INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of April 15, 2025 and December 31, 2024, and the related statements of changes in net assets available for plan benefits for the period and year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended April 15, 2025 and the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) SAVINGS PLAN

Notes to Financial Statements
April 15, 2025 and December 31, 2024

1. Description of Plan

The following brief description of the Kennedy Mechanical Plumbing & Heating, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1983 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. It covers substantially all employees of Kennedy Mechanical Plumbing & Heating, Inc. and Ryan Plumbing, Heating, Air Conditioning and Fire Protection, LLC, which are related through common ownership, (collectively, the Company), who meet certain age and length of service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On July 1, 2019, the plan was amended with several provisions taking immediate effect: permitting after-tax Roth deferrals, removing the service requirement for participant contributions, and automatic enrollment for new participants. Effective January 1, 2020, the plan was amended to include a Safe Harbor match and a limitation on the number of participant loans. In January 2025, the Plan's assets were transferred to NexCore Companies LLC 401(k) Retirement Plan, an existing qualified plan. As a result, the Plan has effectively been terminated as of April 15, 2025 (see **Plan Termination**).

Participation

Each employee is entitled to make their own contributions (elective deferrals) to the Plan upon attainment of age 18, with entry dates on the first month of each calendar quarter of the plan year in which they meet eligibility requirements.

Each eligible employee is entitled to receive employer discretionary profit-sharing contributions upon attainment of age 18 and completion of one year of service.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement or after-tax ROTH deferral agreement in effect with the Company. The Plan also has an automatic enrollment policy for new participants. Under this policy, employees who meet eligibility requirements are automatically enrolled to defer 3% into the Plan coinciding with the next entry date unless they have an executed opt-out agreement or elect a different deferral percentage. The maximum contribution each participant may make each year is subject to federal limits.

During 2025 and 2024, qualified pre-tax contributions totaled \$-0- and \$851,804, respectively. During 2025 and 2024 elective after-tax Roth contributions totaled \$-0- and \$7,950, respectively.

401(K) SAVINGS PLAN

Notes to Financial Statements
April 15, 2025 and December 31, 2024

1. Description of Plan (Continued)

Contributions (Continued)

In order to maintain "safe harbor status," the Sponsor shall make matching contributions on behalf of each participant on 100% of the first 3% of participant contributions plus 50% of the next 2% of participant contributions. During 2025 and 2024, employer safe harbor matching contributions totaled \$-0- and \$457,409 respectively.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to participants meeting age and service requirements in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than 500 hours of service during the plan year and be employed on the last day of the plan year. For the period ended April 15, 2025 and the year ended December 31, 2024 the Company did not make discretionary profit sharing contributions to the Plan.

In addition, participants may transfer funds from other qualified plans, with the consent of the plan administrators.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Participants are also 100% vested in employer safe harbor matching contributions.

The Plan provides for the vesting of employer discretionary contributions at the following rate:

Years of Service (1,000 or More Hours of Service in Plan Year)	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, participants become fully vested upon attainment of age 65, death or total disability.

1. Description of Plan (Continued)

Payment of benefits

On termination of service, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the expected life span of the participant. If the participant's employer profit share balance is greater than \$500, the participant must wait until five one-year breaks in service have passed before they can withdraw the vested balance of the profit-sharing contribution along with actual earnings thereon. If the participant's employer profit share balance is less than \$500, payment will be made as soon as possible. Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than \$1,000 and the participant does not direct the Plan otherwise.

Withdrawals are permitted in case of financial hardship of a participant as provided for in the plan and in government regulations.

Forfeited accounts

Forfeitures of non-vested employer discretionary contributions, at the Plan's discretion, may be used for payment of the Plan's administrative expenses or to reduce the Plan sponsor's contributions, subject in some cases to a five-year suspension for break in service. For the period ended April 15, 2025 and the year ended December 31, 2024, forfeitures activity consisted of the following:

	<u>2025</u>	<u>2024</u>
Forfeitures available for use, beginning of the year	\$ 16,092	\$ -
Forfeitures generated	-	16,092
Forfeitures transferred out	<u>(16,092)</u>	<u>-</u>
Forfeitures available for use, end of the year	<u>\$ -</u>	<u>\$ 16,092</u>

Administrative expenses

Plan investment and administrative expenses, including record keeping, tax filings, and audit fees, are paid from plan assets and are expensed when incurred. Investment commissions are paid from the Plan's assets and are charged directly to the related investment earnings in the year incurred. For the period ended April 15, 2025 and the year ended December 31, 2024, administrative expenses amounted to \$100 and \$124,886, respectively.

1. Description of Plan (Continued)

Participant accounts

Each participant shall have an account that will be credited with the participant's contributions, Company contributions, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of their vested account balance or \$50,000. Participants may have no more than three loans outstanding at any given time. Participants' loans are secured by their account balances. Repayments of principal and interest are made through payroll withholding. Each loan shall bear interest at the prime rate plus 2%. The prime rate at April 15, 2025 was 7.50%. Loans to participants are reported at their unpaid principal balances plus any accrued and unpaid interest.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

Cash and cash equivalents

Cash and cash equivalents include bank demand deposits accounts, money market accounts and all highly liquid debt instruments purchased with a maturity of three months or less.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

401(K) SAVINGS PLAN

Notes to Financial Statements
April 15, 2025 and December 31, 2024

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 15, 2025 and December 31, 2024.

Mutual funds, common stock and bonds: Values are determined based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2022.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and January 6, 2026, the date the financial statements were available to be issued.

3. Financial Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan, U.S. Bank National Association, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

KENNEDY MECHANICAL PLUMBING & HEATING, INC.
401(K) SAVINGS PLAN

Notes to Financial Statements
April 15, 2025 and December 31, 2024

4. Investments

The fair value of investments determined to be level 1 assets as of April 15, 2025 and December 31, 2024 consisted of:

	<u>2025</u>	<u>2024</u>
Cash and cash equivalents	\$ -	\$ 352,182
Mutual funds and common stock	-	12,864,483
Bonds	<u>-</u>	<u>1,032,092</u>
	<u>\$ -</u>	<u>\$ 14,248,757</u>

5. Non-Participant Directed Investments

Information about the net assets available for plan benefits relating to the non-participant directed investments held by U.S. Bank National Association as of April 15, 2025 and December 31, 2024 consisted of:

	<u>2025</u>	<u>2024</u>
Cash and cash equivalents	\$ -	\$ 51,248
Mutual funds and common stock	-	2,728,531
Bonds	<u>-</u>	<u>310,371</u>
	<u>\$ -</u>	<u>\$ 3,090,150</u>

6. Tax Status

The Plan obtained its latest determination letter in June, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Plan Termination (Continued)

In January, 2025, the Sponsor entered into an asset purchase agreement to sell substantially all business assets and as a result, the Sponsor was acquired by another entity in its entirety. All of the Plan's assets were transferred to NexCore Companies LLC 401(k) Retirement Plan, an existing qualified plan. The transfer amounted to \$14,710,656, effectively reducing the net assets available for plan benefits to \$-0- pursuant to the termination of Kennedy Mechanical Plumbing & Heating, Inc. 401(K) Savings Plan. The Plan has effectively been terminated as of April 15, 2025.
