Plan Administrator and Participants
AC Concepts Services, LLC 401(k) Profit Sharing Plan

Opinion on the Financial Statements

We have audited the financial statements of AC Concepts Services, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits (modified cash basis) as of March 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the period January 1, 2025 through March 31, 2025 ("the period") and the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2025 and December 31, 2024, and the changes in net assets available for benefits for the period ended March 31, 2025 and year ended December 31, 2024, in accordance with modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Delinquent Participant Contributions for the period ended March 31, 2025 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the AC Concepts Services, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

On October 4, 2024, the Plan Sponsor approved the merger of the Plan into the Air Concepts Services LLC 401(k) Retirement Plan, effective January 1, 2025, at which time the Plan and its related trust ceased to exist. All of the Plan’s assets and liabilities were transferred to or assumed by the Air Concepts Services LLC 401(k) Retirement Plan to complete the Plan’s merger. All Plan participants are immediately eligible to participate in the Air Concepts Services LLC 401(k) Retirement Plan, pursuant to its provisions. The Plan terminated on March 31, 2025. Accordingly, the descriptions below are provisions of the Plan prior to termination. See note 2 and 7 for additional information.

General

The Plan is a defined contribution plan established by Air Control Concepts Parent, LLC (the “Plan Sponsor”) and related employers, Hobbs & Associates, LLC, C&J Building Solutions, LLC, Advanced Thermal Solutions, LLC, Airetech Corporation, and JRC Services, LLC (collectively the “Company”), under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Substantially all employees of the Company are eligible to participate in the Plan, provided they have reached 18 years of age and have completed one year of service. Effective August 1, 2022, the Plan was amended to reduce the service requirement to only six months of service. Entry dates into the Plan occur on the first day of the month coinciding with or next following date requirements are met.

Plan Administration

The Plan is administered by the Plan Sponsor (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

Effective July 6, 2022, Principal Life Insurance Company (the “Custodian”) is responsible for the custody and management of the Plan’s assets and serves as the record-keeper of the related participant accounts. Cherry Bekaert, LLP served as the third-party administrator (“TPA”) for the Plan and provided services such as annual compliance testing and preparation of Plan documents, amendments, and tax filings as of March 31, 2025 and December 31, 2024. The Custodians and TPA may be removed by the Company or may resign. In any such event, the Company will appoint a successor.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain maximum limitations imposed by the IRC. The Plan permits both “traditional” (before-tax) and “Roth” (after-tax) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will make a fixed matching contribution equal to 5% of the participant’s elective deferrals each payroll period. The Company may make qualified matching, qualified non-elective, and discretionary contributions to the Plan to be determined at the discretion of the Company’s board of directors. Contributions are subject to certain limitations. Generally, participants must make elective deferral contributions and be actively employed on the last day of the Plan year to share in employer matching contributions. The Company’s matching contribution to the Plan were \$- and \$283,855 for the period ending March 31, 2025 and the year ended December 31, 2024, respectively.

Hobbs & Associates 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and profit-sharing contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. Allocations are based on participant earnings or account balances as defined. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and the earnings received on those contributions. Vesting in the Company's matching or profit sharing contributions portion of the participants' accounts is based on years of vesting service. A year of service is considered to be each twelve consecutive month period in which the participant is credited with 1,000 hours of service. A participant is 100 percent vested after six years of service. Full and immediate vesting will also occur upon attainment of normal retirement age, early retirement age, death, or total disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Note Receivable from Participant

The Plan allows for participants to borrow from their accounts under the Plan. These borrowings must be for an amount not less than \$1,000 and not more than the lesser of (a) 50% of the participant's vested account balance, reduced by any outstanding loan balance, or (b) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Participants may have only one loan outstanding at a time and may only receive one loan in any twelve-month period. Each loan, by its terms, must be repaid in five years or less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution equal to the participant's vested account balance, unless the participant elects an alternate form of distribution in accordance with the Plan document. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may be used to pay Plan administrative expenses or reduce employer contributions. If any forfeitures remain, such forfeitures will be reallocated. At March 31, 2025 and December 31, 2024, forfeited non-vested account totaled \$- and \$25,504, respectively. For the period ended March 31, 2025 and year ended December 31, 2024, forfeitures of \$- and \$6,086 were used to reduce employer contributions during, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Due to the decision to terminate the Plan, the financial statements for 2025 are prepared on the liquidation basis of accounting, in accordance with accounting principles generally accepted in the United States of America. No adjustments to the financial statements were required to present the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets, and any other costs expected to be incurred during the liquidation process. Administrative expenses are paid by the Company, at its discretion, or the Plan. The Plan was under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. The Plan's 2024 financial statements are prepared on the ongoing (modified cash) basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of March 31, 2025 and December 31, 2024.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the source(s) to use for underlying investment asset prices.

