FINANCIAL STATEMENTS
AND SUPPLEMENTARY INFORMATION

YEARS ENDED MARCH 31, 2025 AND 2024

TOGETHER WITH INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Hansen Plastics Corp. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Hansen Plastics Corp. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hansen Plastics Corp. Employee Stock Ownership Plan as of March 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hansen Plastics Corp. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hansen Plastics Corp. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Trusted Accountants. Confident Advisors.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hansen Plastics Corp. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hansen Plastics Corp. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year (referred to as the "supplemental schedule") is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HANSEN PLASTICS CORP.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2025 AND 2024

(1) DESCRIPTION OF PLAN:

The following brief description of the Hansen Plastics Corp. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General -

Hansen Plastics Corp. (Company) established the Hansen Plastics Corp. Employee Stock Ownership Plan (Plan) effective as of April 1, 1991. The Plan is a defined contribution plan, and is intended to qualify as an Employee Stock Ownership Plan, as defined in Section 4975(e)(7) of the Internal Revenue Code (Code), and as a Stock Bonus Plan under Section 401(a) of the Code. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a Plan Committee which is appointed by the Board of Directors of the Company.

The Plan purchased Company common stock over a period of seven years, and holds the common stock in a trust established under the Plan.

The Plan was amended effective April 1, 2020 to accept matching contributions attributable to the Company's separate 401(k) plan.

Eligibility -

Employees of the Company are generally eligible to participate in the Plan after completing at least 1,000 hours of service in the plan year, provided they have attained age eighteen (18).

Employees specifically excluded from the plan include an employee whose terms of employment are covered by a collective bargaining agreement and certain classifications of leased employees.

Contributions -

Each year the Company, at its discretion, may make a contribution to the Plan. Contributions may be made in cash, Company stock, or a combination of both. The contribution will be allocated among the accounts of eligible participants in the proportion that each such participant's covered compensation, as defined in the Plan document, for that year bears to the covered compensation of all such participants. During the fiscal years ended March 31, 2025 and 2024, the Company made cash contributions to the plan of \$694,731 and \$491,442, respectively. No contributions of Company stock were made.

The plan received \$167,769 and \$204,058 in 401(k) match contributions during the years ended March 31, 2025 and 2024, respectively.

(1) DESCRIPTION OF PLAN (continued):

Administrative Expenses -

As provided by the plan agreement, administrative expenses may be paid either by the plan or by the Company. The Company has historically paid the operating expenses of the plan.

Participant Accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of (a) the Company's contribution, (b) shares of the Company's common stock released upon the forfeiture of terminated participant's non-vested accounts, and (c) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination -

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination, the accounts of all participants become nonforfeitable. The Trust would be maintained until the plan benefits of all participants have been distributed in accordance with plan provisions.

Voting Rights -

All Company stock held by the Trust shall be voted by the Plan Trustee in accordance with instructions from the Plan Committee. Notwithstanding the foregoing, participants shall be entitled to direct the voting of any voting shares of Company stock allocated to their accounts with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of the trade or business, or other similar transactions.

Vesting -

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. A participant is 100% vested after six years of credited service.

Payment of Benefits -

A participant, who is terminated by reason of death, disability, or retirement shall receive the amount in their separate account as a lump-sum payment or in substantially equal annual installments over a five-year period as outlined in the Plan. Distributions for other separations from service commence in the fifth Plan year following the separation of service and are made in substantially equal annual installments over a five-year period as outlined in the Plan. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan.

(1) DESCRIPTION OF PLAN (continued):

Put Option -

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants includes a put option. The put option provides that, for a period of sixty days after such shares are distributed, the participant has the right to have the Company purchase such shares at their fair market value.

Diversification -

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants are given alternative investment options, may receive a cash distribution or the distribution may be transferred to another qualified plan of the Company.

Participant Accounts and Forfeitures -

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at March 31, 2025 and 2024, totaled \$12,769 and \$4,401, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participant's beginning of the year account balances.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment Valuation and Income Recognition -

The shares of Company common stock are valued at estimated fair value. See Note 3 for discussion of the fair value measurements.

Interest income is recorded when earned. Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits -

Benefits are recorded when paid.

Subsequent Events -

The Plan has evaluated subsequent events through December 23, 2025, which is the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FAS ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(3) FAIR VALUE MEASUREMENTS (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025 and 2024:

	<u>Fair Value Measurements at Reporting Date Using:</u>		
	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 3</u>

Losses (realized and unrealized) included in changes in net assets available for benefits for the years ended March 31, 2025 and 2024 are reported in net depreciation in fair value of investments.

(3) FAIR VALUE MEASUREMENTS (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Money market fund: Valued at the daily closing price as reported by the fund.

The Plan Sponsor's common stock held by the Plan is reported at fair value based on an independent annual appraisal. The appraiser considered both an income approach and a market approach in determining the fair value. Consistent with prior years, the income approach was determined to be the most appropriate method and was assigned all of the weighting in the final valuation. The market approach was considered as a corroborative method but was not weighted in the final conclusion of value.

The valuation process involves the selection of an appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The Plan Committee, under the supervision of the Company's Board of Directors, reviews the procedures used by the appraiser and meets with the appraiser to discuss the valuation techniques.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) INVESTMENTS:

The Plan's investments in Sponsor Company common stock at March 31, 2025 and 2024, are as follows:

	<u>2025</u>	<u>2024</u>
Number of allocated shares	<u>98,385</u>	<u>98,385</u>
Cost	<u>\$ 4,066,664</u>	<u>\$ 4,066,664</u>
Estimated fair value	<u>\$ 6,198,255</u>	<u>\$ 6,395,025</u>

(5) TRANSACTIONS WITH PARTIES-IN-INTEREST:

The Plan invests in Company common stock. Certain accounting and other administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

(6) TAX STATUS:

The Plan has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. The Plan has been further amended after this date. However, the plan administrator believes the plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to fiscal year ended March 31, 2022.

(7) TERMINATED PARTICIPANTS:

At March 31, 2025, participant account balances totaling approximately \$1,397,000 were eligible for distribution under the Plan's terms, including diversification, retirement, and termination distribution provisions. Of this total, approximately \$1,160,000 relates specifically to participants who had terminated employment as of that date.

At March 31, 2024, participant account balances totaling approximately \$2,072,000 were eligible for distribution under the Plan's terms, including diversification, retirement, and termination distribution provisions. Of this total, approximately \$1,504,000 relates specifically to participants who had terminated employment as of that date.

(8) RISKS AND UNCERTAINTIES:

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
