INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Local 3 Tire and Plastic Division Pension Fund
River Forest, Illinois

Opinion

We have audited the accompanying financial statements of Local 3 Tire and Plastic Division Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net deficit available for benefits (in liquidation) as of March 31, 2025 and 2024, and the related statements of changes in net deficit available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net deficit available for benefits (in liquidation) of Local 3 Tire and Plastic Division Pension Fund as of March 31, 2025 and 2024, and changes in its net deficit available for benefits (in liquidation) for the years then ended in accordance with the liquidation basis of accounting as described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the liquidation basis of accounting as a result of the Plan being frozen. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the liquidation basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- 
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by the ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of March 31, 2025 and reportable transactions for the year ended March 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses (in liquidation) are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LOCAL 3 TIRE AND PLASTIC DIVISION PENSION FUND

NOTES TO FINANCIAL STATEMENTS (IN LIQUIDATION)

YEARS ENDED MARCH 31, 2025 AND 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Local 3 Tire and Plastic Division Pension Fund (the Plan) are prepared using the liquidation basis of accounting. Revenue and expenses expected to be incurred in liquidation are recorded when there is a reasonable basis for their estimation.

Investments - Investments are reported at contract value and are discussed further in Note 7.

Employer Withdrawal Liability Contribution Receivable - A receivable is recorded when an enforceable settlement has been reached with an employer. An allowance for uncollectible accounts has been recorded based on estimates of non-collectability of certain accounts.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. See Note 5 for additional information.

Estimates - The preparation of financial statements in conformity with the liquidation basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Administrative Expenses - The Plan's expenses are paid by the Plan as provided by the Plan document. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets (deficit) available for benefits (in liquidation). In addition, certain investment related expenses are included in investment loss - net presented in the accompanying statements of changes in net deficit available for benefits (in liquidation).

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established during 1968 as a result of collective bargaining agreements between the Liquor Wine Sales Representatives, Warehousemen, Clerical, Distillery, Rectifying, Tire, Plastic and Allied Workers Union Local 3 Liquor Wine Sales Representatives, Warehousemen, Clerical, Distillery, Rectifying, Tire, Plastic and Allied Workers Union Local 3 (Local 3) and various employers to provide retirement benefits for eligible participants. There was a mass employer withdrawal from the Plan in the plan year ended March 31, 2003. Withdrawal liability was assessed to various employers early in 2005 as described in Note 6. At March 31, 2003, all participants became 100% vested.

The Plan is a multiemployer defined benefit pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Under current Plan provisions, the Plan provided a monthly pension benefit of \$10 per month per pension credit. In general, the following types of pensions are provided by the Plan:

Type	Age		Service Credits		Maximum Monthly Benefit
	Minimum	Maximum	Minimum	Maximum	Amount
Normal retirement	65	None	5	20	\$ 200
Early retirement	55	65	5	20	200
Late retirement	65	70	5	20	**

** A participant, upon retirement after the normal retirement date, shall be entitled to receive a monthly benefit equal to the actuarial equivalent of the normal retirement benefit that the participant was entitled to on the normal retirement date.

The early retirement pension provides for a discount factor of 5% for each year between the participant's early retirement date and normal retirement date and by a proportionate part of 5% for each partial year.

Prior to April 1, 1997, a terminated participant who completed 10 years of credited service subsequent to January 1, 1968 was 100% vested in the normal retirement benefit accrued as of the date of termination. Effective April 1, 1997, a participant who completes 5 years of credited service will be 100% vested in the normal retirement benefit accrued as of the date of termination. Any vested benefit would be payable to a participant only upon reaching normal retirement age.

All active participants' benefits under the pension plan as of April 1, 2003 are as follows:

- Years of credited service will be granted for hours worked in covered employment prior to April 1, 2003; on or after April 1, 2003, participants will no longer be granted years of credited service.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

- Accrued benefits for participants will be frozen as of March 31, 2003. Participants will no longer be granted years of credited service after March 31, 2003.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

The right to discontinue the Plan is reserved to the Board of Trustees (Trustees). Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of Plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

As described in Note 2, the Trustees approved freezing future benefit accruals for periods after March 31, 2003. Also, the Plan does not allow credited service for periods on or after April 1, 2003. The PBGC considers this Plan to have terminated. All notifications have been sent to the PBGC. The Plan is still paying benefits in accordance with the benefits schedule.

