|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HERBEIN & COMPANY, INC.**

(2) EIN: **23-2415973**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount  |
|--|-----|----|---------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |         |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors  
Santander Holdings, USA. Inc.**

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Santander 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Santander 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Santander 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Santander 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Santander 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters - Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of Plan

The following brief description of the Santander 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

### *General*

The Plan is a defined contribution plan and is sponsored by Santander Holdings USA, Inc. (“SHUSA”). The Plan provides benefits to employees of SHUSA or one of the following participating employers: Santander Bank N.A., Ingenieria de Software Bancario, S.L. (now Santander Global Technologies), Santander Technology USA, LLC, Banco Santander S.A. New York Branch, Banco Santander International, Santander Consumer USA Inc, Deva Capital Advisory Co., NW Service Co. and Santander Capital Holdings. As of January 1, 2023, Pierpont Capital Holdings LLC became a participating employer in the Plan. In February 2023, Pierpont Capital Holdings LLC and Santander Investment Securities merged to become Santander Capital Holdings. On February 28, 2023, the Plan document was amended to merge Pierpont Capital Holdings LLC 401(k) plan into the Plan effective March 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Employees are eligible to participate in the Plan immediately upon hire. The SHUSA Benefits Committee (“BC”), a subcommittee of SHUSA's Board of Directors, is responsible for oversight of the Plan and selects and monitors the Plan's investment offerings.

### *Contributions*

Participants may annually contribute up to 75% of their compensation to the Plan on a pre-tax, Roth, and/or after-tax basis. Pre-tax and Roth contributions are subject to Internal Revenue Code (“IRS”) limitations. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. In accordance with federal law, the 2024 and 2023 annual pre-tax and Roth contributions were limited to \$23,000 and \$22,500, respectively, for participants who are below age 50. Participants who are age 50 or older and have made the maximum contribution to the Plan can make an additional catch up contribution to the Plan through payroll deductions up to a maximum of \$7,500 in 2024 and 2023.

Participants may direct their contributions to various investment options consisting of common collective trusts and selected registered investment companies. Participants may not direct any future contributions to purchase Santander American Depositary Shares (“ADSs”).

### *Withdrawals*

Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A hardship withdrawal of participant pre-tax contributions and certain grandfathered matching contributions is available under limited circumstances and must be at least \$500. A non-hardship withdrawal is available under certain circumstances depending on the age of the participant. Active participants over age 59½ may elect to make an in-service withdrawal from their 401(k) accounts with limitations to certain accounts. Active participants over age 65 may elect to make an in-service withdrawal from their entire 401(k) account.

## 1. Description of Plan (continued)

### *Employer Contributions*

The Plan's matching contribution is 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Matching contributions are made in cash and invested in accordance with the Participant's investment election. Profit-sharing contributions are discretionary. There were no discretionary profit-sharing contributions for the Plan years ended December 31, 2024 and 2023.

For the year-ended December 31, 2024, employer contributions were \$73,886,590 of which \$6,460,079 was in a receivable position at December 31, 2024. This amount was subsequently credited to the employees' accounts in 2025. For the year-ended December 31, 2023, employer contributions were \$73,718,866 of which \$6,115,561 was in a receivable position at December 31, 2023, which was subsequently credited to employees' accounts in 2024.

The Plan provides for a special sponsor true-up matching contribution. The special contribution is based on a recalculation of all matching contributions made during the fiscal year. If the calculation results in a larger total matching contribution, then a special matching contribution will be made to an employee's account during the following fiscal year. As of December 31, 2024, there was an outstanding receivable to the Plan of \$6,460,079 related to the additional sponsor contributions. This amount is included in the total employer contributions receivable amount of \$6,460,079 and was contributed in March 2025. As of December 31, 2023, there was an outstanding receivable to the Plan of \$6,115,561 related to the additional sponsor contributions. This amount is included in the total employer contributions receivable amount of \$6,115,561 and was contributed in March 2024.

