INDEPENDENT AUDITORS' REPORT

Plan Trustees and Plan Administrator
Employee Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Employee Services, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Reliance Trust Company, a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) DESCRIPTION OF THE PLAN

The following description of the Employee Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Reliance Trust Company is the custodian of the Plan.

General

The Plan is a defined contribution plan covering full-time and certain part-time employees of Pharmcare and Employee Services USA, a controlled group as defined, collectively referred to as Employee Services, Inc. (the "Company"), who have 2 months of employment and are at least 18 years of age. The Plan is a prototype non-standardized 401(k) profit sharing plan and is designed to comply with the regulations of the Internal Revenue Code of 1986, as amended (the "Code"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a Board of Trustees (the "Trustees"), comprised of individuals appointed by the Company's Board of Directors.

Contributions

Participants may elect to contribute to the Plan. The Plan permits eligible employees, through salary deferral election, to have the Company make self-directed contributions of eligible annual compensation. Such percentage shall not exceed 90% of eligible annual compensation. Employee rollover contributions are also permitted. The Plan also allows for Roth after-tax contributions.

The Company may make a discretionary matching contribution of a participant's deferrals, as well as a discretionary profit sharing contribution. During 2022 and 2021, the Company made a discretionary matching contribution equal to 50% of a participant's contribution up to 5% of the participant's eligible compensation. During 2022 and 2021, the Company elected not to make a discretionary profit-sharing contribution. Contributions are subject to certain limitations of the Plan and the Code. Forfeitures are used to pay plan administrative expenses and then reduce the Company's matching contributions.

The Plan includes an automatic enrollment feature. Upon eligibility, employees are automatically enrolled into the Plan with a 2% deferral percentage, unless an employee signs a waiver to decline the enrollment. The deferral percentage will be increased 1% annually, up to a maximum of 5%.

Participant Accounts/Investment Options

Each participant's account is credited with the participant's contributions, the Company's contributions, and the allocation of (1) plan earnings and (2) plan expenses. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions and Company contributions to their account among various investment options offered by the Plan. Participants may change their investment elections at any time.

See Independent Auditors' Report.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service.

Participants vest in employer matching contributions and employer profit sharing contributions in accordance with the following schedule:

<u>Plan Years of Credited Service</u>	<u>Percent of Account Vested</u>
0–1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive the value equal to the participant's vested interest as either a lump sum, a partial withdrawal, payments over a period certain, or a direct rollover to another eligible retirement plan. For termination due to other reasons, a participant may receive the value of the participant's vested interest as a lump-sum distribution. The Plan permits participants to receive in-service distributions for those who have reached age 59½ or have in-service hardships. Certain conditions must be met for a participant to receive in-service payments.

The amounts of accounts for participants who have withdrawn from the Plan but have not received a distribution totaled \$1,631,172 and \$1,066,822 as of December 31, 2022 and 2021, respectively.

As of December 31, 2022 and 2021, there were no unpaid vested benefits to participants who had requested withdrawal of their account.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) **DESCRIPTION OF THE PLAN, CONTINUED**

Forfeitures

The Company's contributions and earnings thereon which become forfeited as a result of any benefit payment or withdrawal provisions of the Plan may be used to reduce the Company's matching contributions and to pay plan expenses. Forfeitures of nonvested portions of participants' accounts during 2022 were approximately \$43,000, of which approximately \$34,000 was used to reduce the Company's matching contributions during 2022. Unallocated forfeitures at December 31, 2022 and 2021, were approximately \$17,000 and \$8,000, respectively.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow a minimum of \$1,000 and a maximum of \$50,000 or 50% of their vested account balance and may have only one loan outstanding at a time. The loans are secured by the balance in the participant's accounts, with a fixed interest rate equal to the Wall Street Prime rate plus 1% at the time the loan is issued. Loans are to be repaid ratably through payroll deductions over a period not greater than 5 years, except for loans for a purchase of a principal residence, which are repayable over a period not to exceed 30 years.

