INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Management Committee
of the McKesson Corporation 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of McKesson Corporation 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of McKesson Corporation 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024 and for the year ended March 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McKesson Corporation 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McKesson Corporation 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McKesson Corporation 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McKesson Corporation 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV Line 4i – Schedule of Assets (Held at End of Year) as of March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McKESSON CORPORATION 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF MARCH 31, 2025 AND 2024, AND FOR THE YEAR ENDED MARCH 31, 2025

1. PLAN DESCRIPTION

General—The following description of the McKesson Corporation 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions. The Plan is a defined contribution plan covering all full-time employees of the McKesson Corporation (the “Company”, “Plan Sponsor”, or “McKesson”). The Plan is subject to the provisions of the Department of Labor’s (“DOL’s”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company’s Employee Benefits Management Committee (“Committee” or “EBMC”) provides Plan oversight and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Fidelity Management Trust Company (“Fidelity”) is the trustee and qualified institution and its affiliate, Fidelity Workplace Services, LLC, provides the recordkeeping services to the Plan.

Eligibility—Employees may become a participant of the Plan when they have completed two months of service and are regular or part-time employees. Casual or temporary employees, excluding seasonal or collectively bargained employees, who have completed 1,000 hours in a 12-month period at the Company may also become Plan Participants.

Contributions—The Plan qualifies as a safe harbor plan as described in Internal Revenue Code (the “IRC”) Sections 401(k)(12) and 401(m)(11). Participants may make pre-tax and/or Roth 401(k) contributions from 1% to 75% of eligible pay. Participants 50 years of age or older may also elect to make additional pre-tax and/or Roth 401(k) catch-up contributions of up to 75% of eligible pay. Participants also may make after-tax contributions ranging from 1% to 25% of eligible pay. Participants may also contribute amounts representing distributions from other eligible retirement plans (i.e. rollover contributions). An individual who becomes eligible to participate in the Plan is automatically enrolled in the Plan and shall have five percent (5%) of their compensation for each payroll period contributed to the Plan as pre-tax contributions unless such individual makes an affirmative election to participate at a different rate (including 0%). Contributions are subject to Internal Revenue Service (“IRS”) limits.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with contributions and an allocation of earnings and charged with withdrawals and an allocation of losses and administrative expenses. Allocations are based on participant earnings on account balances. The participant is entitled to a benefit upon severance from employment based upon the vested portion of the participant’s account.

Vesting—Participants are vested immediately in their contributions plus actual earnings thereon. In general, for the Plan years ended March 31, 2025 and 2024, employer contributions were 100% vested immediately. Dividends automatically reinvested in McKesson common stock are also 100% vested at all times. Certain qualified employee benefit plans that have been merged into the Plan maintain their legacy vesting schedules.

Investment Options—Upon enrollment in the Plan, a participant may direct contributions of 1% increments to any of the investment options offered under the Plan and change their investment options at any time. Participants select from various investment funds in which to invest their account balances and current contributions. Participants also have the option to manage their own investments through a self-directed brokerage account (“Fidelity BrokerageLink account”).

Participants may have an investment balance in McKesson Employee Stock Fund (the “Employee Stock Fund”), which primarily represents investments in McKesson’s common stock. Effective August 31, 2018, the McKesson Employee Stock Fund investment option was frozen to new contributions and after such date, participants cannot invest new contributions in the fund or make loan repayments or investment exchanges into the fund. Participants have the ability to transfer contributions from this fund to participant-directed investments; however, they cannot transfer contributions into the Employee Stock Fund. Total transfers to other investments for the years ended March 31, 2025 and 2024 were approximately \$20,368,000 and \$13,806,000, respectively.

Notes Receivable from Participants—A participant may have only one loan outstanding from the Plan at any time. The total amount loaned to an individual participant cannot exceed the lowest of: (i) 50% of such participant’s vested account balance, (ii) \$50,000 less the participant’s highest outstanding loan balance under the Plan in the 12 months preceding the loan date, or (iii) the value of the participant’s account attributable to pre-tax, Roth, after-tax, catch-up, and rollover contributions. Most loans bear interest at the then current prime rate of interest on the loan date plus 1%. Generally, loans may be repaid over a period not to exceed five years, except for residential home loans, which may be repaid over a term not to exceed ten years. Certain loans under qualified plans of acquired companies that were merged into the Plan may have longer repayment terms. Principal repayments and interest are paid through payroll deductions. For participants who have terminated employment or are on a leave of absence and are no longer receiving a paycheck, loan repayments may be made by electronic fund transfer or check.