### *Participant Accounts*

Each eligible participant's account is credited with the participant's contributions, matching contributions, if any, and gains and losses based on the participant's individual investment direction. Active participants are 100% vested in their entire 401(k) account balances at all times.

### *Participant Notes Receivable*

Participants may borrow from their 401(k) accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 less the highest outstanding loan balance during the past 12 months or 50% of their vested 401(k) account balance determined as of the date of the loan. A maximum of one outstanding note receivable is permitted at any time. Note receivable terms range from 1 year to a maximum of 5 years and are secured by the balance in the participant's account. However, the note receivable repayment period can be extended up to 10 years for the purchase of a principal residence. Interest rates are fixed at the time of borrowing and ranged from 4.25% to 9.50% at December 31, 2024 and 2023. Principal and interest are paid ratably through payroll deductions.

## 1. Description of Plan (continued)

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution. Upon termination of service, a participant may receive a lump-sum distribution equal to the vested value of his or her account or have his or her account rolled over into an eligible retirement plan. Distribution is mandatory for vested accounts up to \$5,000. For accounts over \$5,000 the participant may delay distribution until his or her required beginning date. The portion of a participant's account invested in Santander ADSs may, at the election of the participant, be distributed either in Santander ADSs or in cash.

### *Plan Termination*

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### *Forfeitures*

Forfeitures are used to cover the Plan's administrative expenses. There were no forfeitures in 2024 or 2023.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The Plan's financial statements have been prepared on the accrual basis of accounting. Revenue is recognized as earned. Benefits paid to plan participants are recorded when paid. All other expenses are recorded as incurred.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### *Management Estimates*

### Valuation of Investments and Income Recognition

The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end and approximates fair value. The Plan's interest in certain common collective trusts that are not fully benefit-responsive investment contracts and all pooled separate accounts are valued using the net asset value as a practical expedient to estimate fair value.

## 2. Summary of Significant Accounting Policies (continued)

The Plan also invests in investment contracts through a common collective trust (T. Rowe Price Stable Value Fund) that is a fully benefit-responsive investment contract. Accounting Standards Codification Topic 962, *Plan Accounting - Defined Contribution Pension Plans* requires fully benefit-responsive investment contracts to be measured at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

The remainder of the Plan's investments are stated at the aggregate fair market value which equals the quoted market price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Contributions*

Contributions from Plan participants are rewarded in the year in which the employee contributions are withheld from compensation. The Plan sponsor discretionary match true up is recorded in the year services are rendered.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

### *Administrative Expenses*

Administrative expenses incurred by the Plan are paid by the Sponsor or by the Plan at the discretion of the Sponsor. The expenses paid by the Plan totaled \$696,193 for the year ended December 31, 2024. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

## 3. Fair Value Measurements

Fair value is defined in U.S. GAAP as the price that would be received to sell an asset or the price paid to transfer a liability on the measurement date. The standard focuses on the exit price in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. U.S. GAAP establishes a fair value reporting hierarchy to maximize the use of observable inputs when measuring fair value and defines the three levels of inputs as noted below.

- Level 1 - Assets or liabilities for which the identical item is traded on an active exchange that the Plan has the ability to access;

### 3. Fair Value Measurements (continued)

- Level 2 - Assets or liabilities valued based on observable market data for similar instruments. Fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for assets or liabilities, either directly or indirectly;
- Level 3 - Assets or liabilities for which significant valuation assumptions are not readily observable in the market, and instruments valued based on the best available data, some of which is internally developed and considers risk premiums that a market participant would require. Fair value is estimated using unobservable inputs that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities may include financial instruments whose value is determined using pricing services, pricing models with internally developed assumptions, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In accordance with U.S. GAAP, the Plan classifies its investments into Level 1, Level 2 and Level 3. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. Also see Note 7 for discussion of the valuation for fully benefit-responsive investment contracts. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The shares of registered investment companies are valued at quoted market prices and are, therefore, considered Level 1.

