Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hornady Manufacturing Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024, and for the year ended March 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
March 31, 2025 and 2024

1. Description of Plan

The following brief description of the Hornady Manufacturing Company (Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company and its affiliated employers operating within a controlled group as defined in Internal Revenue Code Section 414(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan was originally effective March 30, 1963 and was most recently amended effective September 9, 2022 to formally incorporate the provisions of the CARES Act. The Plan has implemented certain mandatory operating provisions as a result of the passage of the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and SECURE 2.0 Act of 2022. The Plan is required to be formally amended to incorporate these provisions by December 31, 2026.

Eligibility

Employees become eligible to participate and may enter the Plan on the first day of the month coinciding with or next following satisfaction of eligibility. Employees who have three months of service and are age twenty-one or older are considered eligible for employee deferral contributions. Employees become eligible for the Company's contribution following one year of service with at least 1,000 hours worked and must be employed on the last day of the contribution period in order to receive an allocation of the Company's contribution.

Contributions

Participants are permitted to make voluntary pre-tax or Roth salary reduction contributions up to 90 percent of their compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Contributions are subject to certain IRS limitations.

The Plan includes an auto-enrollment option whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated target-date fund until changed by the participant. The Plan also includes an automatic deferral increase whereby a participant's deferral shall increase annually by 1 percent to a maximum of 15 percent unless changed by the participant.

1. Description of Plan (Continued)

Contributions (continued)

Each year, the Company may contribute to the Plan an amount of net income as may be determined by the President of the Company. The Company's contribution is based on a profit-share calculation and is allocated to participants based on the ratio of the participant's compensation to the compensation of all eligible participants, as defined by the Plan.

Participants direct the investment of their contributions and account balance into any combination of 1 percent increments of investment options offered by the Plan. The Plan offers various mutual funds as well as a stable value fund as investment options for participants. Contributions received without an investment fund election are placed in a target-date fund based on the participant's age.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions as well as allocations of Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan that are not paid by forfeitures. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan allows participants to access their accounts online or using a telephone system. Participants access their accounts using their social security number and a personal identification number. Participants may make changes to their deferral percentage, investment options and allocations, and may request certain distributions from their accounts using these systems at any time. Deferral changes are effective at the beginning of each payroll period.

Vesting

Participants are immediately vested in their salary deferral, catch-up and rollover contributions, and actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as follows. A year of service is a 12-month consecutive period during which an employee is credited with 1,000 hours of service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%

1. Description of Plan (Continued)

Forfeited Accounts

For the year ended March 31, 2025, forfeited nonvested accounts totaled \$348,031. Forfeitures may first be used to pay administrative expenses and then to reduce employer contributions. Forfeitures of \$66,346 were used to pay administrative expenses and \$350,000 were used to reduce employer contributions remitted during the year ended March 31, 2025. The remaining balance in the forfeiture account as of March 31, 2025 and 2024, totaled \$326,875 and \$375,042, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding balance in the previous 12 months) or 50% of their vested account balance. A participant may not have more than one loan outstanding at any time. The loans are secured by the vested balance in the participant's employee account and bear interest at rates commensurate with the local prevailing rates as determined by the plan administrator.

Principal and interest are paid ratably through bi-weekly payroll deductions. A participant loan is considered in default if any loan payment remains unpaid as of the last day of the calendar quarter following the calendar quarter in which it first becomes past due.

Payment of Benefits

Upon termination of service, a participant may elect to receive the vested interest in his or her account as a lump sum, in substantially equal installments over a period of years, or partial withdrawals. Accounts less than \$5,000 are subject to automatic cash-out provisions. Absent instructions from the participant, accounts paid under the automatic cash-out provision in excess of \$1,000 without participant consent shall be rolled over to an IRA. In-service distributions are permitted for participants who are at least 59 ½ years of age from all vested accounts.

Administration of the Plan

The Plan's assets are held by Fidelity Management Trust Company. Third-party administration and recordkeeping services are provided by Fidelity Investments and its subsidiaries. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee and recordkeeper. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not been paid, as of March 31, 2025.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as a liability with a corresponding reduction to contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Plan may also receive credits to be applied to expenses through a revenue sharing agreement with its third party administrator and recordkeeper. Fees related to the administration of notes receivable from participants and distributions to participants, and other recordkeeping functions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Trustee (Unaudited)

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (the trustee of the plan) has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2025 and 2024 and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of March 31, 2025; and the investment income reflected in the statement of changes in net assets available for benefits for the year ended March 31, 2025.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> •quoted prices for similar assets or liabilities in active markets; •quoted prices for identical or similar assets or liabilities in inactive markets; •inputs other than quoted prices that are observable for the asset or liability; •inputs that are derived principally from or corroborated by observable market data by correlation or other means; If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a non-recurring basis. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Interest-bearing cash: The fair value of the interest-bearing cash is based on quoted market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fidelity Advisor Stable Value Portfolio: Valued daily at NAV per share using the practical expedient based on underlying investments in a manner consistent with measurement principles for investment companies.

Self-directed brokerage: Valued at the daily closing price of the underlying investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2025:

	Assets at Fair Value as of March 31, 2025			
	Total	(Level 1)	(Level 2)	(Level 3)

4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2024:

	Assets at Fair Value as of March 31, 2024			
	Total	(Level 1)	(Level 2)	(Level 3)

Investments measured at net asset value (a)	2,906,034			
	\$ 150,385,953			

^(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of March 31, 2025 and 2024, respectively. There are no participant redemption restrictions for the Fidelity Advisor Stable Value Portfolio III investment; the redemption notice period applies only to the Plan.

5. Related-Party and Party-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan and its assets. Fidelity Investments and its subsidiaries serve as the transfer agent that performs processing and shareholder servicing functions, third party administration and recordkeeping services. Fees charged are subject to a revenue sharing agreement and may result in a net credit to the Plan. Fees for these services qualify as exempt party-in-interest transactions. The Plan paid Fidelity a total of \$88,696 for the year ended March 31, 2025.

USI Advisors, Inc. provides investment advisor services to the Plan through Cambridge Investment Research Advisors, Inc. These fees may be paid by the Plan or the Company on behalf of the Plan. Fees for these services qualify as exempt party-in-interest transactions. These fees were paid by the Company during the year ended March 31, 2025.

The Plan also incurs fees for the annual audit from Regier Carr & Monroe, LLC. These fees may be paid by the Plan or the Company on behalf of the Plan. Fees for these services qualify as exempt party-in-interest transactions. These fees were paid by the Company during the year ended March 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Company has adopted a pre-approved plan provided by its third-party administrator FMR, LLC. The pre-approved plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the third-party administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at March 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 181,646,522	\$ 164,537,814
Defaulted participant loans included in financial statements considered deemed distributed on Form 5500	(22,393)	(21,211)
Difference between NAV and current value as reported on Form 5500	<u>(158,733)</u>	<u>(196,063)</u>
Net assets available for benefits per Form 5500	<u>\$ 181,465,396</u>	<u>\$ 164,320,540</u>
Increase in net assets available for benefits as presented in the financial statements	\$ 17,108,708	
Interest income on defaulted participant current loans	(1,182)	
Change in difference between NAV and current value from prior year to current year	<u>37,330</u>	
Increase in net assets available for benefits as presented on Form 5500	<u>\$ 17,144,856</u>	

10. Subsequent Events

The Company has evaluated subsequent events through January 14, 2026, the date which the financial statements were available to be issued.
