INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee of
ZaraZophiya Enterprises 401(K)
8788 BLDG. 1 Suite P
ELK Grove, CA 95624

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Zarazophiya Enterprises 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of ZaraZophiya Enterprises 401(K) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan available to eligible employees of the ZaraZophiya Enterprises 401(K). The Plan is intended to qualify under Section 401(K) of the Internal Revenue Code (IRC). Generally, all employees of the Employer are eligible to enroll in the Plan, which is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

B. Contributions

Contributions from employees and the Employer are recorded in the period in which payroll deductions are made from participant earnings. Under the provisions of the Plan, employees may elect to contribute any percentage of their salary, subject to the maximum limits permitted by law. Employees who have attained age 50 are eligible to make additional catch-up contributions, which are limited to \$7,500 for the year 2024.

Contributions are subject to certain limitations. The limits include:

	<u>2024</u>
Elective Deferrals	\$ 23,000
Catch-up Contributions	\$ 7,500
Defined Contribution Limits	\$ 69,000
Annual Compensation	\$ 345,000

C. Participant Investment Rollovers

Participants are permitted to transfer or rollover funds into the Plan from other qualified plans or 401(K) plans, including individual retirement accounts, provided certain conditions are met. As of December 31, 2024, the Plan had participant rollover contributions amounting to \$5,666.

D. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and earnings thereon and is charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants select the allocation of investment funds to be applied to contributions credited to their account. Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

E. Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the employer's contributions into various investment contracts and annuity options offered by the Plan.

F. Vesting

Participants are fully and immediately vested in their voluntary contributions, Employer's contributions, and actual earnings thereon. The value of the participant's account attributable to the Employer's contribution is fully vested as of the first day on which such contribution may be made to the Plan.

NOTE 1 - DESCRIPTION OF PLAN - CONT'D

G. Notes Receivable from Participants

The Plan allows the Administrator to grant loans to Participants or Beneficiaries in line with the Plan Loan Policy and Trust Agreement. Loans are available on a uniform and nondiscriminatory basis and not in greater amounts to Highly Compensated Employees. Each loan must carry a reasonable interest rate, be adequately secured (usually by the participant's vested account balance), and repaid periodically within a reasonable time. Loans cannot exceed the participant's vested interest, and may extend to eligible employees if rollovers are allowed. Spousal written consent is required when the vested balance is used as collateral, except for loans under \$5,000. In case of default, the vested balance may be offset by the unpaid amount. Upon a participant's death, the account is reduced by the outstanding loan before distribution. Participant loans are treated as plan assets and reported as notes receivable in the financial statements.

H. Benefits and Withdrawals

Benefits under the Plan become payable upon a participant's retirement, termination of employment, death, or other qualifying events as defined by the Plan. Distributions may be made in a lump sum, installments, or other optional forms elected by the participant, based on the fair market value of investments at the date of distribution. In-service withdrawals are permitted only under limited conditions, such as hardship or attainment of age 59½. Hardship withdrawals are allowed solely for immediate and heavy financial needs, limited to the required amount, in accordance with IRS rules. Rollovers to other qualified retirement plans or IRAs are also permitted. Upon a participant's death, the vested balance is paid to the designated beneficiary or surviving spouse. All benefits and withdrawals comply with Plan provisions and applicable ERISA and Internal Revenue Code requirements. The Plan disbursed benefits to participants totaling \$1,848 as of December 31, 2024.

I. Administrative expenses

The Plan has elected to pay certain administrative expenses relating to the Plan. Loan administration fees and certain investment management fees are paid by the participants through the Plan. The Plan has paid administrative expenses \$19, as of December 31, 2024.

J. Forfeited Accounts

Forfeitures of employer contribution amounts are used to offset the Plan expenses and reduce future employer match contributions, or any remaining amounts may be reallocated as additional contributions. As of December 31, 2024, there were no forfeited non-vested account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

B. Use of Accounting Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

C. Investment Valuation and Income Recognition

In compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan values its investments at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. In accordance with valuing investments at fair value, the net unrealized appreciation or depreciation is presented in the statements of changes in net assets available for benefits.

D. Payments of Benefits

Benefit payments to participants are recorded when paid.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED

The Plan has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as reported on the Statements of Net Assets Available for Benefits as of December 31, 2024;
- Net investment gain and dividend income as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment amounts included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule of Assets (Held at the End of Year) - as of December 31, 2024.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED - CONT'D

At the request of the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2024.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by ADP Retirement Trust Services is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 6 - TAX STATUS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that is more likely than not to be sustained upon examination by the federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - ERISA FIDELITY BOND

In accordance with ERISA Section 412, the Plan covers a fidelity bond intended to protect the Plan from the risk of loss due to fraud or dishonesty on the part of persons who handle funds or other property on behalf of the Plan.

NOTE 10 - EVALUATION OF SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through December 31, 2025, the date on which the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements, nor have any subsequent events occurred, the nature of which would require disclosure.