Administration of Plan Assets

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan for these administrative functions.

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

Investment Valuation and Income Recognition

Investments in registered investment companies and the stable value fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of the stable value fund and Note 4 for a discussion of fair value measurements for the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Investment-related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses had been recorded.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan expenses may be paid by the Company or charged to the Plan and deducted from the participants' accounts. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. During the years ended December 31, 2022 and 2021, \$50,203 and \$46,928, respectively, of expenses were paid by the Plan.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(3) STABLE VALUE FUND

The Plan's investments include the Invesco Stable Value Fund (the "Fund"), which is comprised of common/collective trust funds, synthetic guaranteed investment contracts (referred to hereafter as wrapper contracts), and a short-term interest fund. The Fund is sponsored by Invesco Trust Company. The Fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan. The Fund accomplishes these objectives through the wrapper contracts, which contract value to the extent the fair value of the underlying investments in the common/collective trust funds is less than contract value.

In a wrapper contract structure, the underlying investments are held under the Fund through a group trust (i.e., common/collective trust funds) for retirement plan participants. The Fund purchases wrapper contracts from insurance companies and banks that credit a stated interest rate for a specified period of time. The wrapper contracts guarantee the contract value of the underlying investments for participant-initiated events. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuers of the wrapper contract provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. If the financial institution guaranteeing the wrapper contract fails to perform in accordance with the wrapper contract, the value of the Plan's investments in the Fund and the value of the wrapper contract would be subject to additional market gains and losses.

The crediting rates are typically reset on a monthly or quarterly basis and are based on the market value and performance of the underlying portfolio of assets backing these contracts. Inputs used to determine the crediting rate include each contract's portfolio market value, current yield-to-maturity, duration (i.e., weighted-average life), and market value relative to contract value. All contracts have a guaranteed rate of 0% or higher.

Because changes in market interest rates affect the yield-to-maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Fund are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(3) STABLE VALUE FUND, CONTINUED

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include (i) termination of the Plan, (ii) a material adverse change to the provisions of the Plan, (iii) if the Company elects to withdraw from a wrapper contract in order to switch to a different investment provider, or (iv) if the terms of a successor plan (in the event of the spin-off or sale of a business unit) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments. The events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future. At December 31, 2022, the Company believes the occurrence of an event that would limit the ability of the Fund to transact at contract value with the participants in the Fund is not probable.

The plan administrator may elect to liquidate the Plan's investments in the Fund in whole or in part generally upon advance notice of 10 days to Invesco Trust Company, with the proceeds paid within 60 days thereafter. Any such liquidation from the Fund may cause the Plan to incur termination or other withdrawal-related costs. There are currently no restrictions on participant-directed withdrawals from the Fund.

(4) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) FAIR VALUE MEASUREMENTS, CONTINUED

Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurement," establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

Shares of registered investment companies are valued at quoted market prices determined from nationally recognized securities exchanges.

Stable Value Fund

Reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in ASC Topic 946, "Financial Services—Investment Companies." Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following table sets forth additional disclosures of the Plan's investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. The redemption notice period for the stable value fund is applicable only in the event the Plan terminates the investment fund. The notice period is not applicable to plan participants.

(5) INFORMATION CERTIFIED BY PLAN CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as certified by the custodian.

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2022 and 2021.
- Investment activity (net depreciation in fair value of investments, interest, and dividends) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022.
- Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(6) **TAX STATUS**

Effective October 1, 2017, the Plan was amended and restated through the adoption of the Automatic Data Processing (ADP) prototype non-standardized defined contribution plan. The Internal Revenue Service has determined and informed ADP, LLC by a letter dated July 16, 2014, that the prototype non-standardized defined contribution plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended from the prototype non-standardized defined contribution plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2020.

(7) **TRANSACTIONS WITH PARTIES-IN-INTEREST**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Plan's third-party administrator and independent auditor qualify as party-in-interest transactions.

(8) **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and all accounts will be distributed in a lump sum.

(9) **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

See Independent Auditors' Report.
