Independent Auditor's Report

To the Board of Trustees of
Plumbers and Pipefitters Local Union No. 396
Security Fund

Opinion

We have audited the accompanying financial statements of Plumbers and Pipefitters Local Union No. 396 Security Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Plumbers and Pipefitters Local Union No. 396 Security Fund as of March 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumbers and Pipefitters Local Union No. 396 Security Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Pipefitters Local Union No. 396 Security Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining

sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumbers and Pipefitters Local Union No. 396 Security Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Pipefitters Local Union No. 396 Security Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment and reportable transactions as of March 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Plumbers and Pipefitters Local Union No. 396 Security Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- 1.) **General** - The Plan is a multi-employer defined contribution plan formed under an agreement between Local Union No. 396 and the United Association of Journeyman and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada and the Youngstown Chapter of Plumbing-Heating-Cooling Contractors, Inc. of Eastern Ohio and Western Pennsylvania. The Plan covers all employees represented for collective bargaining purposes by the Union. The Plan provides retirement, severance pay and death benefits. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).
- 2.) **Contributions** - The plan agreement provides that employers will make monthly contributions to the Plan of a specified amount for each hour worked as determined by the collective bargaining agreement in effect. The rates range from \$0.25 to \$4.70 per hour depending on the participant’s job classification.
- 3.) **Participant Accounts** – Participants direct the investment of their contributions into the various mutual fund options offered by the Plan. Effective October 23, 2008, the Plan began offering participants new custom target date portfolios based upon a participant’s date of birth. These portfolios are the new default funds of the Plan and are Qualified Default Investment Alternatives under ERISA. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- 4.) **Vesting** - Participants are immediately 100 percent vested in their accounts upon entering the Plan.
- 5.) **Payment of Benefits** - The plan provides retirement, severance pay and death benefits up to the balance of participant's account. A participant may elect to receive a lump-sum distribution or annuity payments. The Plan has a withdrawal feature which can be used by participants age 23 and older. A participant can withdraw any portion of the vested account balance.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- 1.) **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s trustees determine the Plan’s valuation policies utilizing information provided by the investment advisers and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

- 2.) **Basis of Accounting** – The financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- 3.) **Payment of Benefits** - Benefits are recorded when paid.
- 4.) **Employer Contributions** - Employer contributions are generally received by the Plan in the month following the month in which the hours are worked by the members. Contributions received for hours worked in March and prior are accrued at year-end and are included in the current year's income.
- 5.) **Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.
- 6.) **Administrative Expenses** – The Plan’s expenses are paid by the Plan as provided by the plan document. Expenses incurred in connection with the general administration of the Plan and investment related expenses that are paid by the Plan are recorded as deductions in the statement of changes in net assets available for benefits.
- 7.) **Subsequent Events** – The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Plan’s investments are held by an administered trust fund.

NOTE D - INVESTMENTS WITH INSURANCE COMPANY

The investment in the stable value fund is a pooled account with John Hancock Trust Company LLC. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average annual yield for the contract was 4.00%.

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs in to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

March 31, 2025 and 2024

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

If an asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation of the method used for assets measured at fair value. There have been no changes on the methodologies used at March 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price reported by the fund. The funds are open-ended and are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Separate Accounts – Valued based on the Plan’s pro-rata share of the pooled separate account at year end. The pooled separate account is not available in an exchange and active market, however, the fair value is determined on the pro-rata share of the underlying investments in the pooled separate account.

The following tables set forth, by level within the fair value hierarchy, the Plan’s investments at fair value as of March 31, 2025 and 2024:

Assets at Fair Value at March 31, 2025			
	Level 1	Level 2	Total

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to discontinue the operations of the Plan and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustees shall make provisions for the payment of all expenses, debts and obligations, including such expenses incurred as a result of such termination. The balance, after the payment of such debts and expenses, shall be distributed to each participant in accordance with their beneficial interest in the Plan.

NOTE G - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by John Hancock, the custodian as defined by the plan document. As described in Note B, the Plan paid certain expenses related to plan operations to various service providers. These transactions are considered party in interest transactions under ERISA.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated May 4, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