Santander ADSs are valued at the closing price reported on the active market on which the securities are traded. These shares are, therefore, considered Level 1.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

There were no transfers between Level 1, 2, and 3 during 2024 or 2023.

### 4. Risks and Uncertainties

The Plan invests in both debt and equity investment securities. Investment securities are exposed to various risks such as interest rates, market rates and credit default risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Certain investments represent 10% or more of the total investments held by the Plan. As of December 31, 2024, the Plan held one such investments totaling \$220,747,714, which represented 12.07% of the Plan's total investments. Refer to the Schedule of Assets for further information on these investments. As of December 31, 2023, the Plan held one such investment totaling \$166,731,767, which represented 10.43% of the Plan's total investments.

### 5. Income Tax Status

The Plan utilizes an adoption agreement and basic plan document as part of the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan, which received an opinion letter from the Internal Revenue Service dated November 14, 2022, stating that the form of the plan is acceptable for use by employers under Section 401 of the Internal Revenue Code (the "Code"). The Plan is required to operate in conformity with the Code to maintain its qualifications. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **6. Transactions with Parties-In-Interest**

The Plan held 321,564 and 363,284 Santander ADSs at December 31, 2024 and 2023. During 2024, \$50,288 dividends were paid on the ADSs. Dividends received are recorded within the Interest and dividends line of the Statements of Changes in Net Assets Available for Benefits. Additionally, the Plan issues loans to participants, which are secured by participants' account balances.

## **7. Fully Benefit-Responsive Investment Contracts**

The T. Rowe Price Stable Value Common Trust Fund (the "Trust") is operated by T. Rowe Price Trust Company (the "Trust Company"). The Trust operates in accordance with the Amended and Restated Declaration of Trust effective January 1, 2015, and an Amended and Restated Supplemental Declaration of Trust effective July 1, 2022 (collectively, the "Declaration of Trust"). It is subject to the provisions of the Financial Institutions Article of the Annotated Code of Maryland and ERISA, as applicable.

The investment objectives of the Trust are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The Trust will attempt to achieve these objectives by investing and reinvesting amounts transferred to the Trust in investment contracts selected by the trustee.

Each investor's beneficial interest in the net assets of the Trust is represented by units, an unlimited number of which are authorized. Unit transactions are subject to terms, conditions, and limitations defined in the Declaration of Trust. Except as otherwise provided in the Declaration of Trust, trust units are generally issued and redeemed only on a valuation date and at the net asset value per unit computed on that date. The Trust offers fourteen classes of units. Each class differs from the other classes only in the type or level of services provided and/or the rate of trustee fees and third-party administrative expenses, as applicable, borne by the class. In all other respects, each class has the same rights and obligations as the other classes. The Plan holds Class Q units. At December 31, 2024 and December 31, 2023, the contract value of the Plan's investments in the Trust were \$116,827,302 and \$129,458,094, respectively.

All investment contracts held by the Trust are entered into directly between the Trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the Trust by an employer-sponsored defined contribution plan directly as a result of participant transactions allowed by the plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the plan.

