Thai Summit America Corporation Profit Sharing & 401(k) Plan

Financial Statements and Supplemental Schedule

Year Ended March 31, 2025

Independent Auditor's Report

To the Plan Administrator
Thai Summit America Corporation Profit Sharing & 401(k) Plan
Howell, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Thai Summit America Corporation Profit Sharing & 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thai Summit America Corporation Profit Sharing & 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024 and for the year ended March 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thai Summit America Corporation Profit Sharing & 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thai Summit America Corporation Profit Sharing & 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thai Summit America Corporation Profit Sharing & 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thai Summit America Corporation Profit Sharing & 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 1: Description of Plan

The following description of the Thai Summit America Corporation Profit Sharing & 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Thai Summit America Corporation and Thai Summit Kentucky Corporation (the "Plan Sponsor" and the "Company") meeting the eligibility requirements discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan's trustees.

SECURE 2.0 Act

The SECURE 2.0 Act of 2022 (SECURE 2.0), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no material impact on the Plan. Plan management will determine the optional provision(s) to elect in the future.

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan and may enter the Plan on the first day of the month following the date that the eligibility requirements are met; there are no service requirements to be considered eligible for voluntary contributions. A participant is eligible to receive a discretionary matching contribution upon meeting the general eligibility requirements; however, to be eligible to receive a discretionary profit sharing contribution, a participant must meet the requirements noted below.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in an age-appropriate fund until changed by the participant. Subsequent to March 31, 2025 and effective April 1, 2025, the Plan has been amended to automatically enroll participants at a deferral rate set at 6% of eligible compensation and added an escalation of the automatic deferral rate of 1% per year up to a maximum of 10%, with the annual increase occurring on the anniversary of the participant's entry date.

Note 1: Description of Plan (Continued)

Contributions

Participants are allowed to make contributions to the Plan on a pre-tax or roth basis, not to exceed the maximum amount allowable by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowed by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages at the beginning of each payroll period. Employees may also directly "roll over" assets from a qualified plan and transfer the assets into their Plan account.

The Company may elect to provide discretionary matching contributions to eligible participants. The Plan Sponsor elected to provide discretionary matching contributions at a rate equal to 50% of the employees' contributions, up to 4% of eligible compensation each pay period, for the year ended March 31, 2025. Total discretionary matching contributions for the Plan year ended March 31, 2025 were \$987,785.

The Company may also provide a discretionary profit sharing contribution to the Plan. In order to be eligible, a participant must have provided at least a year of service and be employed on the last day of the Plan year. The Company did not provide a profit sharing contribution during the year ended March 31, 2025.

Participant Accounts

Each participant's account is credited directly with the participant's contributions, an allocation of the Company's discretionary matching and profit-sharing contributions, and an allocation of Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching contribution and Company discretionary profit-sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service for discretionary matching contributions (participants become 50% beginning after two years of service and then vest at a rate of 25% each the following two years) and six years of credited service for discretionary profit sharing contributions (participants vest at a rate of 20% per year beginning with the second year of service), or upon other conditions as defined in the Plan Document.

Forfeitures

Forfeitures of non-vested Company contributions are used to offset Plan expenses or used to reduce future Company contributions. At March 31, 2025 and 2024, unallocated forfeited non-vested accounts totaled approximately \$36,400 and \$33,400, respectively. For the year ended March 31, 2025, forfeitures used to offset Plan expenses totaled \$149,192.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from the Plan an amount up to the lesser of one-half of their total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. Principal and interest payments are made through payroll deductions over a term not to exceed five years (except for home purchase loans, which can be for terms consistent with normal mortgages). Participant loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. In addition, loan refinancing is permitted within the plan (effective October 4, 2024 with a plan amendment).

Distributions and Withdrawals

Distributions are allowed upon retirement, attainment of age 59½, disability, death or termination of service without affecting rights under the Plan. A participant or their beneficiary may receive a lump sum distribution equal to the value of the vested interest in their account or installment payments as requested by the participant, subject to minimum distribution requirements by the IRC. In addition, hardship distributions are permitted if certain criteria are met. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included administrative fees. All other administrative fees paid by the Plan are allocated to participants based on their respective account balances and are included administrative fees.

Subsequent Events

The Plan has evaluated subsequent events through January 13, 2026, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including non-interest bearing cash and investments held at March 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and other income for the year ended March 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, the Custodian of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no plan assets requiring the use of level 2 or level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units in a bank or insurance company collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The estimated value of the collective investment trust funds is NAV. The use of NAV as fair value is deemed appropriate as the collective investment funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Investments in the common collective trust funds can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of March 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of March 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 44,149,123	\$ -	\$ -	\$ 44,149,123
Investment assets measured at NAV (a)				10,668,614
Total investments at fair value				\$ 54,817,737

	Assets at Fair Value as of March 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,550,050	\$ -	\$ -	\$ 48,550,050
Investment assets measured at NAV (a)				13,174,796
Total investments at fair value				\$ 61,724,846

(a) In accordance with GAAP, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5: Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Personal Trust Company. Fidelity Personal Trust Company is the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Sentinal Benefits Group, Inc. is the recordkeeper for the plan and, accordingly, fees paid to Sentinal Benefits Group, Inc. for administrative services qualify as party-in-interest transactions. The Plan paid \$255,035 in administrative expenses to these parties in interest in 2025.

Notes receivable from participants qualify as party-in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 6: Plan Termination

The Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan, subject to the provisions of ERISA, although its expectation is to continue the Plan as a permanent program. Upon termination, participants would be 100% vested in their accounts, and the assets of the Plan would be distributed among participants according to their respective account balances.

Note 7: Tax Status

The Company adopted a pre-approved plan document with an IRS notification letter, which states the pre-approved plan document is in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
