INDEPENDENT AUDITORS' REPORT

Plan Administrator
USA Compression 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of USA Compression 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and December 31, 2024, the related statements of changes in net assets available for benefits for the period ended March 31, 2025 and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of March 31, 2025 and December 31, 2024, and for the period ended March 31, 2025 and the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

USA COMPRESSION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the USA Compression 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General - The Plan was a defined contribution plan sponsored by USA Compression Management Services, LLC (the “Company”) for the benefit of its employees, except collectively bargained employees and non-resident aliens. There was no age requirement to enter into the Plan, but employees must have three months of service to be eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was administered by the Company’s Investment Committee (“Committee”), which is a committee of members of management of the Company. The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan’s investment offerings, monitored investment performance and reported to the Plan’s Board of Trustees.

Plan amendment and merger - The Board of Managers of the Company amended the Plan to freeze the Plan effective December 31, 2024. As of that date, no new participants could enter the Plan, no contributions could be made, and no new loans could be taken from the Plan.

Effective March 31, 2025, all assets of the Plan merged into Energy Transfer LP 401(k) Plan (EIN 30-0108820, Plan #001), as further discussed in Note 8.

Contributions - Each year, participants could contribute up to 20% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who were making contributions to the Plan, were allowed to make catch-up contributions as defined in the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 5% of eligible compensation. For the period ended March 31, 2025, there were no contributions to the Plan as the Plan was frozen effective December 31, 2024. During the year ended December 31, 2024, the Company contributed a discretionary employer matching contribution equal to 100% of the first 5% of base compensation that a participant contributed to the Plan. Additional amounts could be contributed at the option of the Company. Contributions were subject to certain Internal Revenue Code (“IRC”) limitations.

USA COMPRESSION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant investment account options - The Plan offered various mutual funds, a money market fund, and self-directed brokerage accounts as investment options for participants. Participants were able to purchase shares of mutual funds, common stocks, or interest-bearing cash not offered by the Plan through the brokerage account. Each investment option had its own investment strategy, which could have been obtained through the prospectus of the respective fund. Participants were able to change their investment options at any time.

Participant accounts - Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

Vesting - Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after 3 years of credited service.

Notes receivable from participants - Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest were paid ratably through payroll deductions. The Plan was amended to not allow any new loans be taken effective December 31, 2024.

Payment of benefits - On termination of service for any reason, if a participant's balance was less than \$5,000, their benefit would be automatically distributed to them. If the balance was less than \$1,000, the distribution would be made in a lump sum distribution. If the balance was between \$1,000 and \$5,000, the distribution would automatically be rolled into an IRA. For balances greater than \$5,000, a participant could receive the value of the vested interest in his or her account as a lump sum distribution or installments only if participant is subject to lifetime required minimum distributions.

Forfeited accounts - At March 31, 2025 and December 31, 2024, forfeited nonvested accounts totaled \$0 and \$76,653, respectively. These accounts could be used to pay administrative expenses or reduce future employer contributions. For the period ended March 31, 2025, \$29,812 and \$265,785, respectively, of forfeited nonvested accounts were used to pay administrative expenses and transferred out of the Plan. For the year ended December 31, 2024, \$80,761 and \$524,290, respectively, of forfeited nonvested accounts were used to pay administrative expenses and reduce employer contributions.

USA COMPRESSION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan have been prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions - Contributions from plan participants and the matching contributions from the Company were recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred.

Payment of benefits - Benefits were recorded when paid.

Administrative expenses - Certain expenses of the Plan were paid by the Company and were not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the trustee**

The plan administrator elected the method of annual reporting compliance permitted to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Interest income on notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (ASC) 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

(4) Fair value measurements (continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 or December 31, 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The underlying investments in the self-directed brokerage accounts are measured at fair value as follows:

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash: Valued at the account balance at year end.

As of March 31, 2025, there were no assets held by the Plan as a result of the plan merger discussed in Notes 1 and 8.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,317,870	\$ -	\$ -	\$ 2,317,870
Mutual funds	68,451,564	-	-	68,451,564
Self directed brokerage accounts	666,900	-	-	666,900
Total investments at fair value	<u>\$ 71,436,334</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,436,334</u>

(5) Related party transactions and party-in-interest transactions

Certain Plan investments were shares of mutual funds and a money market fund managed by Fidelity. Fidelity was the Plan's trustee and recordkeeper and therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Fidelity of \$46,188 and \$104,754, for the period ended March 31, 2025 and year ended December 31, 2024, respectively, which was not covered by revenue sharing.

(5) Related party transactions and party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services were included in net appreciation (depreciation) in fair value of the investments, as they were paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions were party-in-interest transactions. The Plan Sponsor paid directly any other fees related to the Plan's operations.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Tax status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan merger

Effective March 31, 2025, all assets of the Plan merged into Energy Transfer LP 401(k) Plan (EIN 30-0108820, Plan #001). As a result of the plan merger, assets of \$65,880,797 were transferred out of the Plan.

(9) Subsequent events

The Plan has evaluated subsequent events through January 12, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