Payment of Benefits—Participants have the right to receive a full or partial distribution of their vested Plan account balance at the time of retirement, death, disability, or termination of employment. In general, when requested by a participant, benefit payments are made in a lump sum cash amount, but participants also may elect a distribution in-kind in the form of McKesson common stock and/or in the form of installments. The Plan also provides for in-service withdrawals on account of financial hardship or attainment of age 59½. In-service distributions cannot exceed a participant’s vested account balance less applicable tax withholdings and penalties. Former employees may remain participants in the Plan and continue directing the investment of their accounts without taking a distribution until attaining age 72.

Forfeitures—At March 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$98,000 and \$130,000 respectively. These accounts will be used to reduce future employer contributions. For the year ended March 31, 2025, employer contributions were reduced by approximately \$41,000 from forfeited nonvested accounts.

Hardship Withdrawals—As permitted by the IRC and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Employer Matching Contributions to Participant Accounts—Each pay period, the Plan provides for Company matching contributions to all participants who make elective deferrals in an amount equal to 100% of the first 3% of pay contributed to the Plan and 50% of the next 2% of pay contributed to the Plan. An additional annual matching contribution may be allocated to plan participants at the discretion of the Company. There were no additional annual matching contributions for the year ended March 31, 2025. Employer matching contributions were approximately \$101,114,000 for the year ended March 31, 2025.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates—The preparation of U.S. GAAP financial statements requires Plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan maintains various investment options including mutual funds, Fidelity BrokerageLink, common/collective trusts, separately managed accounts, the Employer Stock Fund, and the Employee Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value or net asset value ("NAV") as a practical expedient for fair value except for the separately managed BNY Mellon Stable Value Portfolio, which consists of fully benefit-responsive Guaranteed Investment Contracts ("GICs") that are stated at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are stated at quoted market prices. Investments entered into through Fidelity BrokerageLink are primarily stated at quoted market prices.

Investments in common/collective trusts are stated at NAV as a practical expedient for fair value. Investments in the separately managed Employer Stock Fund and Employee Stock Fund are reported and valued based on the underlying net assets, which are actively traded and primarily valued using quoted market prices.

The BNY Mellon Stable Value Portfolio is a custom investment option for the Plan that consists of GICs that are reported and stated at contract value, which represents contributions, plus credited earnings, less participant withdrawals.

Shares of McKesson common stock are valued at quoted market prices on March 31, 2025 and 2024.

Certain administrative expenses are allocated to the individual investment options based upon daily balances invested in each option and are reflected as an addition to net depreciation in fair market value of investments or a reduction of net appreciation in fair market value of investments. Consequently, these administrative expenses are reflected as a reduction of investment return for such investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefit Payments—Benefit payments are recorded when paid.

Notes Receivable from Participants—Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Other Receivables and Liabilities—Other receivables and liabilities are recorded at year-end for pending sales and purchases of investments.

3. INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and has been derived from information certified to be complete and accurate by the qualified institution:

- Total investments, at fair value and contract value, included in the statements of net assets available for benefits at March 31, 2025 and 2024.
- Notes receivable from participants, included in the statements of net assets available for benefits at March 31, 2025 and 2024.
- Interest and dividend income, net appreciation in value of investments, and interest income from notes receivable information included in the statement of changes in net assets available for benefits for the year ended March 31, 2025.
- All amounts included in Note 4, *Fair Value Measurements*.
- All amounts included in Note 5, *Investments Reported at Contract Value*.
- All information included in the supplemental schedule of assets (held at end of year) as of March 31, 2025.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan considers the principal or most advantageous market in which the Plan would transact, and the Plan considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, redemption restrictions, and risk of non-performance.

In addition to determining fair value, the Plan is required to establish a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2—Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3—Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

The Plan's investments measured at fair value on a recurring basis consisted of the following types of instruments as of March 31 (in thousands):

(In thousands of dollars)

	2025		
	Total	Level 1	Level 2
Fidelity BrokerageLink	\$ 392,999	\$ 378,151	\$ 14,848

Total	<u>\$ 2,195,495</u>	<u>\$ 2,177,525</u>	<u>\$ 17,970</u>
Assets held at NAV practical expedient ⁽¹⁾ :			
Common/collective trusts	<u>3,094,679</u>		
Total investments at fair value	<u>\$ 5,290,174</u>		

⁽¹⁾ Common/collective trusts for which fair value is measured using the NAV per share as a practical expedient are not leveled within the fair value hierarchy and are included as a reconciling item to total investments measured at fair value presented in the statements of net assets available for benefits.

