Independent Auditor's Report

Retirement Plans Oversight Committee and Plan Administrator
Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 1, 2025 and December 31, 2024, the related statement of changes in net assets available for benefits for the period from January 1, 2025 through April 1, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 1, 2025 and December 31, 2024, and for the period from January 1, 2025 through April 1, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Emphasis of Matter

Effective April 1, 2025, the Plan merged into the Antioch University 403(b) Defined Contribution and Tax Deferred Annuity Plan for Administrative Associate, Administrative and Faculty Employees, which was also renamed to Antioch University Defined Contribution Retirement Plan with this merger. Net assets of \$8,591,796 were merged into the Antioch University Defined Contribution Retirement Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of delinquent participant contributions for the period from January 1, 2025 through April 1, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan generally available to staff employees of Antioch University (the University or Employer), except student employees. If the employee is a staff employee of the University they will immediately be eligible for the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated effective January 1, 2019.

Transfers to another plan: On April 1, 2025, the Plan merged into the Antioch University 403(b) Defined Contribution and Tax Deferred Annuity Plan for Administrative Associate, Administrative and Faculty Employees, which was also renamed to Antioch University Defined Contribution Retirement Plan with this merger. Net assets of \$8,591,796 were merged into the Antioch University Defined Contribution Retirement Plan.

Contributions: Prior to the Plan's April 1, 2025 merger, each year, participants may contribute up to the maximum amount of pretax annual compensation, as defined by the Plan and as allowable under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the plan year are eligible to contribute additional contributions, as allowable under the IRC. Also, any participant who has 15 years of service with the University may make Special Code Section 403(b) Catch-up Contributions. The Plan also permits employees to contribute amounts representing distributions from other qualified plans and Roth deferrals. The Plan allows the University to make discretionary contributions only for employees who are not members of a bargaining unit and to require nonunion participants to work at least 1,000 hours during the plan year in order to be eligible for the discretionary employer contribution. In 2025, the discretionary contribution was 6% for all eligible nonbargaining unit employees and the required employer contributions for members of the bargaining unit was also 6% of compensation.

Participant accounts: Each participant's account is credited with the participant's contributions, the University's contributions and Plan earnings. The allocation of the participant's and the University's contributions follows the participant's directed investment options. Allocations of Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions as well as the University's contributions, plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. A participant is permitted to have three loans outstanding at a time. The loan amount processes as a reduction of the elected participant's investment funds on a pro rata basis. Loan terms may not be greater than five years unless the loan qualifies as a home loan. The loans are secured by the balance in the participant's account and have a fixed interest rate of 1% over prime interest rate. Principal and interest are paid directly by the participant to Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF). The loan balance has transferred to the Antioch University Defined Contribution Retirement Plan, effective April 1, 2025.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to severance of employment, death, disability or retirement, a participant or the beneficiary may elect to receive either a lump-sum amount equal to the vested value of his or her account, a partial payout, or installment payments as outlined by the Plan. A participant is also entitled to apply his or her individual account toward the purchase of an annuity contract.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the University at its discretion.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared under the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the related employer contribution are recorded each pay date in which the employee contributions are withheld from compensation.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through January 15, 2026, the date on which the financial statements were available to be issued.

Note 3. Information Certified by TIAA and CREF, as Issuer and as Agent for TIAA Trust, N.A., the Custodian

The following is a summary of the Plan's asset information as of April 1, 2025 and December 31, 2024, and for the period from January 1, 2025 through April 1, 2025, included throughout the Plan's financial statements and ERISA-required supplement schedule, obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, issuers for certain investments, and as agents for TIAA Trust, N.A., a qualified institution:

	2025	2024
Investments, at fair value:		
Mutual funds	\$ -	\$ 3,673,220
Variable annuity contracts	-	2,601,082
Guaranteed annuity contract—non-fully benefit-responsive	-	1,125,335
Pooled separate account	-	439,185
	-	7,838,822
Investments, at contract value:		
Guaranteed annuity contract—fully benefit-responsive	-	760,885
	\$ -	\$ 8,599,707
Notes receivable from participants	\$ -	\$ 23,297

TIAA and CREF also certified to the completeness and accuracy of the net depreciation in the fair value of investments of \$74,565, interest and dividends income of \$21,310, and interest on notes receivable from participants of \$404 for the period from January 1, 2025 through April 1, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 1, 2025 and December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Pooled separate account: The TIAA Real Estate fund is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Guaranteed annuity contract: The non-fully benefit-responsive portion of the fixed annuity contract is reported at contract value which approximates fair value. This determination is based on TIAA and CREF's credit rating and yield during 2025 and 2024 being comparable to similar alternative investments and the interest rate which resets annually being comparable to a 10-year U.S. Treasury bond.

The Plan's assets measured at fair value of \$0 at April 1, 2025, due to the net asset transfer into another plan. The following table set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2024:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,673,220	\$ -	\$ -	\$ 3,673,220
Variable annuity contracts	2,601,082	-	-	2,601,082
Guaranteed annuity contract— non-fully benefit-responsive	-	-	1,125,335	1,125,335
Pooled separate account	439,185	-	-	439,185
	<u>\$ 6,713,487</u>	<u>\$ -</u>	<u>\$ 1,125,335</u>	<u>\$ 7,838,822</u>

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from January 1, 2025 through April 1, 2025, there were no transfers in or out of Level 3.

The Plan's Level 3 investment assets had purchases of \$171,405 and no issuances for the period from January 1, 2025 through April 1, 2025.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements: The following table represents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
	2025	2024			
TIAA Traditional	\$ -	\$ 1,125,335	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.65%-6.50% (2024)

Note 5. Investment Contracts With TIAA and CREF

The Plan has a guaranteed annuity contract with TIAA and CREF. Under this contract are subcontracts, some of which are fully benefit-responsive while others are not. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the guaranteed fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA and CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are viewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Notes to Financial Statements

Note 5. Investment Contracts With TIAA and CREF (Continued)

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Investment contracts that are not fully benefit-responsive are included in the financial statements at contract value as reported by TIAA and CREF. TIAA and CREF has reported to the Plan that contract value approximates fair value for these investments at December 31, 2024. The contract was transferred to the Antioch University Defined Contribution Retirement Plan, effective April 1, 2025.

Note 6. Party-in-Interest Transactions

Certain Plan investments are managed by TIAA and CREF, the custodian of certain investments; therefore, these transactions qualify as party-in-interest transactions.

Certain employees of the University provide administrative services for the Plan and are not reimbursed for their services from the Plan.

During 2025, the Plan paid administrative expenses in the amount of \$2,807 to the custodian and Plan service providers.

Note 7. Tax Status

The Plan has adopted a 403(b) volume submitter plan sponsored by TIAA. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Staff Employees

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

There is no concentration of credit risk at April 1, 2025. Approximately 12% of the Plan's investments are held in one investment contract with TIAA at December 31, 2024. As such, this is considered a concentration of credit risk.

The guaranteed annuity contract has been certified at contract value, which approximates fair value, as reported to the Plan by TIAA and CREF. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant causing the financial statements to become materially misstated.

Note 10. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit \$393 of participant contributions within the required time frame as stated by the United States DOL regulations. The Plan Sponsor deposited lost earnings to correct this failure in January 2026. The correction was made from the Plan Sponsor's assets and not from assets of the Plan.