## 7. Fully Benefit-Responsive Investment Contracts (continued)

Synthetic investment contracts ("SICs") consist of (1) units of a collective investment trust and/or a portfolio of underlying assets owned by the Trust and (2) a wrap contract issued by a financially responsible third party, typically a bank, insurance company, or other financial institution. The issuer of the wrap contract provides for unscheduled withdrawals from the contract at contract value, regardless of the value of the underlying assets, in order to fund permitted participant-initiated withdrawals from the Trust. SICs provide for a variable crediting rate, which typically resets at least quarterly, and the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero. The crediting rate is based, in part, on the relationship between the contract value and the market value of the underlying assets, as well as previously realized gains and losses on underlying assets. The crediting rate generally will reflect, over time, movements in prevailing interest rates. However, at times, the crediting rate may be more or less than prevailing rates or the actual income earned on the underlying assets. In most synthetic structures, realized and unrealized gains and losses on the underlying investments typically are not reflected immediately in the net assets of the Trust but rather are amortized either over the time to maturity or the duration of the underlying investments, through adjustments to the future interest crediting rate. The degree of any increase or decrease in the crediting rate will depend in part on the amount of the contract/market value difference as well as the duration and yield of the Trust's portfolio. The crediting rate may also be affected by increases and decreases in the amount of assets underlying a wrap contract resulting from participant-initiated unit holder contributions to and withdrawals from the Trust. To the extent a SIC's crediting rate exceeds current market interest rates (e.g., when net gains have been realized or the market value of underlying assets is greater than contract value), the Trust has a deferred benefit that, generally, withdrawing unit holders will not receive. Similarly, to the extent a SIC's crediting rate is below prevailing interest rates (e.g., when net losses have been realized or the market value of underlying assets is less than contract value), the Trust has deferred recognition of losses that, generally, incoming unit holders will bear through reduced future crediting rates.

Investment transactions are accounted for on the trade date basis for financial reporting purposes; transactions in investment contracts do not affect contract value until the settlement date. Income and expenses are recorded on the accrual basis. Income from investment contracts is recorded at the contract rate, which, in the case of SICs, is referred to as the crediting rate. Crediting rates are determined in accordance with contract terms and are net of investment-related costs permitted by the contract, generally issuer fees and custody charges for underlying assets. Under the terms of fully benefit-responsive SICs, earnings on the underlying assets, including interest income, dividends, and realized and unrealized gains and losses, as well as dividends and capital gain distributions received from investments in other trusts, if any, generally are factored into the next computation of the crediting rate. Distributions of investment income to unit holders are declared by each class daily, are reinvested monthly, and are recorded on the ex-dividend date.

Under the terms of the Declaration of Trust, trustee fees and third-party administrative expenses for certain classes and taxes and legal expenses, if any, as well as other fees and/or charges permitted by the Declaration of Trust are paid by the Trust. Additionally, costs, commissions, and taxes associated with investments, which may be capitalized or reflected as a reduction of related income and/or net gain/loss, are borne by the Trust. Expenses related to audit services and trust operations, including investment management, accounting, and custody for securities not underlying an investment contract, are borne by the trustee, which is compensated for its services through trustee fees. The Declaration of Trust provides for trustee fees to be paid by certain classes. For such classes, the annual trustee fee charged to a class is equal to the applicable rate applied to the class's average daily net assets. Additionally, certain classes charge third-party administrative expenses. Such third-party administrative expenses are remitted to the trustee to in turn be remitted to designated third-party service providers as directed by unit holders of the respective classes.

## 7. Fully Benefit-Responsive Investment Contracts (continued)

The existence of certain conditions can limit the Trust's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Trust or a unit holder, tax disqualification of the Trust or a unit holder, and certain trust amendments if the issuers' consent is not obtained. As of December 31, 2024, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable.

In addition to the limitations noted above, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. For example, certain breaches by the Trust of its obligations, representations, or warranties under the terms of an investment contract can result in its termination at market value, which may differ from contract value. Investment contracts also may provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law, if the trust or the trustee suffers an insolvency, or if there is a change in law or accounting standards that makes it impermissible to account for an investment contract on a contract value basis. SICs also may provide issuers with the right to reduce contract value in the event an underlying investment suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

### *Average Yields*

The average current yield earned by the Trust, before reduction for expenses, was calculated by dividing the annualized one-day U.S. GAAP earnings of the Trust's December 31, 2024 and December 31, 2023 investments (irrespective of the interest rate credited to unit holders in various classes) by the fair value of the Trust's investments on that date and was 4.29% and 4.03%, respectively.
