INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator
Drill Tech Drilling and Shoring, Inc. 401(k) Plan
Antioch, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Drill Tech Drilling and Shoring, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2022 audit of Drill Tech Drilling and Shoring, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Drill Tech Drilling and Shoring, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Drill Tech Drilling and Shoring, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of the financial statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Drill Tech Drilling and Shoring, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Drill Tech Drilling and Shoring, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying 2021 financial statement of Drill Tech Drilling and Shoring, Inc. 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2021 financial statement.

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Drill Tech Drilling and Shoring, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all eligible employees of Drill Tech Drilling and Shoring, Inc. (the Employer). The Plan was established August 1, 2003. The Plan's most recent restatement was effective June 13, 2022. The Plan has entry dates of January 1 and July 1 with a minimum age requirement of 18 years and a service requirement of one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute, on a pre-tax basis or after tax basis designated as Roth, up to 100 percent of their annual compensation, limited to the amounts provided by the Internal Revenue Code (IRC). Participants may also contribute rollover amounts, representing distributions from other qualifying plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

The Employer makes a required Safe Harbor matching contribution equal to 100 percent of elective deferrals up to 3 percent of participant eligible compensation and 50 percent of a participant's deferrals between 3 percent and 5 percent of compensation, with a maximum of 4 percent. Participants are eligible for Safe Harbor matching beginning on the first day of the January and July after attaining age 18 and completing one year of service. In addition, the Employer may make discretionary matching or non-elective contributions allocated on an employee-by-employee basis in amounts determined by the Employer. There were no discretionary employer contributions for the year ended December 31, 2022. All contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, in accordance with the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their accounts into various investment options offered through Transamerica Retirement Solutions, LLC. All accounts are fully participant directed.

Vesting

Participants are vested immediately in their contributions and Safe Harbor matching contributions, plus actual earnings thereon. Vesting in discretionary non-elective matching contributions are based on years of service, defined as one calendar year in which the participant has at least one year of service, according to the following schedule:

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon retirement, death, disability, or termination, participants (or their beneficiaries) may elect to receive part or all of the vested interest in their accounts in a lump sum and substantially equal installments. Hardship withdrawals are allowed from fully vested accounts under certain circumstances, as described in the Plan document. In addition, participants may elect to receive withdrawals, at any time, of part or all of the interest in their accounts related to prior rollover contributions. In-service withdrawals are allowed at age 59½ from all accounts that are fully vested. Effective April 12, 2023, the Plan was amended to provide in-service withdrawal eligibility at age 55.

Forfeited Accounts

Forfeitures of terminated participants' non-vested portions of Employer contributions are used to reduce future Employer contributions. For the year ended December 31, 2022, \$5,123 of participant balances were forfeited and \$5,157 of forfeitures were used to reduce employer contributions. Unused forfeitures totaled \$117 and \$147 as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$500 up to \$50,000, or 50 percent of their vested account balance, whichever is less. A participant may have only one outstanding loan at any one time. The loans are secured by the balance in the participant's account and bears a reasonable rate of interest as defined. Loan terms range up to five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within thirty years. Principal and interest on participant loans is paid ratably through weekly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of changes in net asset during the reporting period. Actual results could differ from those estimates.

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investments in registered investment companies, and interest-bearing cash are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements. The Plan's insurance contract, which is fully benefit-responsive as described in Note 4, is carried at contract value, which represents deposits, plus earnings, less expenses and withdrawals.

Interest and dividend income are recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses and Fees

Certain costs of administering the Plan are absorbed by the Employer and are therefore excluded from these financial statements. Certain other administrative and participant transaction fees are paid from participant accounts. Investment related expenses are included as reduction from investment income.

Revenue Sharing

The Plan includes a revenue sharing expense offset arrangement where the Plan is credited by a percentage-based amount, which is used to pay investment advisory and administrative expenses. During the year ended December 31, 2022, \$22,412 was credited to the account and \$22,616 was used to pay investment advisory expenses. There was ending balance of \$10,379 and \$10,559 in the Plan's revenue sharing account as of December 31, 2022 and 2021, respectively.

3. Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Transamerica Life Insurance Company, acting as the custodians for the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the year ended December 31, 2022:

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

3. Information Certified by the Custodians, continued

Investments, at fair value:	
Registered investment companies	\$ 7,629,241
Interest-bearing cash	10,379
Investments, at contract value:	
Unallocated contracts, insurance general accounts	1,095,252
Notes receivable from participants	41,097
Investment income (loss):	
Net change in fair value of investments	(1,694,001)
Dividend income	132,468
Interest income	7,221
Interest income on notes receivable	2,287

4. Investment Contracts

The Plan has a fully benefit-responsive investment contract with Transamerica, reported in the statement of net assets available for benefits as Unallocated Contracts, insurance General Account. Transamerica maintains the contributions in a pooled account (Stable Value Core Option), which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. All assets in the stable value fund are credited with interest using a declared monthly rate determined by Transamerica and stated in advance. The crediting rate is 0.90 percent at December 31, 2022. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There is no specific portfolio of assets in which the stable value fund invests. The credited interest rate is backed by the income received from assets held in Transamerica's general account. There is no stated minimum or maximum interest rate for the Stable Value Core Option, and it is not considered a guaranteed interest contract or a common/collective trust. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Transamerica. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

5. Plan Termination

Although the Employer has not expressed any intent to discontinue its contributions and terminate the Plan Agreement, it may do so at any time subject to the provisions set forth in ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their Employer contributions.

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

6. Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020, stating that the Non Standardized Pre-approved Profit Sharing Plan with Money Purchase and CODA sponsored by Transamerica Retirement Solutions, LLC and adopted by the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the Plan is not subject to tax under present income tax law. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investment options are funds managed by Transamerica Retirement Solutions, LLC for the year ended December 31, 2022. These transactions qualify as exempt party-in-interest transactions. Administrative fees paid directly by the Plan to the custodians were \$11,324 for 2022. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DRILL TECH DRILLING AND SHORING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

9. Fair Value Measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Registered investment companies (mutual funds): Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC held in a group annuity contract. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are considered to have a readily determinable fair value.

Interest-bearing cash: Valued at contract value of shares held, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,629,241	\$ -	\$ -	\$ 7,629,241

10. Nonexempt Transactions

During the year ended December 31, 2022, participant contributions totaling \$169,323 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. The Employer is taking the appropriate steps to correct the situation by calculating lost earnings and interest and further implementing procedures to ensure that all future remittances are made within the prescribed time period.

11. Subsequent Events

Management evaluates events and transactions that occur after the statements of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