As of March 31, 2025 and 2024, there were no investments classified as Level 3 nor were there any significant transfers in or out of Levels 1, 2, or 3. Below is a description of the valuation methodologies used for the fair value measurements.

Mutual funds are publicly traded investments which are valued using a quoted price in an active market.

Common/collective trusts are valued using NAV. The NAV of a common/collective trust is based on the market values of the underlying securities. The beneficial interest of each investor is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

Separately managed accounts are valued based on the fair values of the underlying securities, which are primarily valued using quoted market prices.

Interest-bearing cash is stated at cost, plus accrued interest, which approximates fair value (Level 1 inputs).

The Level 1 investments in Fidelity BrokerageLink and McKesson common stock are stated at quoted market prices. The Level 2 investments in Fidelity BrokerageLink class consists of government bonds, treasury securities, and corporate bonds. Inputs to the valuation methodology include quoted prices for similar assets in active markets and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the asset.

The Plan makes certain investments where the fair value is measured by NAV per share. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments. These investments are summarized below as of March 31 (in thousands):

(In thousands of dollars)

	2025			2024		
	Fair Value	Redemption Frequency	Redemption Notice Period	Fair Value	Redemption Frequency	Redemption Notice Period
Common/collective trusts	\$ 3,913,422	As needed	1–5 days	\$ 3,094,679	As needed	1–5 days

5. INVESTMENTS REPORTED AT CONTRACT VALUE

The BNY Mellon Stable Value Portfolio is a custom separately managed account which contains direct investment contracts with insurance companies and financial institutions with the objective of providing participants a stable return on investment and protection of principal from changes in market interest rates.

Fixed maturity synthetic GICs consist of an asset or pool of assets that are owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides contract value accounting for the asset and assures that contract value, benefit-responsive payments will be made for participant-directed withdrawals.

Constant duration synthetic GICs consist of a portfolio of securities owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration and assures that contract value payments will be made for participant-directed withdrawals.

Separate account GICs are group annuity contracts that pay a rate of return that is reset periodically (typically quarterly), offer book value accounting, and provide benefit responsiveness for participant-directed withdrawals. The crediting rate reflects the experience of assets that are separated from the insurance company's general account assets. The liabilities associated with an insurance company separate account are paid from the assets held in that separate account. The insurance company's general account assets back the separate accounts to fulfill separate account obligations. Separate account assets cannot be used to satisfy general account liabilities.

The fixed maturity synthetic and constant duration synthetic GICs use wrap contracts in order to manage market risks and to alter the return characteristics of the underlying portfolio of securities owned by the Stable Value Portfolio to match certain fund objectives. There are no reserves against these contract values for credit risk of the contract issuer or otherwise.

The initial crediting rates for both the fixed maturity synthetic and constant duration synthetic GICs are established based on the market interest rates at the time the initial asset is purchased and are guaranteed to have an interest crediting rate of not less than zero percent. The fixed maturity synthetic GIC crediting rate is set at the start of the contract and typically resets on a quarterly basis. The constant duration synthetic GIC crediting rate resets every quarter based on the contract value, the market yield to maturity, the market value, and the average duration of the underlying assets. The crediting rate for constant duration synthetic GICs aims at converging the contract value with the market value; therefore, it will be affected by interest rate and market changes.

Withdrawals and transfers resulting from the following events will limit the ability of the portfolio to transact at book or contract value, though such events are not probable of occurring. Instead, fair value would likely be used in determining the payouts to the participants, should any of the following events occur:

- Employer-initiated events—events within the control of the Plan or the Plan Sponsor which would have a material and adverse impact on the fund
- Employer communications designed to induce participants to transfer from the fund
- Competing fund transfer or violation of equity wash or equivalent rules in place
- Changes of qualification status of employer or plan

Issuers may terminate the GICs and settle at other than contract value if there is a change in the qualification status of employer or plan, a breach of material obligations under the contract, misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. PLAN MERGER

During the plan year, investment assets and loans totaling approximately \$402,000 were transferred into the Plan from another qualified plan.

