INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Armaly Brands 401(k) Plan
Walled Lake, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Armaly Brands 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Armaly Brands 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Armaly Brands 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Armaly Brands 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Armaly Brands 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Armaly Brands 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARMALY BRANDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

NOTE 1 - Description of the Plan

The following summary description of Armaly Brands 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General - All employees of Armaly Sponge Company (the Company), as defined in the Plan Agreement, having attained the age eighteen and meeting the service requirements, are eligible to become participants in the Plan. The Plan also covers the employees of Armaly, LLC, a wholly owned subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may elect to contribute a percentage of their pre-tax earnings and/or after-tax earnings to the 401(k) Plan. Participants' contributions are subject to annual maximums in accordance with the Internal Revenue Code. At the discretion of the administrator, participants may also contribute amounts representing distributions from other qualified plans. Unless a participant elects otherwise, the Plan provides for automatic enrollment of new non-union employees at a minimum 401(k) contribution percentage equal to 5% of eligible compensation, with annual increases of 1% up to a maximum of 10%. Participants designate how their contribution will be invested in the investment funds selected by the Plan administrator. For non-union employees, the Plan provides for a discretionary employer match equal to a uniform percentage of each tier of salary deferrals. For years 2025 and 2024, the match is equal to 100% of the first \$1,000 deferred per employee. Each year the employer will determine the amount of the discretionary percentage. For union and non-union employees, the Plan provides for a discretionary employer profit sharing contribution subject to certain conditions being met. For non-union employees the profit sharing amount was \$1,000 per eligible participant for years 2025 and 2024. For union employees the profit sharing amount was \$1,144 per eligible participant for years 2025 and 2024.

Participant Accounts - Each participant's account is credited with the participant's contribution, the employer's contribution, and Plan earnings. Allocations are based upon provisions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Upon enrollment in the Plan a participant may direct their contributions in one percent increments in any of the 22 investment options. Participants may change their investment options at any time. The options consist of professionally managed mutual funds and vary in their respective strategies, risks, and goals.

Vesting - Participants are immediately vested in their contributions and related earnings thereon. For employer contributions (matching and/or profit sharing), vesting is based on years of service. Employees are 20% vested in employer contributions after one year of service, 60% after two years of service, and 100% vested after three years of service.

NOTE 1 - Description of the Plan (Continued)

Notes Receivable from Participants - Participants may request a loan from the Plan of up to 50% of their vested balance or \$50,000, whichever is lower. Loans are only permitted for hardship reasons. The loan term is limited to five years. Loans are secured by the participant's account and bear interest at 2% above the prime rate as determined by the plan administrator. Principal and interest are paid through payroll deductions.

Participants' Withdrawals - Distributions may be taken upon a participant's normal retirement date, upon a participant's death, total and permanent disability, or termination of employment for reasons other than death, disability, or retirement.

Distribution of the vested portion of a participant's account shall be made upon termination of employment. The vested portion of the account is payable to the participant or the beneficiary as a lump-sum amount. If the vested portion of the account is less than \$5,000, the Administrator has the option of a distribution without the participant's consent. If the vested portion of the participant's account exceeds \$5,000, a distribution before normal retirement age can only be made with the participant's consent. The non-vested portion of a participant's account shall be forfeited and may be used to pay Plan expenses, reduce employer contributions, or to increase employer contributions.

Forfeited Accounts - At June 30, 2025 and 2024, the value of forfeited non-vested accounts totaled \$6,508 and \$242, respectively. The employer used \$11,844 and \$4,919 of the forfeiture balance to pay Plan expenses in years ended June 30, 2025 and 2024, respectively.

NOTE 2 - Significant Accounting Policies

Basis of Accounting - The financial statements were prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at current fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - Significant Accounting Policies (Continued)

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are primarily paid by the Plan sponsor and are excluded from these financial statements. Fees for the administration of notes receivable from participants and processing of benefit payments are charged directly to the participant's account and are included in administrative expenses. The Plan also pays investment advisory fees. Additional investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Management has evaluated events and transactions through January 7, 2026, the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

NOTE 3 - Fair Value Measurements

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of June 30, 2025 and 2024:

	<u>June 30, 2025</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2025 and 2024

NOTE 3 - Fair Value Measurements (Continued)

The Plan's investments are reported at fair value in the statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels which are described below. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Level 1 Fair Value Measurements

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Level 2 inputs consist of quoted prices for similar assets in active and inactive markets and other observable corroborated market data. Level 2 inputs are only used when Level 1 inputs are not available. This includes, but is not limited to, quoted prices for similar assets or liabilities in markets that are not active. There are no Level 2 assets.

Level 3 Fair Value Measurements

Level 3 inputs have the lowest priority. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. The Level 3 fair value measurement is based on other unobservable inputs. The Plan had no Level 3 assets.

NOTE 4 - Investments Measured Using the Net Asset Value Per Share Practical Expedient

The Plan's investments at June 30, 2025 and 2024, include the JPMCB Stable Asset Income Fund with a net asset value of \$7,415 and \$1,128, respectively. There are no participant redemption restrictions for these investments.

NOTE 5 - Net Change in Fair Value of Investments

The net change in fair value by type of investments is as follows:

	<u>2025</u>	<u>2024</u>
Mutual Funds	\$ 341,261	\$ 549,003
Common Collective Trust	<u>74</u>	<u>106</u>
Total	<u>\$ 341,335</u>	<u>\$ 549,109</u>

NOTE 6 - Information Certified by Trustees

The financial statements, accompanying notes, and supplemental schedule were prepared in part from information certified by Empower Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The information certified includes: investments, notes receivable from participants, investment income, and participant loan interest.

NOTE 7 - Trust Agreement

Empower Trust Company is trustee of the Plan. In accordance with the powers and duties of the trustee as designated in the Agreement, the trustee invests the Plan's assets and the income therefrom for the benefit of the Plan participants. At the Company's discretion, trustee fees may be paid from the Plan's assets.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8 - Related Party and Party-in-Interest Transactions

Empower Trust Company is the trustee as defined by the Plan, and JPMorgan Invest Holdings, LLC provides recordkeeping services to the Plan. Therefore, they are considered parties-in-interest. Grant, Millman and Johnson, P.C. is the auditor of the Plan and therefore considered a party-in-interest. The Company and its subsidiary sponsor the Plan and are considered parties-in-interest. The administrative expenses paid by the Plan include plan administration and investment advisory fees. These service providers, along with service providers paid on behalf of the Plan, are all considered parties-in-interest.

NOTE 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all amounts credited to the affected participants' accounts shall become 100% vested.

NOTE 10- Tax Status

The Plan is a non-standardized pre-approved profit sharing/money purchase plan sponsored by Empower Retirement, LLC. Empower Retirement, LLC has obtained a determination letter in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of June 30, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has concluded that as of June 30, 2025, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 11- Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 12- Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:
