INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Sponsor
Valley Vet Profit Sharing Plan and Trust
Marysville, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Valley Vet Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements, related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Vet Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Vet Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Vet Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Vet Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified to by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY VET PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of Valley Vet (the Company), Profit Sharing Plan and Trust (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make voluntary salary deferral contributions up to 100% of their pretax annual compensation, subject to specific dollar limits determined by the Internal Revenue Service (IRS). Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common stocks, bonds, and government securities as investment options for participants. The Company contributes 100% of the first 3% of base compensation that a participant contributes to the Plan and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may make discretionary employer contributions, which would be allocated in the same ratio as each participant's compensation bears to the total compensation of all participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations, the Company's matching contribution, and plan earnings (losses) and is charged with an allocation of fund administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on years of continuous service. A participant vests according to the following schedule:

Years of Service	Percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)

Regardless of the vesting schedule, participants' matching contributions shall become fully vested on or after the participants' normal retirement age, or upon death or permanent disability.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period not to exceed the participant's assumed life expectancy, or partial withdrawals. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Discretionary and qualified matching employer contributions that are forfeited are used to reduce plan expenses and then may be used for profit-sharing contributions. The amount of forfeitures used to offset contributions for the years ended December 31, 2024 and 2023, were \$- 0 - and \$2,782, respectively.

Plan Amendment

Effective on March 27, 2020, the Plan adopted the withdrawal provision changes provided through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. On July 27, 2022, the Plan was restated. The restatement is effective July 28, 2022.

On May 31, 2023, the Plan was amended to permit after-tax contributions and allow the plan to adopt the CARES Act and Setting Every Community Up for Retirement Enhancement (SECURE) Act provisions related to distributions and long-term part-time employees. The amendment is effective June 1, 2023.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRICs). Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution Receivables

Contributions based on facts that existed at year end, but were not remitted to the Plan before year end are recognized as contribution receivables. They are separately identified as participant, employer, and other employer contributions. Other employer contributions receivable includes qualified nonelective contributions from the employer due to operational circumstances that require a corrective contribution. The associated change in net assets available for benefits is presented as other employer contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of the fair value of investments.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities

VALLEY VET PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

(Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust - Stable value fund that is composed primarily of FBRIcs and is valued at NAV of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value of the stable value fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value	Level 1	Level 2	Level 3	Total
<u>2024</u>				
Mutual funds	<u>9,363,210</u>	<u> </u>	<u> </u>	9,363,210
Investments measured using NAV per share practical expedient				<u>425,086</u>
Total investments				<u>9,788,296</u>

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

Investments at fair value				
<u>2023</u>				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>8,182,825</u>	<u> </u>	<u> </u>	8,182,825
Investments measured using NAV per share practical expedient				<u>558,274</u>
Total investments				<u>8,741,099</u>

In accordance with Subtopic 820-10, certain investments that were measured at NAV Practical Expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of this table to the line items presented on the statements of net assets available for benefits.

NOTE 4. NAV PRACTICAL EXPEDIENT MEASUREMENT OF INVESTMENTS

The following table summarizes investments measured at fair value based on NAV Practical Expedient per share as of December 31, 2024 and 2023:

Investments	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	December 31, 2024	2023			
Common collective trusts	425,086	558,274	None	Daily	N/A

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan's independent auditors not to perform auditing procedures with respect to the following information certified as complete and accurate by Matrix Trust Company, except for comparing such information certified by Matrix Trust Company with information included in the Plan's financial statements and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year):

NOTE 6. RELATED PARTY TRANSACTIONS

Invisor Solutions, LLC, is the third-party administrator and record-keeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to \$18,657 and \$16,574, for the years ended December 31, 2024 and 2023, respectively. At December 31, 2024 and 2023, \$3,443 and \$3,303, respectively, was included in accrued expenses.

Invisor Financial, LLC, is the investment advisor for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to \$42,214 and \$36,874, for the years ended December 31, 2024 and 2023, respectively. At December 31, 2024 and 2023, \$10,686 and \$9,723, respectively, was included in accrued expenses.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7. PLAN AMENDMENTS

Effective on March 27, 2020, the Plan adopted the withdrawal provision changes provided through the CARES Act. On July 27, 2022, the Plan was restated. The restatement is effective July 28, 2022. As a result of the change, the required minimum distribution rules for distributions required for the 2020 calendar year were temporarily waived.

On May 31, 2023, the Plan was amended. Effective on June 1, 2023, the amendment permits after-tax contributions and allows the plan to adopt the CARES Act and SECURE Act provisions related to distributions and long-term part-time employees.

NOTE 8. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. Upon termination of the Plan, net assets would be distributed to the Plan participants based on their account balances.

NOTE 9. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has adopted the provisions of FASB ASC 740-10, *Accounting for Uncertain Tax Positions*. The Plan continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11. SUBSEQUENT EVENT

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through January 6, 2025, the date the financial statements were available to be issued.
