INDEPENDENT AUDITORS' REPORT

Plan Administrator
LIFT 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the LIFT 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of July 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended July 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Empower"), a qualified institution, as of July 31, 2025 and 2024, and for the year ended July 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of July 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Supplemental Schedule Required by ERISA, Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIFT 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

July 31, 2025 and 2024

(1) PLAN DESCRIPTION

The following description of the LIFT 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Empower") were the custodians of the Plan.

General

LIFT Community Action Agency, Inc. (the "Company") is the Plan's sponsor. The Plan is a volume submitter plan that operates as a Section 403(b) defined contribution retirement plan. The Plan is designed to comply with Section 403(b) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective on August 1, 1995, and was amended and restated effective August 1, 2018. Eligible employees are defined as all employees except for non-resident aliens and employees who normally work less than 20 hours per week. Employees who are eligible may make elective deferrals to the Plan beginning on their date of hire.

Effective August 1, 2024, the Plan's eligibility provisions were amended to include employees as participants who normally work less than 20 hours per week and exclude temporary employees.

Contributions/Investment Options

Participants can make pre-tax or Roth elective deferral contributions to the Plan not to exceed the lesser of 100% of the participant's eligible compensation, as defined, or the maximum amount established by federal law. Eligible new employees of the Company are automatically enrolled in the Plan at an initial deferral rate of 3% unless otherwise elected by the employee. Participants age 50 and older may contribute up to an additional \$7,500 of catch-up contributions. After 6 months of a participant's service, the Company makes matching contributions of 200% of the first 5% of participant contributions. The Plan does not permit matching contributions on participant catch-up contributions. Participants may direct their elective deferral contributions and employer matching contributions to their account among various investment options offered through the Plan's custodians. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, the Company's matching contribution, and the allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) **PLAN DESCRIPTION, CONTINUED****Vesting**

Participants are 100% vested in contributions they make, and they become vested in matching contributions made by the Company according to the table below:

Vesting Schedule	
Matching Contributions	
<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

A participant is considered to have attained a year of service for vesting purposes when 1,000 hours have been attained during the plan year. Participants become automatically 100% vested upon death. Participants who terminate for any other reason are entitled to the vested amount of their participant accounts.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or up to 50% of their vested account balance. The minimum loan is \$1,000. Loans are secured by the balance in the participant's account. Loans shall provide for level amortization with payments to be made over a period not to exceed 5 years except for loans to purchase a principal residence, which can exceed 5 years. A reasonable rate of interest is charged to each participant. A participant may have only two loans outstanding at a time. Upon termination, retirement, or death, the participant or beneficiary has the option to pay off the outstanding loan balance. If the participant elects to not pay off the loan, the outstanding loan balance is converted to an early withdrawal. At July 31, 2025 and 2024, participant notes receivable outstanding were \$442,098 and \$456,126, respectively, with interest rates varying from 3.25% to 10.50%, for the years ending July 31, 2025 and 2024.

Withdrawals/Benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum or installment amounts equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

A terminating member of the Plan is paid the current value of their elective deferral contributions to the Plan but will forfeit all Company matching contributions to the extent they are nonvested. As of July 31, 2025 and 2024, there were no unpaid vested benefits to participants who had requested a withdrawal from the Plan.

See Independent Auditors' Report.

(1) **PLAN DESCRIPTION, CONTINUED**

Forfeitures

During the years ended July 31, 2025 and 2024, nonvested amounts forfeited totaled approximately \$28,000 and \$27,000, respectively. These amounts are reallocated to participants' accounts as additional employer matching contributions. In 2025 and 2024, the Company reallocated approximately \$26,000 and \$33,000, respectively, from these forfeited nonvested amounts to participants' accounts. The balance of forfeited nonvested amounts as of July 31, 2025 and 2024, was approximately \$31,000 and \$26,000, respectively.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial plan termination, participants will become 100% vested in their accounts.

Administration of Plan Assets

The Plan is administered by the Company, and an officer of the Company is the trustee. The custodians invest the contributions received, as well as interest and dividend income, and make distributions to participants.

