Independent Auditor's Report

To the Plan Administrator
ITC Federal LLC Wrap Employee Benefits Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of ITC Federal LLC Wrap Employee Benefits Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and plan benefit obligations as of October 31, 2025; June 30, 2025; and June 30, 2024 and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the four-month period ended October 31, 2025 and the year ended June 30, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2025; June 30, 2025; and June 30, 2024 and for the four-month period ended October 31, 2025 and the year ended June 30, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As explained in Note 1 to the financial statements, the Plan transferred participants to another Plan effective July 1, 2024. This transfer is reflected as a transfer out in the financial statements. Our opinion has not been modified with respect to this matter.

As explained in Note 1 to the financial statements, the Trust associated with the Plan terminated effective October 31, 2025, with no further activity being paid by the Plan. As the Plan will no longer be active after this date, the financial statements cover the activity through October 31, 2025. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

To the Plan Administrator
ITC Federal LLC Wrap Employee Benefits Plan

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of June 30, 2025 and reportable transactions for the four-month period ended October 31, 2025 and the year ended June 30, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

October 31, 2025; June 30, 2025; and June 30, 2024

Note 1 - Plan Description

The following description of ITC Federal LLC Wrap Employee Benefits Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective July 1, 2024, benefits for certain participants were funded through an individual coverage health reimbursement arrangement. The only remaining activity for these participants related to the claim runout period which was completed by June 30, 2025.

Effective July 1, 2024, the remaining participants were transferred to the ITC Federal, LLC Wrap Employee Benefit Plan #503 (Plan #503). Assets associated with these participants were approximately \$192,000, and the impacted participants were no longer eligible for benefits under the Plan. Activity in the Plan subsequent to the creation of Plan #503 was primarily the run-out of claims until ITC Federal LLC (the "Company") took steps to terminate the trust and pay final administrative expenses related to the trust termination.

Effective October 31, 2025, the trust held at Wilmington Trust was terminated, and the assets held at Wilmington Trust were liquidated through payment of administrative expenses. There was no activity in the Plan through the date of this report.

General

A trust was formed to fund benefits of the Plan effective July 1, 2020. The Plan provides medical, dental, vision, disability, and other welfare benefits to eligible participants of ITC Federal LLC in accordance with plan provisions, as amended. Benefits are provided in accordance with plan provisions and are funded with employer and participating employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

All contributions to the Plan are made by the Company. The Company contributes such amounts, as determined by employment agreements, to provide the Plan with assets sufficient to meet the projected benefits to be paid to plan participants. Subsequent to June 30, 2024, no participant contributions were remitted to the Plan due to the above plan change.

Health and Welfare Benefits

The Plan provides various benefits, as noted above, all of which are fully insured except medical benefits, which became self-insured effective July 1, 2020. The Plan does not provide for postretirement or postemployment benefits other than COBRA benefits, if elected by the participant.

Claims of active participants and covered dependents are processed by the administrator group, but the responsibility for payments to participants and providers is retained by the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned.

October 31, 2025; June 30, 2025; and June 30, 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Rebate Receivable

Rebate receivable includes rebates owed to the Plan related to prescription claims at year end. No allowance has been recorded, as management deems all receivables to be collectible.

Claims and Premium Payments

Claims and premium payments are recorded when paid.

Claims Incurred but Not Reported

The Plan's liability for incurred but unreported claims is estimated using payments made subsequent to year end in conjunction with historical trend information. Claims can be submitted for payment up to 12 months following the date of service. The Plan's deficiency of net assets over claims incurred but not reported at June 30, 2024 are funded by company contributions.

Stop-loss Risk Insurance

Premiums for stop-loss insurance are included in insurance premiums paid in the accompanying statement of changes in net assets available for benefits. Stop-loss deductible was \$125,000 for the year ended June 30, 2025. There were no stop-loss recoveries for the year ended June 30, 2025, and no stop-loss premiums were paid for the period ended October 31, 2025.

Deposits

Deposits represent amounts deposited in advance for medical benefit payments processed by independent agencies.

Administrative Expenses

Various administrative costs are paid by the Company.

Payable to Claims Administrator

Amounts due to the claims processor that have not been reimbursed by the Plan are recorded as accounts payable in the accompanying statement of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The plan benefit obligations are reported based on actual claims paid subsequent to year end that were incurred prior to year end. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including January 14, 2026, which is the date the financial statements were available to be issued.

October 31, 2025; June 30, 2025; and June 30, 2024

Note 3 - Certified Information

Wilmington Trust (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by the Custodian.

Note 4 - Tax Status

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (the "Code"), and, accordingly, the trust's net investment income is generally exempt from income taxes. The plan sponsor believes that the trust continues to qualify and to operate in accordance with applicable provisions of the Code.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Money Market Fund

The money market fund is valued at the outstanding balance, which is the best estimate of fair value and is considered a Level 2 investment.

The fair market value of the money market fund as of October 31, 2025; June 30, 2025; and June 30, 2024 was \$0, \$11,772, and \$190,235, respectively.

Note 6 - Plan Termination

The Company has the right under the Plan to amend and terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, the Company will contribute the amount necessary to pay its share of the medical benefits incurred to the date of plan termination. Effective October 31, 2025, the trust has been terminated.
