Report of Independent Auditors

The ESOP Committee of
Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the plan sponsor of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan entered into an agreement to be acquired by a new ownership group on November 4, 2022. As part of this agreement, the Plan was terminated. The financial statements are presented on the liquidation basis of accounting effective November 4, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Line 4(i) – Schedule of assets (held at end of year) as of December 31, 2022 and the Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan were audited by predecessor auditors whose report dated October 7, 2022, expressed an unmodified opinion on those financial statements.

Westbrook Sales and Distributing Corporation

Employee Stock Ownership Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Westbrook Sales and Distributing Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of the Plan's provisions.

General – Westbrook Sales and Distributing Corporation (the Company) established the Plan effective January 1, 2007, as a leveraged employee stock ownership plan designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. An independent third-party custodian, Principal Life Insurance Company, has been appointed.

On March 12, 2007, the Plan purchased 100% of the Company common stock using the proceeds from a note with the Company for a loan of \$21,000,000 (see Note 7). The note was collateralized by the unallocated shares of stock and was guaranteed by the Company. The Company has no rights against shares of stock once they are allocated to participants in accordance with the terms of the Plan. Accordingly, the financial statements present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock (allocated), and common stock not yet allocated to employees (unallocated).

Plan Termination – On November 4, 2022, the Company and its wholly owned subsidiaries entered into an agreement to be acquired by a new ownership group through a newly formed entity, Westbrook Manufacturing Holdings LLC. In connection with the acquisition, the Plan was terminated. The financial statements are presented on the liquidation basis of accounting effective November 4, 2022

As a result of the sale, the Company agreed to cancel the balance of the Plan's note payable and accrued interest of \$6,976,868 (Note 6) in exchange for 113,964 shares. The remaining 1,870,635 shares were fully allocated to participants and includes previously allocated shares along with the shares allocated from the annual debt payment.

Upon liquidation of the Plan's remaining net assets, the Plan's trustee shall distribute the interest of each participant in the trust fund to such participant or his or her beneficiary at the time prescribed by the Plan's provisions.

Eligibility – Employees of the Company are eligible to participate in the Plan after attaining 21 years of age and completing one year of eligible service with the Company. Collective bargaining employees, non-resident aliens, leased employees, and independent contractors are not eligible to participate in the Plan.

In conjunction with the sale of the Company in November 2022, the Plan was amended to allow employees hired during 2021, who had at least 1,000 hours of service and were employed on September 30, 2022 regardless of age, to be eligible participants for the entire 2022 plan year and receive a full allocation of the shares released during 2022, along with any distributed and forfeited shares.

Westbrook Sales and Distributing Corporation

Employee Stock Ownership Plan

Notes to Financial Statements

Contributions – The Company makes all contributions to the Plan. Participant contributions are not permitted to the Plan. The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its note payable.

Participant accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of shares of Company common stock released from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participant accounts vest according to the following schedule:

<u>Credited Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Effective November 4, 2022, all participants became fully vested in their account balance.

Payment of benefits – Distributions shall be made in accordance with the Plan document when a participant retires, becomes disabled, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. In general, prior to the sale, a participant's account will be distributed in cash through repurchase of shares by the Plan at a price representative of the fair market value of the stock.

Forfeitures – The unvested part of a terminated participant's account balance is forfeited. Plan forfeitures are allocated to each participant's account pro-rata to eligible compensation. A participant must have 1,000 hours of service in the plan year and must have been employed on the last day of the plan year to receive an allocation of forfeitures.

Diversification – Prior to November 4, 2022, diversification was offered to participants close to retirement so they would have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who were at least age 55 with at least ten years of participation in the Plan could elect to diversify a portion of their account.

Voting rights – Generally, the Plan's trustee votes the shares of Company common stock held in the Plan except pass through for major corporate issues. The trustee has a fiduciary responsibility to vote on behalf of the collective best interest of plan participants and beneficiaries.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting. Effective November 4, 2022, the Plan changed its basis of accounting to the liquidation basis of accounting based on the Plan's imminent termination.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Allocations – The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent events – The Plan has evaluated subsequent events through September 15, 2025, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

The Internal Revenue Service determined and informed the Company by a letter dated April 14, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Internal Revenue Service also determined and informed the Company by a letter dated January 25, 2024, that the termination of the Plan does not affect its qualification with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Investments

The Plan's investment in Company common stock as of December 31, 2021, is summarized as follows:

	December 31, 2021		
	Allocated	Unallocated	Total
Westbrook Sales and Distributing Corporation common stock			
Number of shares	1,402,196	582,403	1,984,599
Cost	\$ 14,723,059	\$ 6,115,232	\$ 20,838,291
Fair market value per share	\$ 7.78	\$ 7.78	\$ 7.78
Fair market value	\$62,902,554	\$26,126,565	\$89,029,119

Note 5 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table discloses by level the fair value hierarchy as of December 31:

	Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual fund	<u>\$ 111,401,589</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 111,401,589</u>
	Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Westbrook Sales and Distributing Corporation common stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 89,029,119</u>	<u>\$ 89,029,119</u>

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Mutual fund – Shares held in the registered investment company (mutual fund) are valued at the daily closing price as reported by the fund. This fund is required to publish their daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded. The mutual fund held by the Plan is an open-ended money market mutual fund that is registered with the U.S. Securities and Exchange Commission.

Company common stock - The fair market value of the Company common stock held by the Plan is valued based upon an independent appraisal. This appraisal used the Income-Based Approach Discounted Cash Flow Method. This method uses five-year cash flow forecasts based on management's projections and expectations, in combination with an analysis of historical results and trends and then discounted for lack of marketability and lack of control.

The preceding method described may produce a fair market value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair market value of certain financial instruments could result in a different fair market value measurement at the reporting date.

The following table sets forth the basic valuation techniques and inputs used in arriving at fair value as of December 31, 2021:

Instrument	Valuation Techniques	Unobservable Input
Westbrook Sales and Distributing Corporation common stock	Income	Weighted-average cost of capital Projected EBITDA margin Discount rate

Note 6 – Note Payable

On March 12, 2007, the Plan entered into a \$21,000,000 promissory note with the Company. The proceeds of the notes were used to purchase the Company's outstanding common stock. Unallocated shares were collateral for the note. The agreement provided for the note to be repaid over 25 years. The note bore interest at a fixed rate of 5% annually. The Plan could repay the principal amount outstanding under notes in whole or in part without premium or penalty. During the year ended December 31, 2022, the Plan made principal and interest payments on the note totaling \$1,029,156. Effective November 4, 2022, the Company canceled the remaining note balance of \$6,977,289 in exchange for 113,964 unallocated shares, as described in Note 1.

Note 7 – Related Party Transactions

The Plan invested in Company common stock as of December 31, 2021 and during the period from January 1, 2022 to November 4, 2022, and had a note payable agreement with the Company.