As of March 31, 2025 and 2024, the Plan has less than one year of expenses in liquid assets.

NOTE 4. TAX STATUS

The Plan's latest determination letter is dated November 14, 2002 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code (IRC) and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 4. TAX STATUS (CONTINUED)

Plan management evaluates tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 5. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by the Plan's actuaries as of March 31, 2020. Information shown in the reports included the following:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	\$ 544,966
Other participants	<u>1,000,193</u>
Total vested	1,545,159
Expense loading	<u>39,815</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 1,584,974</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 1,472,436
Increase (decrease) during the year attributable to	
Benefits accumulated, net gain or loss, changes in data	(42,132)
Changes in actuarial assumptions	167,018
Interest	44,546
Benefits paid	<u>(56,894)</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 1,584,974</u>

Some of the more significant actuarial assumptions used in the valuation were:

- Mortality - Rates published by the PBGC for March 31, 2020 under ERISA Section 4044 for healthy and disabled lives.
- Retirement age - Participants currently eligible to begin receiving benefits but not yet in pay status are assumed to retire on the valuation date, and include an actuarial equivalent adjustment for late retirement. Other participants not yet in pay status are assumed to retire at the earliest date that a benefit could be elected (earliest age per ERISA Section 4281.12(b)).

NOTE 5. ACTUARIAL INFORMATION (CONTINUED)

- Interest - 2.12% for 25 years following the valuation date and 2.26% thereafter.

The above actuarial assumptions are based on the presumption that the Plan is in liquidation. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon income from investments. As discussed in Note 2, the accrual of future benefits was frozen effective March 31, 2003 as there was a mass employer withdrawal. Further, in 2005, withdrawal liability was assessed to various employers.

Since information on the accumulated plan benefits at March 31, 2025 and the changes therein for the year then ended are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of March 31, 2025 and the changes in its financial status for the year then ended, but only a presentation of the net assets in liquidation available for benefits and the changes therein as of and for the year ended March 31, 2025.

On May 2, 2019, the PBGC issued a final rule amending its multiemployer reporting, disclosure, and valuation regulations to reduce the number of actuarial valuations required by smaller plans terminated by mass withdrawal. The rule is intended to reduce costs by allowing smaller plans terminated by mass withdrawal to perform actuarial valuations less frequently. This reduces plan administrative expenses resulting in a reduction in financial assistance provided by the PBGC. Effective for plan years ending after July 1, 2019, actuarial valuations can only be prepared once every 5 years if the present value of the plan's nonforfeitable benefits is \$50 million or less. Since the Plan's nonforfeitable benefits is less than \$50 million, the Plan's actuary has not prepared an actuarial valuation and therefore the Plan's accumulated plan benefits as of March 31, 2021 and changes therein for the year ended March 31, 2021 are not presented in these financial statements. It is uncertain when the Plan's next actuarial valuation will be prepared.

NOTE 6. FUNDING POLICY

Substantially all employer contributions to the Plan have ceased. Withdrawal liability in the amount of \$587,013 was assessed to various employers in early 2005. Of that amount, \$108,648 is estimated to be uncollectible, and \$478,365 has been paid as of March 31, 2025.

A statement by the Plan's actuaries indicates that the Plan's contributions for the year ended March 31, 2005 did not meet the minimum funding requirements of ERISA. The amount of the funding deficiency was \$26,276 as reported on the Plan's March 31, 2005 annual Form 5500 filing. The impact of withdrawal liability payments has not been evaluated on these minimum funding requirements as of the date of this report.

NOTE 7. INVESTMENTS AT CONTRACT VALUE

The Plan's group annuity contract with Mutual of Omaha is valued at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if the Plan were to initiate permitted transactions under the terms of the Plan. Contract value represents the sum of all additions less all withdrawals under the contract.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options, failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has six related entities including a local union, a health and welfare fund, and four pension funds. All entities are tax-exempt organizations.