Hobbs & Associates 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Units held in pooled separate accounts are valued at the net asset value (“NAV”) as a practical expedient as reported by the investment managers at year end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Interest income is recorded when received. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Principal Fixed Income Guaranteed Option (“PFIGO”) is a fully-benefit responsive group annuity contract issued by Principal. Principal is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. Principal maintains the contributions in a general account. The account is credited with contributions received plus earnings on the underlying investments and charged for benefit payments, participant withdrawals, transfers, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The PFIGO is included in the financial statements at contract value as reported to the Plan by Principal. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. The methodology for calculating the interest crediting rate is defined in the contract. Such interest rates are continuously reviewed and reset as needed on a semiannual basis. The interest rates credited for 2025 ranged from 4.65% to 5.05%.

There is a surrender charge of 5% that may be charged should the Plan terminate its interest in the contract without proper notification (12-month irrevocable advance notice) as prescribed in the contract. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan’s interest in the contract during the 12-month period immediately preceding the employer-level surrender of the Plan’s interest in the contract. If this scenario occurs, the surrender charge will be billed to the Plan Sponsor.

Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap rate curve). The PFIGO may make available higher guaranteed rates. If these are available and the Plan Sponsor chooses to move the Plan’s interest to a higher guaranteed rate, a charge of 1.50% of the Plan’s interest applies. If there are multiple higher guaranteed rates available, the 1.50% charge applies to each higher guaranteed rate that the Plan Sponsor elects. The 1.50% charge is based on the Plan’s interest, and therefore, the actual fee if deducted from participant accounts may be higher or lower than 1.50%, depending on the Plan’s interest at the time the Plan Sponsor chooses to move to a higher guaranteed rate and the value of each participant’s account at the time of the actual movement.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Currently, Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that also limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Hobbs & Associates 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the period ended March 31, 2025 and year ended December 31, 2024, there were no transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of March 31, 2025 and December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Hobbs & Associates 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: Valued at the NAV of units of the pooled separate account held by the Plan at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The NAV is not a publicly quoted price in an active market and is therefore not considered to have a readily determinable fair value. The pooled separate accounts provide for daily redemptions by the Plan with no advance notice requirements and has a redemption price that is determined by the NAV per unit. There are no significant unfunded commitments.

Self-directed brokerage account: Consists primarily of non-interest bearing cash, common stocks, unit investment trust and registered investment companies (mutual funds), and are valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 682,959	\$ -	\$ -	\$ 682,959
Self-directed brokerage account	31,005			31,005
Total investments in the fair value hierarchy	<u>\$ 713,964</u>	<u>\$ -</u>	<u>\$ -</u>	713,964
Pooled separate accounts (a)				11,899,902
Total investments at fair value				<u>\$ 12,613,866</u>

4. TAX STATUS

Effective January 1, 2022, the Plan adopted the amended and restated Cherry Bekaert, LLP Non-Standardized Defined Contribution Pre-Approved Plan document. The Internal Revenue Service ("IRS") has issued an opinion letter dated as of June 30, 2020, stating the Plan document is acceptable and under section 401 (a) of the IRC for use by employers for the benefit of their employees. The Companies are relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the most recent opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Hobbs & Associates 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

6. PROHIBITED TRANSACTIONS

During the years ended December 31, 2024, 2023, and 2022, the Plan inadvertently failed to deposit \$9,831, \$1,789, and \$25,317 of participant elective deferrals, respectively, within the required timeframe as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplementary information to these financial statements for the period ended March 31, 2025. During the period ended March 31, 2025 no contributions were corrected. Participant contributions of \$26,012 remain uncorrected as of March 31, 2025. In accordance with DOL requirements, the Plan Sponsor is following the self-correction program to correct the late remittances and restore lost earnings.

7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA and the IRC. On October 4, 2024, the Plan Sponsor approved the merger of the Plan into the Air Concepts Services LLC 401(k) Retirement Plan, effective January 1, 2025, at which time the Plan and its related trust ceased to exist. All of the Plan's assets and liabilities were transferred to or assumed by the Air Concepts Services LLC 401(k) Retirement Plan to complete the Plan's merger.

8. REPORTABLE TRANSACTIONS

During the period ended March 31, 2025 and year ended December 31, 2024, there were no reportable transactions, investment assets both acquired and disposed of during the Plan year, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

9. PLAN AMENDMENTS

Effective January 1, 2022, the Company adopted the amended and restated Cherry Bekaert, LLP Non-Standardized Defined Contribution Pre-Approved Plan with the related adoption agreement, which included a formal amendment for provisions of the BBA with regard to hardship distributions. Remaining Plan provisions in effect were unaltered through this amended and restated Plan document.

10. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70½ applies. If a participant reaches the age of 70½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022, for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

On March 27, 2020, Plan management elected the following provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: (1) coronavirus-related distributions for qualifying individuals up to \$100,000; (2) increased loan limits for qualifying individuals up to the lesser of (i) \$100,000 or (ii) 100% of the participant's vested account balance; (3) deferment of loan repayments up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025, for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. On August 14, 2020, the Plan document was formally amended to reflect these provisions of the CARES Act.
