## INDEPENDENT AUDITORS' REPORT

Plan Administrator  
Ocean Conservancy 401(a) DC Plan  
Washington, DC

### **Report on the Audits of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the Financial Statements***

We were engaged to perform audits of the accompanying financial statements of Ocean Conservancy 401(a) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended April 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ocean Conservancy 401(a) DC Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of April 30, 2025 and 2024 and for the year ended April 30, 2025, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

#### ***Disclaimer of Opinion on the Financial Statements***

We do not express an opinion on the financial statements referred to above of Ocean Conservancy 401(a) DC Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

#### ***Basis for Disclaimer of Opinion on the Financial Statements***

Ocean Conservancy 401(a) DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Ocean Conservancy 401(a) DC Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ocean Conservancy 401(a) DC Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Our responsibility is to conduct an audit of Ocean Conservancy 401(a) DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

We are required to be independent of Ocean Conservancy 401(a) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Plan Administrator  
Ocean Conservancy 401(a) DC Plan

***Other Matter***

***Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of April 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

**OCEAN CONSERVANCY 401(A) DC PLAN  
NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of Ocean Conservancy 401(a) DC Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering substantially all employees of Ocean Conservancy (the Organization). The Plan excludes leased employees or employees covered under a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Ocean Conservancy is responsible for operation and administration of the Plan and serves as the plan administrator. The Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) serves as the custodian of the Plan.

**Eligibility**

All employees, except for union employees, nonresident aliens, and leased employees, are eligible to participate in the Plan. Employees who have completed one year of service, as defined by the Plan, and attained the age of 18 as of the entry date, are eligible to participate in the Plan. An eligible employee who has satisfied the eligibility requirements will become a participant in the Plan as of the first day of the month coinciding with or the next following date eligibility requirements are met.

**Contributions**

Ocean Conservancy contributes an amount equal to 6% of an employee's eligible compensation, as defined in the Plan agreement. The Plan does not permit participant contributions; however, an employee may elect to roll over amounts from other qualified plans. Participants direct the investment of their funds into various investment options offered by the Plan. Participants may change their investment elections at any time.

**Participant Accounts**

Each participant's account is credited with the employer's contributions, allocations of Plan earnings and losses, and any amounts rolled over from other qualified plans. Earnings and losses are allocated by fund based on the ratio of a participant's account balance in a particular fund to all participants' account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are fully vested in employer contributions, and earnings and losses, immediately upon entering the Plan.

**Benefit Payments**

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 62½.

**OCEAN CONSERVANCY 401(A) DC PLAN  
NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Benefit Payments**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

**Subsequent Events**

The Plan has evaluated subsequent events through January 12, 2026, the date the financial statements were available to be issued.

**NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION**

Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the insurance companies of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of April 30, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended April 30, 2025, and the supplemental schedule of assets (held at end of year) as of April 30, 2025.

**OCEAN CONSERVANCY 401(A) DC PLAN  
NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 4 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There were no changes in methodologies used at April 30, 2025 and 2024.

*Non-Benefit-Responsive Insurance Company Fixed Account:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Plan management has various processes and controls in place to ensure that fair value is reasonably estimated. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)**

*Pooled Separate Account:* The pooled separate account (PSA) is valued at the NAV of the shares held by the Plan. The PSA NAV is a readily determinable fair value and is the basis for current transactions. The unit value of the fund is calculated daily and available to Plan administrators and client investors. Underlying holdings are primarily valued using independent appraisals or independent pricing sources.

*Subaccounts of Variable Annuities:* Valued at NAV of shares, which are valued by TIAA and CREF at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. The unit value of the fund is calculated daily and available to Plan administrators and client investors. In an effort to reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a purchase, sale, or repurchase with that fund is made within a 60-day period.

The following tables set for by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30:

	2025

**Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements**

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Investment Type	4/30/2025 Fair Value	4/30/2024 Fair Value	Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Nonbenefit - Responsive Insurance Company Fixed Account - TIAA	\$1,527,233	\$1,438,715	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discounted Rate Applied	RA: 3.65% to 6.50% SRA: 3.00% to 5.75% GRA: 3.65% to 6.50% GSRA: 3.00% to 5.75% RC: 3.90% to 6.75% RCP: 3.15% to 6.00%

**NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANY**

Each participant maintains individual annuity contracts with TIAA. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account", which is called the TIAA Traditional Fixed Account. This account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by the TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior the scheduled maturity date.

Certain Traditional Fixed Account individual annuity contracts are considered to be non benefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

**OCEAN CONSERVANCY 401(A) DC PLAN  
NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANY (CONTINUED)**

Certain Traditional Fixed Account individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**NOTE 6 RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 7 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**OCEAN CONSERVANCY 401(A) DC PLAN  
NOTES TO FINANCIAL STATEMENTS  
APRIL 30, 2025 AND 2024**

**NOTE 8 PLAN TAX STATUS**

The Plan is placing reliance on an opinion letter received from the IRS on the pre-approved plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The pre-approved plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 9 PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by TIAA-CREF, the insurance companies of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**NOTE 10 HISTORICAL PLAN ADMINISTRATION**

The Plan has certain annuity and custodial accounts with TIAA and CREF issued to current and former employees prior to January 1, 2009. As permitted by the Department of Labor's Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these contracts are excluded from the investments in the statements of net assets available for benefits and the related investment income and distributions have been excluded from the statements of changes in net assets available for benefits. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of the excluded annuity contracts and custodial accounts and the related income and distributions issued to current and former employees of the Plan prior to January 1, 2009 are not determinable.

The Plan administrator believes the conditions of the DOL Field Assistance Bulletin 2009-02, to not treat annuity contracts and custodial accounts as part of the Plan assets for purposes of ERISA's annual reporting requirements, have been satisfied with respect to excluded contracts.
