INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Scot Industries, Inc. Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of Scot Industries, Inc. Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2025, and 2024, and the changes in its net assets available for benefits for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Scot Industries, Inc. Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a profit sharing plan covering all employees of Scot Industries, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan Sponsor.

PLAN ADMINISTRATION

The Plan is administered by the Profit Sharing Plan Committee. Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. The Company pays administrative expenses of maintaining the Plan.

CONTRIBUTIONS

Contributions to the Plan are at the discretion of the Board of Directors of the Company and are allocated to each participant based upon the participant's annual covered compensation. Employee contributions are neither required nor allowed.

ELIGIBILITY

Full-time employees of the Company are eligible to participate in the Plan on their date of hire. Part-time employees become participants on the first day of the month following the completion of the 12-month period in which they complete 1,000 hours of employment. Participants are eligible for profit sharing contributions if they are employed at the end of the Plan year.

PARTICIPANT ACCOUNTS

Each participant's account is credited with an allocation of the Company's contribution, Plan earnings, and forfeitures of terminated participants' non-vested accounts. Allocations of Plan earnings are based on participant account balances as defined by the Plan document. Allocations of employer contributions and forfeitures are based on covered compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENT OPTIONS

The assets of the Plan are invested by the Trustees, Steven L. Wilmeth and David R. Jacks. Plan assets are invested for the benefit of the Plan participants with prudent care and in accordance with the authority granted by the Plan document.

Each participant may elect to segregate their account for investment in a guaranteed principal account, such as a savings account or money market account. Those participants will only be credited with earnings from their segregated account. At June 30, 2025 and 2024, the value of segregated accounts was \$16,403,685 and \$12,976,957, respectively. The segregated account had earnings of \$740,060 for the year ended June 30, 2025.

VESTING

Participant accounts vest 20 percent per completed year of service beginning with the completion of year two, and the accounts are then fully vested after six years of credited service. Any person leaving the Plan prior to being 100 percent vested forfeits the non-vested portion of their account.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, or normal retirement age, a participant may either elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments. However, installments are limited to one per year. Upon termination, a participant cannot receive a distribution until after the fourth June 30th following their termination or, if earlier, the attainment of age 60 (normal retirement age as defined by the Plan). At that time, a terminated participant's distribution must be a lump sum.

If, by the determination of the Plan Administrator, an active employee suffers a true economic hardship, he or she may receive a distribution of part or all of his vested account balance. Circumstances that may be considered include an illness or death in the family, educational expenses, or the purchase of a family home.

FORFEITURE ACCOUNTS

Forfeitures are allocated to eligible participants' accounts on the last day of the Plan year based on their covered compensation. Participants must be employed on the last day of the Plan year to receive an allocation. At June 30, 2025 and 2024, forfeited nonvested accounts totaled \$796,762 and \$879,002, respectively, and were allocated among remaining eligible participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, which includes investment fees charged within each mutual fund.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

EXPENSES

All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

DATE OF MANAGEMENT'S REVIEW OF EVENTS

Subsequent events were evaluated through October 16, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value, as defined by the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2025 and 2024:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. Money market funds are valued using the quoted net asset value of the fund units.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of June 30, 2025 and 2024:

Assets at Fair Value as of June 30, 2025		
	Fair value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Money market funds	\$ 16,403,685	\$ 16,403,685
Mutual funds	173,526,004	173,526,004
Total assets at fair value	\$ 189,929,689	\$ 189,929,689
Assets at Fair Value as of June 30, 2024		
	Fair value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Money market funds	\$ 12,976,957	\$ 12,976,957
Mutual funds	160,029,286	160,029,286
Total assets at fair value	\$ 173,006,243	\$ 173,006,243

Gains and losses included in changes in net assets available for benefits are reported in net appreciation in fair value of investments.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Company pays certain administrative expenses on behalf of the Plan, which qualify as exempt party-in-interest transactions under the provisions of ERISA.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated October 27, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter to comply with IRS updates regarding required minimum distributions. The Plan Administrator and the Plan’s Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan’s federal returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a money market fund. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the statements of net assets available for benefits.