7. FEDERAL INCOME TAX STATUS

On March 8, 2022, the Internal Revenue Service issued a favorable determination letter to the Plan indicating that, in its opinion, the terms of the Plan conform to the requirements of Section 401(a) of the IRC. The Company and the plan administrator believe that the Plan, in form and operation, complies with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

The Company's Board of Directors reserves the right to terminate the Plan. If termination should occur, all participant accounts would be 100% vested immediately and each participant would receive a distribution equal to his or her vested account balance.

9. EXEMPT RELATED PARTY TRANSACTIONS

At March 31, 2025 and 2024, the Plan held common stock shares of McKesson Corporation, the Plan Sponsor. The shares were held within the Plan's Employer and Employee Stock Funds. See below for breakout of shares held, cost basis and fair value of the Employer and Employee Stock Funds.

(In thousands of dollars and shares)

Employer Stock Fund					
2025			2024

319	\$ 35,879	\$ 214,569	363	\$ 41,989	\$ 194,802

The per share fair value of McKesson common stock at March 31, 2025 and 2024 was \$672.99 and \$536.85, respectively. These transactions qualify as exempt party-in-interest transactions.

During the year ended March 31, 2025, the Employer Stock Fund recognized dividend income from McKesson common shares of approximately \$2,891,000. During the year ended March 31, 2025, the Employee Stock Fund recognized dividend income from McKesson common shares of approximately \$1,020,000. McKesson dividends received by the Plan were reinvested respectively in the Employer and Employee Stock Funds.

Certain investment options are managed by Fidelity, which also serves as the Plan's record-keeper and trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Generally, investment options (other than mutual funds and publicly offered securities) may qualify as party-in-interest transactions if the issuer, investment manager, or trustee of the investment option is a plan fiduciary or service provider. Fees for investment management services are allocated to the participants with balances in those funds. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan receives revenue credits from Fidelity on a quarterly basis. The revenue credit account can be used to pay Plan expenses or can be allocated to eligible Plan participants as defined in the service agreement with Fidelity and its affiliates. Revenue credits earned from this agreement are recorded as investment income in the statement of changes of net assets available for benefits.

10. SUBSEQUENT EVENTS

For the year ended March 31, 2025, subsequent events were evaluated through January 14, 2026, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Management Committee
of the McKesson Corporation 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of McKesson Corporation 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of McKesson Corporation 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024 and for the year ended March 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McKesson Corporation 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McKesson Corporation 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McKesson Corporation 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McKesson Corporation 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV Line 4i – Schedule of Assets (Held at End of Year) as of March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McKESSON CORPORATION 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF MARCH 31, 2025 AND 2024, AND FOR THE YEAR ENDED MARCH 31, 2025

1. PLAN DESCRIPTION

General—The following description of the McKesson Corporation 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions. The Plan is a defined contribution plan covering all full-time employees of the McKesson Corporation (the “Company”, “Plan Sponsor”, or “McKesson”). The Plan is subject to the provisions of the Department of Labor’s (“DOL’s”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company’s Employee Benefits Management Committee (“Committee” or “EBMC”) provides Plan oversight and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Fidelity Management Trust Company (“Fidelity”) is the trustee and qualified institution and its affiliate, Fidelity Workplace Services, LLC, provides the recordkeeping services to the Plan.

Eligibility—Employees may become a participant of the Plan when they have completed two months of service and are regular or part-time employees. Casual or temporary employees, excluding seasonal or collectively bargained employees, who have completed 1,000 hours in a 12-month period at the Company may also become Plan Participants.

Contributions—The Plan qualifies as a safe harbor plan as described in Internal Revenue Code (the “IRC”) Sections 401(k)(12) and 401(m)(11). Participants may make pre-tax and/or Roth 401(k) contributions from 1% to 75% of eligible pay. Participants 50 years of age or older may also elect to make additional pre-tax and/or Roth 401(k) catch-up contributions of up to 75% of eligible pay. Participants also may make after-tax contributions ranging from 1% to 25% of eligible pay. Participants may also contribute amounts representing distributions from other eligible retirement plans (i.e. rollover contributions). An individual who becomes eligible to participate in the Plan is automatically enrolled in the Plan and shall have five percent (5%) of their compensation for each payroll period contributed to the Plan as pre-tax contributions unless such individual makes an affirmative election to participate at a different rate (including 0%). Contributions are subject to Internal Revenue Service (“IRS”) limits.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with contributions and an allocation of earnings and charged with withdrawals and an allocation of losses and administrative expenses. Allocations are based on participant earnings on account balances. The participant is entitled to a benefit upon severance from employment based upon the vested portion of the participant’s account.

