Report of Independent Auditors

The Plan Administrator
Cerevel Therapeutics LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cerevel Therapeutics LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 3, 2025, December 31, 2024, and December 31, 2023, and the related statements of changes in net assets available for benefits for the period January 1, 2025 through March 3, 2025, and the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 3, 2025, December 31, 2024, and December 31, 2023, and for the period January 1, 2025 through March 3, 2025, and the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cerevel Therapeutics LLC 401(k) Plan
Notes to Financial Statements
March 3, 2025, December 31, 2024, and December 31, 2023

NOTE A - DESCRIPTION OF PLAN

The following description of Cerevel Therapeutics LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions. Copies of the Plan document can be obtained from the Plan’s sponsor.

General: The Plan is a defined contribution plan which covers all eligible employees of Cerevel Therapeutics LLC (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan became effective on January 1, 2019. The Company serves as the Plan’s administrator and is responsible for oversight of the Plan. Ascensus Trust Company (the “Trustee”) serves as the Plan’s trustee. The Vanguard Group, Inc. (the “Recordkeeper”) serves as the Plan’s recordkeeper and has retained Ascensus, LLC as a subcontractor to provide such services.

Effective August 1, 2024, the Company was acquired by AbbVie Inc. (“AbbVie”). Subsequently, the Company became a participating employer effective January 1, 2025 in the AbbVie Savings Plan (the “AbbVie Plan”), a separate defined contribution plan sponsored by AbbVie. Thereafter, all participant and employer contributions and rollovers were remitted to the AbbVie Plan, including the employer contributions receivable as of December 31, 2024. On March 3, 2025, the Plan merged into the AbbVie Plan and net assets totaling approximately \$41.4 million were transferred from the Plan into the AbbVie Plan.

Prior to the Plan’s merger into the AbbVie Plan as described above, the remainder of this Note A applied.

Contributions: The Plan is funded through participant contributions, employee rollover contributions and safe harbor employer matching contributions. Each year, participants may elect to contribute from 1% to 100% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, from governmental 457(b) plans or from the pre-tax portion of individual retirement accounts (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributed a safe harbor employer matching contribution of 100% up to 6% of the eligible compensation a participant contributed to the Plan for the year ended December 31, 2024. No safe harbor employer matching contribution was remitted to the Plan for the period January 1, 2025 through March 3, 2025. All contributions are subject to certain limitations in accordance with Internal Revenue Service (“IRS”) regulations.

In addition, under the Plan documents, the Company is allowed to make qualified nonelective contributions (“QNECs”) or profit sharing contributions. A QNEC is a discretionary, fully vested contribution that may be made by the Company to satisfy special nondiscrimination rules that apply to the Plan. Profit sharing contributions are discretionary contributions allocated to

Cerevel Therapeutics LLC 401(k) Plan
Notes to Financial Statements
March 3, 2025, December 31, 2024, and December 31, 2023

participants using a pro rata formula. Under the formula, the Company's contribution is divided among all eligible Plan participants based on their compensation as compared to all eligible participants' compensation. QNECs and profit sharing contributions, if any, are determined each year by the managing body of the Company. There were no QNECs or profit sharing contributions made during the period January 1, 2025 through March 3, 2025 nor the year ended December 31, 2024.

Participant accounts: Each participant's account is credited with the participant's contributions, rollovers, safe harbor employer matching contributions, any QNECs or profit sharing contributions made by the Company and actual earnings and losses thereon. Participants' accounts are charged any individual expenses incurred and can be charged with an allocation of administrative expenses, if not otherwise paid by the Plan or the Company. Allocations of the Plan's expenses and earnings and losses are based on participant contributions or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: All participants enrolled in the Plan are vested immediately in their contributions, rollovers, and safe harbor employer matching contributions, as well as any QNECs or profit sharing contributions, and any earnings thereon.

Forfeitures: All participant, rollover, and safe harbor employer matching contributions, as well as any QNECs or profit sharing contributions made to the Plan and any earnings thereon are 100% vested and can generally not be forfeited.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance (reduced by the current outstanding loan balance), not including any Roth deferrals or earnings. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as specified in the Wall Street Journal) plus 1%. Principal and interest on the loans are paid through payroll deductions.

Payment of benefits: On separation of service due to death, disability, termination or retirement, a participant may elect to receive either a lump sum equal to the value of the participant's entire vested interest in their account or a partial payment distribution of such amount. Balances due to a participant or beneficiary are paid out as soon as administratively possible after the date the participant or beneficiary requests a distribution. In-service withdrawals are available in certain limited circumstances, as described in the Plan document.

Administrative expenses: Certain fees and administrative expenses connected with maintaining the Plan, including administrative services provided by external service providers, are generally paid for by the Plan, unless otherwise paid by the Company. The fees paid by the Plan are

Cerevel Therapeutics LLC 401(k) Plan
Notes to Financial Statements
March 3, 2025, December 31, 2024, and December 31, 2023

reflected on the statement of changes in net assets available for benefits. All other fees are paid by the Company and are excluded from these financial statements.

To the extent that any expense is specifically attributable to a participant's account, such as borrowing from their account, obtaining investment advice, and redeeming from certain investments, such expense is charged to the account of the participant. Fees charged to participants for withdrawals are withheld from the net distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements, the accompanying notes and the supplemental schedule. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- *Level 1:* Valuations based on unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access;
- *Level 2:* Valuations based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuations in which all significant inputs are observable in the market; and
- *Level 3:* Valuations using significant inputs that are unobservable in the market and include the use of judgment by the company's management about the assumptions market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at March 3, 2025, December 31, 2024, and December 31, 2023.

Mutual funds and money market funds: Valued using quoted market prices in active markets. These securities are categorized in Level 1 since they are actively traded and no valuation adjustments have been applied.

The valuation method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - INVESTMENTS CERTIFIED BY THE PLAN'S TRUSTEE

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at March 3, 2025, December 31, 2024, and December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period January 1, 2025 through March 3, 2025 and the year ended December 31 2024, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Ascensus, LLC, as an authorized representative and agent for the Trustee.

NOTE E - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS, dated June 30, 2020, stating that the written form of the pre-approved plan document is qualified under Section 401 of the Internal Revenue Code of 1986, as amended (the "Code"). Any employer adopting this form of the pre-approved plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, its related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken

by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Prior to the Plan's merger into the AbbVie Plan as described in Note A, the remainder of this Note F applied.

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable. Participants will be notified if the Plan is terminated.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by the Recordkeeper and the Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions under ERISA; however, they are exempt from the prohibited transaction rules under ERISA.

The Plan paid fees to the Recordkeeper for recordkeeping fees and other administrative services during the period January 1, 2025 through March 3, 2025 and for the year ended December 31, 2024. In addition, participants pay fees for loan and withdrawal transaction processing. These transactions qualify as permitted party-in-interest transactions.

NOTE H - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
