INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Meridian Health Services Corp. 401(k) Plan
Muncie, Indiana

Scope and Nature of the *ERISA Section 103(a)(3)(C)* Audit

We have performed audits of the accompanying financial statements of the Meridian Health Services Corp. 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974 ("ERISA")*, as permitted by *ERISA Section 103(a)(3)(C)*. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with *ERISA Section 103(a)(3)(C)* pursuant to *29 CFR 2520.103-8* of the *Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure* under *ERISA*. As permitted by *ERISA Section 103(a)(3)(C)*, our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the *DOL's Rules and Regulations for Reporting and Disclosure* under *ERISA* ("qualified institution").

Management has obtained certifications from American United Life Insurance Company, a OneAmerica Company as of December 31, 2024, and for the period December 27, 2024 to December 31, 2024, and Principal Trust Company for the period January 1, 2024, to December 27, 2024, and as of December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of *ERISA Section 103(a)(3)(C)*.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA Section 103(a)(3)(C)* audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the *ERISA Section 103(a)(3)(C)* audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an *ERISA Section 103(a)(3)(C)* audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of delinquent participant contributions for the year ended December 31, 2024, and schedule of assets held at end of year as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the *DOL's Rules and Regulations for Reporting and Disclosure* under *ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the *DOL's Rules and Regulations for Reporting and Disclosure* under *ERISA*.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the *DOL's Rules and Regulations for Reporting and Disclosure* under *ERISA*.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of *ERISA Section 103(a)(3)(C)*.

MERIDIAN HEALTH SERVICES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Meridian Health Services Corp. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering eligible employees of Meridian Health Services Corp. (the “Company” or “Plan Sponsor”). Employees are eligible to participate in the Plan on the first day they meet the eligibility requirements. Participation is voluntary. Employees are eligible after attaining the age of 18. The Plan is subject to the provisions of *the Employee Retirement Income Security Act of 1974 (“ERISA”)*.

The Plan was amended and restated effective December 20, 2024, due to a change in service providers from Principal Trust Company (“Principal”) to American United Life Insurance Company (“AUL”), a OneAmerica company.

Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Participants may authorize pre-tax deferral contributions or post-tax Roth deferral contributions up to the maximum allowed by the Internal Revenue Code (“IRC”). When an employee is eligible, they are automatically enrolled at 6% of their pay, unless they choose a different percentage. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts from other qualified plans.

The Company matches 100% of the employee’s contribution up to 1% and 70% above 1% but not over 6%. In addition, the Company may make an additional nonelective contribution to the Plan at the discretion of the Company’s Board of Directors. No additional discretionary contributions were made for the 2024 and 2023 Plan years.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, Company contributions, and Plan investment earnings, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific transaction costs or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s matching contributions is based on years of continuous services. A participant becomes fully vested after two years of credited service.

MERIDIAN HEALTH SERVICES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Forfeited Accounts – The non-vested portion of former participants' accounts may be used to reduce employer contributions or pay administrative expenses of the Plan. During 2024, forfeitures totaling \$110,776 and \$898 were used to reduce Company contributions and pay administrative expenses. During 2023, forfeitures totaling \$214,276 were used to reduce Company contributions. Forfeited accounts totaled \$261,937 and \$169,921 at December 31, 2024 and 2023, respectively.

Payment of Benefits – Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount, a partial withdrawal, or a series of installments equal to the value of the participant's vested interest in their account. In-service and hardship withdrawals are also allowed as defined in the Plan document.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms shall not exceed 5 years except in the case of the purchase of a primary residence. The notes are secured by the balance in the participant's account. Notes bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are recorded at contract value). GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2024 and 2023.

Administrative Expenses – Administrative expenses are paid by the Company or Plan participants, as defined in the Plan document.

MERIDIAN HEALTH SERVICES CORP. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Investment Management Fees and Operating Expenses – Investment management and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

3. INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTIONS (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by *ERISA Section 103(a)(3)(C)* pursuant to *29 CFR 2520.103-8 of Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA*. Accordingly, AUL and Principal, qualified institutions, have certified to the following data included in the accompanying financial statements and supplemental schedule.

- Investments at fair value, investments at contract value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, capital gains distributions and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule of assets held at end of year as of December 31, 2024.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MERIDIAN HEALTH SERVICES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts ("PSA") – Valued at the net asset value ("NAV") of units held by the Plan at year-end provided by the issuer of the account. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. PSAs are comprised, primarily, of shares of mutual funds held through subaccounts of an insurance company at December 31, 2024. The PSAs seek to mirror the investment objectives and strategies of the underlying mutual fund for which the PSA is named. Certain PSAs are target date funds which seek capital appreciation and current income consistent with asset allocations that become more conservative over time to the specified retirement date. The investments are redeemable at the adjusted NAV on a daily basis under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

Common/Collective Trust Funds ("CCT") - Valued at the NAV of units held by the Plan at year-end provided by the issuer of the fund. NAV was used as a practical expedient to estimate fair value and was based on the value of the underlying investment assets at December 31, 2023. This practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) could occur daily. Were the Plan to initiate a full redemption of the CCT, the issuer reserved the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments on these investments.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily NAV and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. **FAIR VALUE MEASUREMENTS** (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2024				
Mutual funds	\$ 0	\$ 0	\$ 0	\$ 0
Total assets in the fair value hierarchy	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 0
Investments measured at NAV (*)				333,428

December 31, 2023				
Mutual funds	\$ 8,203,035	\$ 0	\$ 0	\$ 8,203,035

Investments measured at NAV (*)				26,421,707

* In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive traditional investment contract with AUL. AUL maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is included in the financial statements at contract value as reported to the Plan by AUL. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

AUL's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. The guaranteed investment contract does not permit AUL to terminate the agreement prior to a breach of the contract terms by the investor.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) Changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *ERISA*. The Plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

The Plan had a benefit-responsive investment contract with Principal. The guaranteed investment contract was included in the financial statements at contract value as reported to the Plan by Principal.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties-in-interest.

The Plan invests in pooled separate accounts and a fully benefit-responsive investment contract managed by AUL. AUL is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Notes receivable from participants and related activity also qualify as party-in-interest.

MERIDIAN HEALTH SERVICES CORP. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****7. INCOME TAX STATUS**

The Internal Revenue Service (“IRS”) ruled on November 30, 2020, that the non-standardized pre-approved plan sponsored by OneAmerica Financial Partners, Inc., upon which the Plan is based, is designed in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the determination letter. However, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan previously operated under a non-standardized pre-approved plan sponsored by Principal Life Insurance Company with an opinion letter dated June 30, 2020.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of Plan termination, participants would become 100% vested in all contributions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements.

10. SUBSEQUENT EVENTS

The Plan’s administrator has evaluated subsequent events through January 5, 2026, which is the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to remove the exclusion of leave cash-outs from post-severance compensation and added a last day of the year requirement to receive a discretionary Company nonelective contribution.

On January 3, 2025, the assets held in the AUL Stable Value Fund were reallocated to the investments selected by the Plan participants.

There were no additional subsequent events that require disclosure.