Vesting—Participants are vested immediately in their contributions plus actual earnings thereon. In general, for the Plan years ended March 31, 2025 and 2024, employer contributions were 100% vested immediately. Dividends automatically reinvested in McKesson common stock are also 100% vested at all times. Certain qualified employee benefit plans that have been merged into the Plan maintain their legacy vesting schedules.

Investment Options—Upon enrollment in the Plan, a participant may direct contributions of 1% increments to any of the investment options offered under the Plan and change their investment options at any time. Participants select from various investment funds in which to invest their account balances and current contributions. Participants also have the option to manage their own investments through a self-directed brokerage account (“Fidelity BrokerageLink account”).

Participants may have an investment balance in McKesson Employee Stock Fund (the “Employee Stock Fund”), which primarily represents investments in McKesson’s common stock. Effective August 31, 2018, the McKesson Employee Stock Fund investment option was frozen to new contributions and after such date, participants cannot invest new contributions in the fund or make loan repayments or investment exchanges into the fund. Participants have the ability to transfer contributions from this fund to participant-directed investments; however, they cannot transfer contributions into the Employee Stock Fund. Total transfers to other investments for the years ended March 31, 2025 and 2024 were approximately \$20,368,000 and \$13,806,000, respectively.

Notes Receivable from Participants—A participant may have only one loan outstanding from the Plan at any time. The total amount loaned to an individual participant cannot exceed the lowest of: (i) 50% of such participant’s vested account balance, (ii) \$50,000 less the participant’s highest outstanding loan balance under the Plan in the 12 months preceding the loan date, or (iii) the value of the participant’s account attributable to pre-tax, Roth, after-tax, catch-up, and rollover contributions. Most loans bear interest at the then current prime rate of interest on the loan date plus 1%. Generally, loans may be repaid over a period not to exceed five years, except for residential home loans, which may be repaid over a term not to exceed ten years. Certain loans under qualified plans of acquired companies that were merged into the Plan may have longer repayment terms. Principal repayments and interest are paid through payroll deductions. For participants who have terminated employment or are on a leave of absence and are no longer receiving a paycheck, loan repayments may be made by electronic fund transfer or check.

Payment of Benefits—Participants have the right to receive a full or partial distribution of their vested Plan account balance at the time of retirement, death, disability, or termination of employment. In general, when requested by a participant, benefit payments are made in a lump sum cash amount, but participants also may elect a distribution in-kind in the form of McKesson common stock and/or in the form of installments. The Plan also provides for in-service withdrawals on account of financial hardship or attainment of age 59½. In-service distributions cannot exceed a participant’s vested account balance less applicable tax withholdings and penalties. Former employees may remain participants in the Plan and continue directing the investment of their accounts without taking a distribution until attaining age 72.

Forfeitures—At March 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$98,000 and \$130,000 respectively. These accounts will be used to reduce future employer contributions. For the year ended March 31, 2025, employer contributions were reduced by approximately \$41,000 from forfeited nonvested accounts.

Hardship Withdrawals—As permitted by the IRC and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Employer Matching Contributions to Participant Accounts—Each pay period, the Plan provides for Company matching contributions to all participants who make elective deferrals in an amount equal to 100% of the first 3% of pay contributed to the Plan and 50% of the next 2% of pay contributed to the Plan. An additional annual matching contribution may be allocated to plan participants at the discretion of the Company. There were no additional annual matching contributions for the year ended March 31, 2025. Employer matching contributions were approximately \$101,114,000 for the year ended March 31, 2025.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates—The preparation of U.S. GAAP financial statements requires Plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan maintains various investment options including mutual funds, Fidelity BrokerageLink, common/collective trusts, separately managed accounts, the Employer Stock Fund, and the Employee Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value or net asset value ("NAV") as a practical expedient for fair value except for the separately managed BNY Mellon Stable Value Portfolio, which consists of fully benefit-responsive Guaranteed Investment Contracts ("GICs") that are stated at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are stated at quoted market prices. Investments entered into through Fidelity BrokerageLink are primarily stated at quoted market prices.

