INDEPENDENT AUDITOR'S REPORT

January 6, 2026

To the Trustees
Fleetwood Group, Inc.
Employee Stock Ownership Plan
Holland, Michigan

Opinion

We have audited the financial statements of the Fleetwood Group, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 29, 2025 and March 30, 2024, and the related statements of changes in net assets available for benefits for the years ended March 29, 2025 and March 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Fleetwood Group, Inc. Employee Stock Ownership Plan as of March 29, 2025 and March 30, 2024, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fleetwood Group, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fleetwood Group, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fleetwood Group, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fleetwood Group, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of March 29, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**

NOTE A: DESCRIPTION OF THE PLAN

The following brief description of the major provisions of the Fleetwood Group, Inc. (“Company”) Employee Stock Ownership Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan constitutes an employee stock ownership plan, as described in Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is intended to invest primarily in the common voting stock of the Company. The Company is responsible for the administration and management of the Plan. The Board of Directors has appointed the Compensation Committee to act as its agent in performing these duties. The Committee is the “Plan Administrator” and “named fiduciary” of the Plan and manages the operation of the Plan, including giving directions concerning all payments from the Plan.

Eligibility – All employees of the Company who are at least eighteen years of age and have completed one year of service (a 12 consecutive month period beginning on your first day of work in which you complete at least 1,000 hours of service) are eligible on the first entry date of the Plan after which the requirements have been achieved. Participants who do not have at least one year of service or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions – Each year, the Company’s Board of Directors determines the percentage of eligible compensation that will be used to determine the contribution. Contributions are subject to certain limitations and employee contributions are not allowed.

Payment of Benefits – On termination of employment, retirement, death, or disability, a participant will be paid his/her benefit in installments over five (5) years, and the minimum amount of each installment will be \$10,000. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash (including direct rollovers).

Administrative Expenses – The Plan is administered by the Company with assistance from an outside service provider. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Voting Rights – The Plan has an ESOP Board of Trustees (EBT). The EBT votes all Company stock held by Plan participants as part of Plan assets. Participants are entitled to direct the EBT in confidence to vote the shares of Company stock allocated to their account with respect to the approval or disapproval of certain corporate mergers or consolidations, the re-capitalization or re-classification of Company stock, or the liquidation, dissolution or sale of substantially all the assets of the Company. The EBT will vote shares on all other matters and on which no instructions have been received, shares on which instructions were not received in a timely or proper manner, and shares which have not been allocated to participant accounts.

**FLEETWOOD GROUP, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A: DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant’s account is credited with the Company’s contribution on behalf of the participant and an allocation of plan earnings and forfeitures of terminated participants’ non-vested accounts. Allocations are based on either the participants’ account balances or the participants’ compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting – The Plan provides for participants to be fully vested upon normal retirement, disability or death. In the event a participant terminates for other reasons, the participant will be entitled to the vested percentage of his/her account. Vesting occurs over a six-year period as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Put Option – Under federal income tax regulation, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to require that the Company buy any shares of its stock held under the Plan for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the Plan has the ability to ultimately obtain cash.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of service may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the total number of shares that have been allocated to his/her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may elect to roll the appropriate portion to another eligible retirement plan, or receive cash distributions. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant’s account at year end.

Forfeitures – Plan forfeitures are allocated to each participant’s account based upon the relation of the participant’s eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during the year totaled \$21,015 and \$25,192 for the years ended March 29, 2025 and March 30, 2024, respectively. Forfeited non-vested accounts to be allocated to participant accounts in future years as of March 29, 2025 and March 30, 2024, were \$112,749 and \$80,296, respectively.

**FLEETWOOD GROUP, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A: DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options – The Company’s Board of Directors determines how excess funds are invested.

Fiscal Year – The Plan’s fiscal year is the period of 12 consecutive months ending on the Saturday nearest to March 31.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Allocations – All shares of the Company are allocated.