The Plan has common trustees and shares office facilities and staff with Local 3 and the following Local 3 Fringe Benefit Funds:

- Liquor and Allied Workers' Union Local No. 3 Health and Welfare Fund - Sales Division;
- Liquor and Allied Workers' Union Local 3 Pension Fund - Salesmen's Representatives Division;
- Pension Plan for the Employees of Local No. 3, Liquor and Allied Workers' Union;
- Liquor and Allied Workers' Union Local No. 3 Pension Fund; and
- Liquor and Wine Sales Representatives, Warehouse, Clerical, Distillery, Rectifying, Tire, Plastic and Allied Workers' Union, Local No. 3 and Participating Employers Deferred Compensation Plan for Covered Employees.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

The operating expenses of the combined facility are paid initially by Local 3 or the Liquor and Allied Workers' Union Local No. 3 Pension Fund - Sales Representatives Division and are allocated among the funds on a basis approved by the Trustees. Reimbursements to related organizations for operating expenses for the years ended March 31, 2025 and 2024 were \$18,655 and \$16,172, respectively.

Amounts due to related organizations for operating expenses were \$5,732 and \$3,782 at March 31, 2025 and 2024, respectively. These amounts were subsequently reimbursed.

These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule of ERISA.

NOTE 9. PBGC ASSISTANCE

Since the Plan is an insolvent multiemployer defined benefit plan, the PBGC intends to provide the Plan one or more financial assistance loans for payment of basic benefits under the Plan and the Plan's reasonable administrative expenses. PBGC intends to provide additional financial assistance by waiving annual premiums. At March 31, 2025 and 2024, the Plan received assistance from the PBGC totaling \$201,376 and \$136,976, respectively, which is payable on demand. The debt is secured by contemporaneously granted security interests in all of the Plan's presently owned or hereafter acquired personal property.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets (deficit) available for benefits (in liquidation).

NOTE 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 22, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.

Section 1: Actuarial Valuation Summary

Introduction

The Local 3 Tire and Plastic Division Pension Fund terminated by mass withdrawal of all remaining contributing employers on March 31, 2003 (which is the mass withdrawal date). In order to pay for the Plan's unfunded vested benefits, initial withdrawal liability and redetermination liability were calculated and assessed against each former contributing employer to the Pension Fund having such liability, utilizing the statutory formula provided in ERISA Section 4211(c). Withdrawal liability in the amount of \$587,013 was assessed to various employers in early 2005. Of that amount, \$108,648 is estimated to be uncollectible, and \$473,697 has been paid as of March 31, 2020.

ERISA Section 4041A(c)(2) requires pension benefits to be paid only in the form of an annuity, unless the plan assets are distributed in full satisfaction of all non-forfeitable benefits. ERISA Section 4281 requires annual actuarial valuations following a mass withdrawal in a multiemployer fund to determine whether assets, including claims for withdrawal liability owed to the Fund, are enough to meet the value of "non-forfeitable" benefits and to determine if a plan is solvent (that is, able to pay benefits when due during the year). Actuarial liabilities for Section 4281 purposes must be measured using assumptions and methods determined by the PBGC. The actuarial certificate attached to this report certifies that our valuation follows our best interpretation of the PBGC regulations.

Based on each annual ERISA Section 4281 valuation, a plan with unfunded vested benefit liabilities must be amended to adjust the accrued pension amount to the extent necessary to make the plan fully funded. Only pension benefit increases granted in the five years before the plan termination date are subject to reduction. The Trustees did not improve benefits in this time period, so no benefit reductions are allowed.

Due to the Plan's terminated status via mass withdrawal, the Plan is no longer required to maintain a minimum Funding Standard Account or file an annual Schedule MB for Form 5500. Since these items are not required for Form 5500, our report does not show minimum funding requirements or Current Liability. The Plan's auditor may continue to report the Present Value of Accumulated Plan Benefits for purposes of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 960). We will provide such figures to the auditor in a separate report if requested.

The current year's actuarial valuation results follow.