Administrative Costs

The Company absorbs certain administrative costs of the Plan, which are paid directly by the Company and are excluded from these financial statements. In addition, the Plan allows certain administrative expenses to be paid from plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup.

(2) **SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

See Independent Auditors' Report.

(2) **SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value using quoted market prices, if available, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's realized gains and losses on investments bought and sold, as well as unrealized gains and losses for investments held, during the year. See Note 4 for a discussion of fair value measurements.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Guaranteed Investment Contract with Insurance Company

The Plan holds a traditional investment contract that was considered fully benefit-responsive as of July 31, 2025 and 2024. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for plan benefits is prepared using the contract value for fully benefit-responsive contracts.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Accrued and unpaid interest at July 31, 2025 and 2024, was a nominal amount. No allowance for credit losses has been recorded as of July 31, 2025 or 2024. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before the Plan year-end that were not paid.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through January 14, 2026, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(3) **INVESTMENTS AT FAIR VALUE**

During 2025, the Plan’s investments, including gains and losses on investments bought and sold, as well as held, during the year appreciated in value as follows:

Mutual funds	\$ <u>645,580</u>
--------------	-------------------

(4) **FAIR VALUE MEASUREMENTS**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Accounting Standards Codification Topic 820, “Fair Value Measurement,” establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity’s own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair values of its assets and liabilities.

See Independent Auditors’ Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) **FAIR VALUE MEASUREMENTS, CONTINUED**

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Mutual Funds

The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized security exchanges.

The fair values of financial instruments measured on a recurring basis at July 31 were as follows:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Measured at <u>Fair Value</u>		
<u>2025</u>				
Financial assets:				
Mutual funds	\$ 8,966,406	<u>8,966,406</u>	<u>-</u>	<u>-</u>
<u>2024</u>				
Financial assets:				
Mutual funds	\$ 9,223,703	<u>9,223,703</u>	<u>-</u>	<u>-</u>

(5) **GUARANTEED INVESTMENT CONTRACT**

As of July 31, 2025 and 2024, the Plan held a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America totaling \$1,820,385 and \$2,252,551, respectively. The EI Fixed Account—Series Class V fund is a group annuity contract and is a general account product of Empower Annuity Insurance Company of America. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. Contract value is the relevant measurement attribute for this fund. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

See Independent Auditors' Report.

(5) **GUARANTEED INVESTMENT CONTRACT, CONTINUED**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, or (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan. As of July 31, 2025 and 2024, no events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The average yield earned by the Plan for 2025 and 2024 of 2.85% and 2.56%, respectively, is derived by averaging the quarterly gross interest rates for the fund over the year.

(6) **INFORMATION CERTIFIED BY PLAN CUSTODIANS**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of July 31, 2025 and 2024.
- Investment activity (net appreciation in fair value of mutual funds, dividends and interest) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended July 31, 2025.
- Schedule H, line 4i—schedule of assets (held at end of year) as of July 31, 2025, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) TAX STATUS

The Plan is a volume submitter plan offered through Empower, a custodian of the Plan. The plan administrator has adopted a written 403(b) plan that is intended to satisfy the regulatory requirements of the IRS and believes that the Plan has been operated in accordance with the written plan. The Plan qualified under the Code and thus the Plan is exempt from federal income taxes. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes the Plan is no longer subject to income tax examinations for periods prior to 2022.

(8) PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by employees of the Company. No officer or employee receives compensation from the Plan for these services. Certain administrative expenses totaling approximately \$39,000 were paid by the Company on behalf of the Plan for each of the years ended July 31, 2025 and 2024. The Company does not expect reimbursement from the Plan for these expenses.

The Plan investments are managed by Empower. In addition, the Plan holds notes receivable from participants. These transactions qualify as party-in-interest transactions.

Certain fees incurred by the Plan are included in the net appreciation in fair value of investments, as they are paid through revenue sharing rather than direct payment. The Plan also made direct payments to service providers, which were not covered by revenue sharing. The Plan received revenue sharing credits to the Plan's expense account of approximately \$40,000 during each of the years ended July 31, 2025 and 2024.

(9) RISKS AND UNCERTAINTIES

Plan participants may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

See Independent Auditors' Report.
