Independent Auditor's Report

To the Participants and Audit Committee of the
Napili Kai, Ltd. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Napili Kai, Ltd. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2025 and 2024, and for the year ended March 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Napili Kai, Ltd. 401(k) Retirement Plan

Notes to Financial Statements
March 31, 2025 and 2024

1. Description of Plan

The following brief description of Napili Kai, Ltd. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

a. General

The Plan is a defined contribution plan covering substantially all employees of Napili Kai, Ltd. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's trustee and custodian is Fidelity Management Trust Company (Fidelity) and the Plan's recordkeeper is Fidelity Workplace Services, LLC, an affiliate of Fidelity.

b. Eligibility

Employees become eligible for participation on the first day of the month following the completion of six months of service. Eligible employees are those that are not covered by a collective bargaining agreement or casual employees, as defined.

c. Contributions

Participants may elect to defer up to 60 percent of their annual compensation, subject to certain limitations defined by the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make matching contributions at the discretion of the Company's board of directors. During the year ended March 31, 2025, the Company made a discretionary matching contribution equal to 100 percent of the first three percent of compensation contributed to the Plan. Employer matching contributions are calculated and paid each pay period.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contribution, and an allocation of Plan earnings and expenses. Earnings and expenses from the Plan's investments are allocated to participants' accounts in proportion to the balances of such accounts, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Napili Kai, Ltd. 401(k) Retirement Plan

Notes to Financial Statements
March 31, 2025 and 2024

1. Description of Plan (continued)

e. Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings thereon, is based on years of service. A participant is 33 percent vested after one year of credited service, 66 percent vested after two years of credited service and 100 percent vested after three years of credited service, as defined.

f. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of 50 percent of their vested interest or \$50,000. Loans are secured by the balance in the participant's account, bear interest at rates ranging from 4.25 to 9.50 percent as of March 31, 2025, and are to be repaid over a reasonable period of time not to exceed five years, unless used to acquire a primary residence. Participant loans are due at various dates through January 2030. Principal and interest are paid ratably at least quarterly through payroll deductions.

g. Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the value of his or her vested account balance.

h. Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay the expenses of the Plan. During 2025, there were approximately \$3,800 of forfeitures. Unallocated forfeiture balances as of March 31, 2025 and 2024 were approximately \$7,500 and \$3,700, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

d. Management's Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets. Actual results could differ from those estimates.

e. Payment of Benefits

Benefits paid to participants are recorded upon distribution.

f. Administrative Expenses

Administrative expenses are recorded when paid.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events through January 13, 2026, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Fidelity

The following is a summary of the Plan's asset information as of March 31, 2025 and 2024, and for the year ended March 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived information certified as complete and accurate by Fidelity, a qualified institution. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2025</u>	<u>2024</u>
Investments, at fair value:		
Mutual funds	\$ 9,090,087	\$ 8,691,163
Money market fund	469,338	430,835
Notes receivable from participants	<u>398,967</u>	<u>239,446</u>
	<u>\$ 9,958,392</u>	<u>\$ 9,361,444</u>

Fidelity also certified to the completeness and accuracy of net investment income of \$493,220 and interest on notes receivable from participants of \$28,497 related to the aforementioned assets for the year ended March 31, 2025.

Fidelity certified to the amounts reported on the Form 5500. The Form 5500 considers defaulted loans deemed distributions, and the financial statements continue to classify them as loans until a distributable event occurs such as termination of employment, death or disability.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2025 and 2024.

Mutual funds and money market fund: Valued based on quoted market prices of each fund, which represents the net asset value (NAV) of shares held by the Plan at year end.

At March 31, 2025 and 2024, the Plan classifies mutual funds carried at fair value in the amount of \$9,090,087 and \$8,691,163, respectively, as level 1 investments. At March 31, 2025 and 2024, the Plan classifies the money market fund carried at fair value of \$469,338 and \$430,835, respectively, as level 1 investments.

5. Tax Status

The Plan adopted a non-standardized pre-approved plan that received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the non-standardized pre-approved plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code and the Plan continues to be tax-exempt. Hawaii income tax law conforms to the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature are handled by the Plan Administrator in accordance with applicable IRS correction policies.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Plan years from March 31, 2022 are open for examination for federal tax purposes.

To determine that a plan is operating within specific guidelines established by the plan document in accordance with the Code, certain nondiscrimination and other compliance tests are required to be performed at least annually. The Plan Sponsor is in the process of completing its ADP and ACP tests to demonstrate that the Plan does not discriminate in favor of highly compensated employees. The failure of these tests may result in the Plan Sponsor correcting such deficiencies by making additional contributions to the Plan or the refunding of excess contributions to participants. The Plan Sponsor expects to complete such tests within the next several weeks and does not believe it will have a significant impact to the Plan's financial statements, as historically, the Plan had previously passed such tests.

6. Exempt Party-in-Interest Transactions

Certain Plan investments represent shares of mutual funds and a money market fund managed by Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of March 31, 2025 and 2024 to the Plan's Form 5500.

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 9,963,026	\$ 9,401,288
Notes receivable deemed distributed in Form 5500	<u>(4,634)</u>	<u>(39,844)</u>
Net assets available for benefits per Form 5500	<u>\$ 9,958,392</u>	<u>\$ 9,361,444</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Plan's Form 5500 for the year ended March 31, 2025:

Net increase in net assets available for benefits per the financial statements	\$ 561,738
Add: participant loans - deemed distributed	<u>35,210</u>
Net income per Form 5500	<u>\$ 596,948</u>

The Form 5500 considers defaulted loans deemed distributions, and the financial statements continue to classify them as loans until a distributable event occurs such as termination of employment, death or disability.
