Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unique Designs, Inc. 401(k) P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Unique Designs, Inc. 401(k) P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Unique Designs, Inc. 401(k) P/S Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unique Designs, Inc. 401(k) P/S Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Unique Designs, Inc. 401(k) P/S Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unique Designs, Inc. 401(k) P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Plan Description

Effective January 1, 2021, Unique Designs, Inc. (the “Company”) formed the Unique Designs, Inc. 401(k) P/S Plan (the “Plan”). The following description provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Company who are age eighteen or older. Employees are immediately eligible with no service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2024 the Company acquired assets of CPI Luxury Group and effective August 1, 2024, the CPI Luxury Group DBA China Pearl 401(k) Plan was merged into the Plan. In connection with the merger, the Plan received net assets of \$3,599,221 from the CPI Luxury Group DBA China Pearl 401(k) Plan, which consisted of investments.

Contributions

Each year a participating employee may contribute up to 100% of their compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code (“IRC”). Participants who have attained age 50 by December 31, are eligible to make catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. The plan includes an auto-enrollment provision whereby all employees without an active deferral election are enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants’ initial deferral rate is set to 4% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make a discretionary matching contribution. The Company may also make additional non-elective contributions at its sole discretion. To receive a matching or non-elective contribution, participants must complete 1,000 hours of service and be employed on the last day of the Plan year. The Company did not make any discretionary matching contributions or non-elective contributions during the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and in any discretionary matching or non-elective contributions made by the Company.

Note 1 Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, termination of employment, or termination of service due to death, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in their account. Hardship withdrawals are permitted by the Plan. Partial or installment distributions are only permitted to satisfy required minimum distribution rules.

Forfeited Accounts

Forfeited non-vested account balances, may be applied to pay Plan expenses, or may be used to reduce future employer contributions. In connection with the Plan merger discussed in Note 1, forfeited non-vested account balances of \$20,969 were transferred to the Plan in 2024. At December 31, 2024 and 2023, forfeited non-vested accounts were \$22,354 and \$148, respectively. During the year ended December 31, 2024, forfeitures were not utilized.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value; see Note 5 for discussion of contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions, reducing the participant notes receivable balance, based upon the provisions of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of the IRC limits are recorded as a liability with a corresponding reduction to participant contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan allows certain administrative expenses to be paid from Plan assets, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to administration of participant accounts are either charged directly to the respective accounts and are included in administrative expenses or are paid by the Company. Certain investment related expenses are included in net depreciation in fair value of investments.

Note 3 Information Certified by the Plan's Trustees

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustees, Ascensus, LLC as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC ("Ascensus") for the period from January 1, 2024 through August 6, 2024 and Fidelity Management Trust Company ("Fidelity") as of December 31, 2024 and for the period August 7, 2024 through December 31, 2024.

In addition, certain information related to investments and notes receivable from participants held at December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan, Ascensus.

Note 4 Fair Value Measurement

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open end mutual funds and money market funds that are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Valued at the daily closing price as reported on the active market on which the individual securities are traded.

Note 4 Fair Value Measurement (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,889,517	\$ -	\$ -	\$ 4,889,517
Money market fund	4,504	-	-	4,504
Self-directed brokerage	18,590	-	-	18,590
Investments at fair value	\$ 4,912,611	\$ -	\$ -	\$ 4,912,611
Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,375,243	\$ -	\$ -	\$ 1,375,243
Investments at fair value	\$ 1,375,243	\$ -	\$ -	\$ 1,375,243

Note 5 Fully Benefit-responsive Investment Contract

The Plan holds a traditional investment contract that meets the criteria of a fully benefit-responsive investment and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Mass Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal, or transfer of all, or a portion of their investment at contract value.

Note 5 Fully Benefit-responsive Investment Contract (continued)

The issuer declares interest crediting rates semi-annually, effective January 1 and July 1, and that rate will be guaranteed against change during each six-month period.

The declared interest rate will always be greater than or equal to 3.0%. Interest crediting rates are determined based on many factors. The key factors that influence future interest crediting rates could include the following: the level of market interest rates, the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts and the duration of the underlying investments backing the contract.

Guarantees are based on the claims-paying ability of the issuer. Generally, there are no events that could limit the ability of the Plan to transact at contract value with the issuer or the participants. There are also no events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value.

Note 6 Party-In-Interest Transactions

A party-in-interest is defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees may be paid from Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest transactions.

Fidelity and Ascensus are the trustees of the Plan and are therefore considered to be parties-in-interest. The Plan makes loans to participants, and therefore, these transactions qualify as party-in-interest.

Note 7 Excess Contributions Payable

Participant contributions are presented net of excess deferral contributions payable to certain participants to satisfy the relevant nondiscrimination provisions of the Plan. There were no excess contributions payable for the year ended December 31, 2024. Excess contributions payable of \$4,550 were recorded for the year ended December 31, 2023.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 9 Tax Status

The Plan is an adoption of the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Cash or Deferred Arrangement) for which the Internal Revenue Service has determined and informed Plan Administrators Inc. by an opinion letter dated June 30, 2020 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 Reconciliation of Financial Statements to IRS Form 5500

The following is a reconciliation of amounts reported in the financial statements to amounts reported on Schedule H of Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 5,289,182	\$ 1,405,409
Excess contributions payable	<u>-</u>	<u>4,550</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 5,289,182</u>	<u>\$ 1,409,959</u>

Note 11 Reconciliation of Financial Statements to IRS Form 5500 (continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2024</u>
Change in net assets available for benefits per the financial statements	\$ 284,552
Change in excess participant contributions payable in the subsequent year	<u>(4,550)</u>
Change in net assets available for benefits per Schedule H of Form 5500	<u>\$ 280,002</u>

Differences result from the use of the accrual basis for recognition of excess contributions payable for financial statements, versus the use of the cash basis for recognition of this item in the governmental Form 5500, Schedule H.

Note 12 Nonexempt Transactions

During the year ended December 31, 2024, the Plan sponsor did not timely remit certain participant contributions and loan repayments for various pay periods, which totaled \$110,654. The participant contributions and loan repayments were funded during the year ended 2024; however, they were considered late as the time to fund the amounts was longer than the Plan's average remittance period. Lost earnings associated with the late participant contributions and loan repayments will be funded during 2026.

Note 13 Subsequent Events

Plan management has evaluated subsequent events through January 27, 2026, the date on which the financial statements were available to be issued.

During 2025, the Plan was amended to remove the auto-enrollment provision.
