INDEPENDENT AUDITOR'S REPORT

To the Independent Fiduciary/Trustee of the
Employee Pension Benefit Plan Local 640 IATSE

Opinion

We have audited the financial statements of the Employee Pension Benefit Plan Local 640 IATSE (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of the Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits (in liquidation) for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Liquidation Basis of Accounting

As described in Note 3 to the financial statements, all contributing employers withdrew from the Plan, triggering a termination of the Plan by mass withdrawal as defined by ERISA.

Accordingly, the financial statements are prepared on the liquidation basis of accounting.

Accounting principles generally accepted in the United States of America require financial statements be prepared on the liquidation basis of accounting when an entity is in liquidation or when liquidation is imminent. Our opinion is not modified with respect to that matter.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions represent supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**EMPLOYEE PENSION BENEFIT PLAN
LOCAL 640 IATSE**

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Employee Pension Benefit Plan Local 640 IATSE (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

The Plan was established on December 1, 1956 pursuant to collective bargaining agreements with contributing employers under an Agreement and Declaration of Trust. It has been restated several times to comply with the requirements of law. The Plan is a multiemployer defined benefit pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As discussed in Note 3, the employers' obligation to continue to contribute under the collective bargaining agreements ceased for periods after June 30, 2016.

As of June 30, 2016, the Plan was frozen. Benefits earned prior to that date are payable to pensioners and survivors currently eligible to receive benefits and to vested participants who will be eligible to receive a benefit upon reaching retirement age. The Plan provides for normal retirement benefits at age 65, early retirement at age 62 and disability benefits to eligible participants who became disabled prior to June 30, 2016. Pre-retirement, post-retirement joint and survivor death benefit are also paid. Generally, five (5) years of service will be required for vesting for normal retirement and at least 15 for other types of retirement options. The pension amount varies depending on units of pension credit and the benefit rates per unit. Reference should be made to the summary plan description for specific details as to vesting, benefits and eligibility.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the liquidation basis of accounting. Accounting principles generally accepted in the United States of America require financial statements be prepared on the liquidation basis of accounting when the entity is in liquidation or when liquidation is imminent. PBGC contributions are accounted for as exchange transactions.

Investment Valuation and Income Recognition - The investments are interest bearing cash classified as short-term investments which are carried at cost which approximates fair value.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have earned through the date of termination. Accumulated plan benefits include benefits expected to be paid to (a) participants and beneficiaries receiving benefits and (b) terminated vested participants and beneficiaries with rights to future benefits.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TERMINATION

On June 30, 2016, the Plan was terminated by mass withdrawal as defined by ERISA Section 4041A (a)(2). The Trustees have exercised their right to terminate the Plan. Termination shall not permit any part of the Plan assets to be used for, or diverted to, purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. The net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits at some future time will depend on the sufficiency of the Plan's net assets at the time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

Effective December 2021, the Plan began receiving quarterly contributions from the PBGC so that the Plan could continue to operate and pay benefits. Based on the present PBGC regulations, the Plan expects each participant's pension benefits to be guaranteed by the PBGC.

NOTE 4. TAX STATUS

The Plan obtained a favorable tax determination letter dated March 25, 2016 from the Internal Revenue Service that stated the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan and related trust was exempt as of June 30, 2025.

NOTE 4. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, Plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended June 30, 2025 and 2024 there were no transfers in or out of levels 1, 2 or 3.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value at June 30, 2025 and 2024:

	Fair Value Measurements at June 30, 2025			
	Total	Level 1	Level 2	Level 3
Short-term investments	\$ 140,386	\$ -	\$ 140,386	\$ -

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 2,596,623
Participants entitled to deferred benefits	<u>488,631</u>

Total actuarial present value of accumulated plan benefits \$ 3,085,254

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits since the last valuation as of July 1, 2025 were as follows:

Actuarial present value of accumulated plan benefits:

as of July 1, 2024	<u>\$ 3,168,292</u>
Increase (decrease) during the period attributable to:	
Decrease in discount period at 5%	150,536
Benefits paid	(319,024)
Experience gains and losses	<u>85,450</u>
Net decrease	<u>(83,038)</u>
Actuarial present value of accumulated plan benefits as of July 1, 2025	<u>\$ 3,085,254</u>

NOTE 6. ACTUARIAL INFORMATION (continued)

The Plan's present value of accumulated plan benefits as of July 1, 2025 totaled \$3,085,254. The net assets available for benefits as of the same date amounted to \$100,103. The value of non-forfeitable benefits exceeds the value of Plan assets by \$2,985,151 at July 1, 2025.

The actuarial valuation was made using actuarial assumptions determined in accordance with the Pension Benefit Guaranty Corporation (PBGC) regulations for valuing plan benefits for a terminated multiemployer plan. For the valuation at July 1, 2025 and 2024, the interest rate used was 5.00%. The mortality table used for healthy lives is the PRI-2012 Mortality (Amount Weighted) Table with MP-2021 Scaling.

At June 30, 2016 (date of termination), any participant retiring on or after July 1, 2016 with 5 years of service had a monthly benefit of \$15.02 per year of credited service. Since the Plan became insolvent in December 2021 the monthly benefit is limited to the PBGC maximum guaranteed benefit.

NOTE 7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January 12, 2026, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
