupational classifications and employed by a "covered employer" subject to the provisions of the Agreement and Declaration of Trust between the Quad-Cities Electrical Contractors Association National Electrical Contractors Association (NECA) and the Local Union No. 145 of the International Brotherhood of Electrical Workers (IBEW). A "covered employer" is either an IBEW member of NECA, an employer who has signed a letter of assent with IBEW or which has assumed the obligation for its elected or appointed full-time employees to contribute to the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - The Plan was established through a collective bargaining agreement on June 1, 1988. As of December 5, 2022, rates increased to \$5.03 per hour. Effective June 5, 2023, rates increased to \$5.23 per hour. Effective December 5, 2023, rates increased to \$5.43 per hour. Effective June 3, 2024, rates increased to \$5.53 per hour.

**Participant Accounts** - Each participant's account is credited with contributions made on behalf of the participant and allocation of Plan earnings. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting** - All members are immediately 100% vested in their account.

**Benefits** - Participants should refer to the Plan agreement for a description of the types of pensions and the corresponding eligibility requirements. Benefits are recorded when paid.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Valuation of Investments** - Investments are valued at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the closing price reported in the active market in which the individual assets are traded.

Purchases and sales of securities are recognized on a trade-date basis. Net earnings on participant directed investments includes the gains and losses on investments bought and sold as well as held during the year. Interest income is recognized on the accrual basis. Dividend income is recognized at the ex-dividend date.

**Employer Contributions Receivable** - Contributions receivable consists of amounts due from employers for which the Plan has an unconditional right to receive payment. Contributions receivable are stated at the amount management expects to be collected. Economic factors such as the concentration of employers in a similar geographic area and within the same industry might impact the nature, amount, timing and uncertainty of cash collections. As of March 31, 2025, management has determined that any estimated allowance for credit losses will be immaterial.

**Reciprocity Payable** - Reciprocity payable represents contributions received, subsequently reciprocated to other funds after March 31.

**Payments of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - The Plan's expenses are paid by the Plan as provided by the Plan document. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

## NOTE 3. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

*Registered investment companies:* Value is determined based on the closing price reported in the active market in which the individual assets are traded.

*Common collective trust (Invesco Stable Value Retirement Fund):* The primary investment objective is the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The returns are generated by an actively-managed, highly-diversified portfolio of investment grade, fixed and floating rate securities. In addition to the fixed income investments, the fund may enter into security investment contracts (sometimes called "wrap agreements") issued by banks and insurance companies. The fair market value is determined by the underlying assets. These contracts are linked to the fund's fixed income investments and are generally intended to allow for plan participant transactions to be affected at book value and the amortization of underlying fixed income gains and losses over a specified period of time through adjustments to the future contract interest crediting rate (which is the rate earned by investors in the fund). The investment contracts provide that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero. In general, if the contract value of the investment agreements exceeds the market value of the underlying investments (including accrued interest), the investment contract issuer becomes obligated to pay that difference to the fund in the event that permitted plan participant redemptions result in a total contract liquidation. The circumstance under which payments are made and the timing of payments between the fund and the contract issuer may vary based on the terms of the investment contracts, and the investment contract issuer's obligation to pay is subject to significant

### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

conditions relating to, among other things, the types and frequency of redemptions from or by the fund. Although the above strategy of combining an actively managed fixed income portfolio with investment contracts is currently the primary strategy of the fund, the fund may also invest in traditional guaranteed investment contracts (GICs) or insurance company separate account contracts as defined in the investment guidelines.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025 and 2024.

Investments at Fair Value as of March 31, 2025				
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$133,762,888	\$133,762,888	\$ -	\$ -
Common collective trust	<u>26,973,782</u>	<u>-</u>	<u>-</u>	<u>26,973,782</u>
Total	<u>\$160,736,670</u>	<u>\$133,762,888</u>	<u>\$ -</u>	<u>\$ 26,973,782</u>

Investments at Fair Value as of March 31, 2024				
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$125,962,705	\$125,962,705	\$ -	\$ -
Common collective trust	<u>25,311,020</u>	<u>-</u>	<u>-</u>	<u>25,311,020</u>
Total	<u>\$151,273,725</u>	<u>\$125,962,705</u>	<u>\$ -</u>	<u>\$ 25,311,020</u>

Purchases of investments, whose fair value has been determined using significant unobservable inputs (Level 3), were \$9,124,540 and \$5,623,481, respectively, and sales of \$7,468,495 and \$6,904,183 for the years ended March 31, 2025 and 2024, respectively. There were no transfers into or out of Level 3 investments for the years ended March 31, 2025 and 2024.

### NOTE 4. PLAN TERMINATION

Although the Plan has not expressed any intent to do so, it can terminate the plan. If the Plan is terminated, all members' accounts will remain 100% vested and non-forfeitable. The accounts will be held under the Plan, continue to accrue interest, and be used to provide benefits.

## NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 11, 2016 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of March 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. At March 31, 2025, the Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to March 31, 2022.

## NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the values of investment securities could be different at the reporting date and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's income and expenses per the accompanying financial statements to the Form 5500:

	<u>2025</u>	<u>2024</u>
Total additions per the financial statements	\$ 17,366,460	\$ 30,472,127
Add - investment expenses	<u>5,500</u>	<u>5,500</u>
Total income per the Form 5500	<u>\$ 17,371,960</u>	<u>\$ 30,477,627</u>
	<u>2025</u>	<u>2024</u>
Total deductions per the financial statements	\$ 8,264,900	\$ 6,997,276
Add - investment expenses	<u>5,500</u>	<u>5,500</u>
Total expenses per the Form 5500	<u>\$ 8,270,400</u>	<u>\$ 7,002,776</u>

**NOTE 8. SUBSEQUENT EVENTS**

Subsequent events have been evaluated through December 23, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