Investments in common/collective trusts are stated at NAV as a practical expedient for fair value. Investments in the separately managed Employer Stock Fund and Employee Stock Fund are reported and valued based on the underlying net assets, which are actively traded and primarily valued using quoted market prices.

The BNY Mellon Stable Value Portfolio is a custom investment option for the Plan that consists of GICs that are reported and stated at contract value, which represents contributions, plus credited earnings, less participant withdrawals.

Shares of McKesson common stock are valued at quoted market prices on March 31, 2025 and 2024.

Certain administrative expenses are allocated to the individual investment options based upon daily balances invested in each option and are reflected as an addition to net depreciation in fair market value of investments or a reduction of net appreciation in fair market value of investments. Consequently, these administrative expenses are reflected as a reduction of investment return for such investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefit Payments—Benefit payments are recorded when paid.

Notes Receivable from Participants—Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Other Receivables and Liabilities—Other receivables and liabilities are recorded at year-end for pending sales and purchases of investments.

3. INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and has been derived from information certified to be complete and accurate by the qualified institution:

- Total investments, at fair value and contract value, included in the statements of net assets available for benefits at March 31, 2025 and 2024.
- Notes receivable from participants, included in the statements of net assets available for benefits at March 31, 2025 and 2024.
- Interest and dividend income, net appreciation in value of investments, and interest income from notes receivable information included in the statement of changes in net assets available for benefits for the year ended March 31, 2025.
- All amounts included in Note 4, *Fair Value Measurements*.
- All amounts included in Note 5, *Investments Reported at Contract Value*.
- All information included in the supplemental schedule of assets (held at end of year) as of March 31, 2025.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan considers the principal or most advantageous market in which the Plan would transact, and the Plan considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, redemption restrictions, and risk of non-performance.

In addition to determining fair value, the Plan is required to establish a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2—Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3—Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

The Plan's investments measured at fair value on a recurring basis consisted of the following types of instruments as of March 31 (in thousands):

(In thousands of dollars)

⁽¹⁾ Common/collective trusts for which fair value is measured using the NAV per share as a practical expedient are not leveled within the fair value hierarchy and are included as a reconciling item to total investments measured at fair value presented in the statements of net assets available for benefits.

As of March 31, 2025 and 2024, there were no investments classified as Level 3 nor were there any significant transfers in or out of Levels 1, 2, or 3. Below is a description of the valuation methodologies used for the fair value measurements.

Mutual funds are publicly traded investments which are valued using a quoted price in an active market.

Common/collective trusts are valued using NAV. The NAV of a common/collective trust is based on the market values of the underlying securities. The beneficial interest of each investor is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

Separately managed accounts are valued based on the fair values of the underlying securities, which are primarily valued using quoted market prices.

Interest-bearing cash is stated at cost, plus accrued interest, which approximates fair value (Level 1 inputs).

The Level 1 investments in Fidelity BrokerageLink and McKesson common stock are stated at quoted market prices. The Level 2 investments in Fidelity BrokerageLink class consists of government bonds, treasury securities, and corporate bonds. Inputs to the valuation methodology include quoted prices for similar assets in active markets and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the asset.

The Plan makes certain investments where the fair value is measured by NAV per share. There were no unfunded commitments, normal course of business restrictions, or other redemption restrictions for these investments. These investments are summarized below as of March 31 (in thousands):

(In thousands of dollars)

	2025			2024		
	Fair Value	Redemption Frequency	Redemption Notice Period	Fair Value	Redemption Frequency	Redemption Notice Period
Common/collective trusts	<u>\$ 3,913,422</u>	As needed	1–5 days	<u>\$ 3,094,679</u>	As needed	1–5 days

5. INVESTMENTS REPORTED AT CONTRACT VALUE

The BNY Mellon Stable Value Portfolio is a custom separately managed account which contains direct investment contracts with insurance companies and financial institutions with the objective of providing participants a stable return on investment and protection of principal from changes in market interest rates.

Fixed maturity synthetic GICs consist of an asset or pool of assets that are owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides contract value accounting for the asset and assures that contract value, benefit-responsive payments will be made for participant-directed withdrawals.