Investment Valuation and Income Recognition – Investments are reported at fair value. See Note D for a discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events – Subsequent events were evaluated through January 6, 2026, which is the date the financial statements were available to be issued.

NOTE C: INVESTMENTS

Investments consist of the following (all investments are allocated):

	<u>2025</u>	<u>2024</u>
Cash & cash equivalents (interest-bearing)	\$ 209,935	\$ 337,441
Fleetwood Group, Inc. voting common stock, 1,356,628 shares at a fair value of \$8.82 and \$7.49 per share, respectively (allocated)	<u>11,965,459</u>	<u>10,161,144</u>
Total	<u>\$12,175,394</u>	<u>\$10,498,585</u>

NOTES TO FINANCIAL STATEMENTS**

NOTE D: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the level 1 and level 2 valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at March 29, 2025 and March 30, 2024.

Cash & cash equivalents (interest-bearing): Valued based on the underlying assets readily observable. Cash (interest-bearing) is classified in Level 1 of the fair value hierarchy.

Changes in Fair Value of Level 3 Assets

Gains and losses (realized and unrealized) included in changes in net assets for the period are reported in net appreciation (depreciation) in fair value of investments in the Statement of changes in Net Assets Available for Benefits.

Following is a description of the level 3 valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at March 29, 2025 and March 30, 2024.

Company stock: The fair value of the sponsor company stock is based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table. Company stock is classified in Level 3 of the fair value hierarchy.

NOTE D: FAIR VALUE MEASUREMENTS (CONTINUED)

Year Ended March 29, 2025			
Investment	Fair Value	Valuation Techniques	Unobservable Inputs
Company Stock	\$11,965,459	Income	Sales and EBITDA Cash flow Weighted average cost of capital Discount rate Discount for lack of marketability
		Market	Public comparables EBITDA multiple Sales multiple Discount for lack of marketability
Year Ended March 30, 2024			
Investment	Fair Value	Valuation Techniques	Unobservable Inputs
Company Stock	\$10,161,144	Income	Sales and EBITDA Cash flow Weighted average cost of capital Discount rate Discount for lack of marketability
		Market	Public comparables EBITDA multiple Sales multiple Discount for lack of marketability

The valuation process involves plan management’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in the minutes of the plan fiduciary.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E: COMPANY DIVIDENDS

The Company paid dividends (S-Corporation distributions) to the Plan of \$325,000 and \$500,000 for the years ended March 29, 2025 and March 30, 2024, respectively.

NOTE F: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and receives investment income (S-Corporation distributions) from the Company. These are related party and party-in-interest transactions. As described in Note A, the Company pays certain plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

NOTE G: RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H: PLAN TERMINATION

Although it has not expressed its intent to do so, the Company has the right under the provisions of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE I: TAX STATUS

The Plan obtained its latest determination letter on April 23, 2015 in which the Internal Revenue Service stated that the Plan, as then designed and including all applicable amendments, was in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J: PLAN AMENDMENTS

There were no significant amendments for the years ending March 29, 2025 and March 30, 2024.

NOTE K: REPORTABLE TRANSACTIONS

In order to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, it is necessary to provide a schedule of reportable transactions. However, for the year ended March 29, 2025, there were no reportable transactions, and accordingly, no schedule is provided.

NOTE L: CONCENTRATION OF CREDIT RISK

The Plan maintains its cash and cash equivalents at a financial institution located in West Michigan. Certain balances are insured to established limits by the Federal Deposit Insurance Corporation (FDIC). Certain balances at brokerage firms are insured by the Securities Investor Protection Corporation and additional securities coverage is provided by the brokerage firms. The Plan's uninsured cash and cash equivalent balances totaled \$0 and \$0 March 29, 2025 and March 30, 2024, respectively.

NOTE M: SUBSEQUENT EVENTS

On October 16, 2025, the Plan agreed to repurchase and retire 90,153 shares held by participants who were formerly employed by the Company for \$795,152. The Plan was also amended for changes to the Company contribution formula, lump sum payment window, cashout limit, and payment of benefits.