Constant duration synthetic GICs consist of a portfolio of securities owned by the fund (or plan) and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration and assures that contract value payments will be made for participant-directed withdrawals.

Separate account GICs are group annuity contracts that pay a rate of return that is reset periodically (typically quarterly), offer book value accounting, and provide benefit responsiveness for participant-directed withdrawals. The crediting rate reflects the experience of assets that are separated from the insurance company's general account assets. The liabilities associated with an insurance company separate account are paid from the assets held in that separate account. The insurance company's general account assets back the separate accounts to fulfill separate account obligations. Separate account assets cannot be used to satisfy general account liabilities.

The fixed maturity synthetic and constant duration synthetic GICs use wrap contracts in order to manage market risks and to alter the return characteristics of the underlying portfolio of securities owned by the Stable Value Portfolio to match certain fund objectives. There are no reserves against these contract values for credit risk of the contract issuer or otherwise.

The initial crediting rates for both the fixed maturity synthetic and constant duration synthetic GICs are established based on the market interest rates at the time the initial asset is purchased and are guaranteed to have an interest crediting rate of not less than zero percent. The fixed maturity synthetic GIC crediting rate is set at the start of the contract and typically resets on a quarterly basis. The constant duration synthetic GIC crediting rate resets every quarter based on the contract value, the market yield to maturity, the market value, and the average duration of the underlying assets. The crediting rate for constant duration synthetic GICs aims at converging the contract value with the market value; therefore, it will be affected by interest rate and market changes.

Withdrawals and transfers resulting from the following events will limit the ability of the portfolio to transact at book or contract value, though such events are not probable of occurring. Instead, fair value would likely be used in determining the payouts to the participants, should any of the following events occur:

- Employer-initiated events—events within the control of the Plan or the Plan Sponsor which would have a material and adverse impact on the fund
- Employer communications designed to induce participants to transfer from the fund
- Competing fund transfer or violation of equity wash or equivalent rules in place
- Changes of qualification status of employer or plan

Issuers may terminate the GICs and settle at other than contract value if there is a change in the qualification status of employer or plan, a breach of material obligations under the contract, misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. PLAN MERGER

During the plan year, investment assets and loans totaling approximately \$402,000 were transferred into the Plan from another qualified plan.

7. FEDERAL INCOME TAX STATUS

On March 8, 2022, the Internal Revenue Service issued a favorable determination letter to the Plan indicating that, in its opinion, the terms of the Plan conform to the requirements of Section 401(a) of the IRC. The Company and the plan administrator believe that the Plan, in form and operation, complies with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

The Company's Board of Directors reserves the right to terminate the Plan. If termination should occur, all participant accounts would be 100% vested immediately and each participant would receive a distribution equal to his or her vested account balance.

9. EXEMPT RELATED PARTY TRANSACTIONS

At March 31, 2025 and 2024, the Plan held common stock shares of McKesson Corporation, the Plan Sponsor. The shares were held within the Plan's Employer and Employee Stock Funds. See below for breakout of shares held, cost basis and fair value of the Employer and Employee Stock Funds.

(In thousands of dollars and shares)

The per share fair value of McKesson common stock at March 31, 2025 and 2024 was \$672.99 and \$536.85, respectively. These transactions qualify as exempt party-in-interest transactions.

During the year ended March 31, 2025, the Employer Stock Fund recognized dividend income from McKesson common shares of approximately \$2,891,000. During the year ended March 31, 2025, the Employee Stock Fund recognized dividend income from McKesson common shares of approximately \$1,020,000. McKesson dividends received by the Plan were reinvested respectively in the Employer and Employee Stock Funds.

Certain investment options are managed by Fidelity, which also serves as the Plan's record-keeper and trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Generally, investment options (other than mutual funds and publicly offered securities) may qualify as party-in-interest transactions if the issuer, investment manager, or trustee of the investment option is a plan fiduciary or service provider. Fees for investment management services are allocated to the participants with balances in those funds. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan receives revenue credits from Fidelity on a quarterly basis. The revenue credit account can be used to pay Plan expenses or can be allocated to eligible Plan participants as defined in the service agreement with Fidelity and its affiliates. Revenue credits earned from this agreement are recorded as investment income in the statement of changes of net assets available for benefits.

10. SUBSEQUENT EVENTS

For the year ended March 31, 2025, subsequent events were evaluated through January 14, 2026, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure.
