INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Community Interface Services Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Community Interface Services Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Community Interface Services Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Interface Services Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Interface Services Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Interface Services Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Interface Services Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as for June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of Community Interface Services Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Community Interface Services (the "Organization"), who are at least 21 years of age, and have completed one year of service. Employees are credited with a year of service for eligibility purposes upon completion of a minimum of 1,000 hours of service during a consecutive twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Once an employee becomes eligible, they are enrolled in the plan at the next entry date, which is January 1 or July 1.

CONTRIBUTIONS

Contributions to the Plan are as follows:

- 1) The Organization may make a discretionary contribution to the Plan on an annual basis up to the maximum amount allowed by the Internal Revenue Code. Effective January 1, 1996, the Plan does not allow employee contributions. The Organization contributed 15.85% and 6.56% of participants' eligible compensation for the years ended June 30, 2025 and 2024, respectively.
- 2) Participants may rollover or transfer amounts from other qualified plans.

PARTICIPANT ACCOUNTS

All of the Plan's investments are nonparticipant-directed and managed by third-party investment companies.

Individual accounts are maintained for each participant. As of each valuation date, each eligible participant's account is allocated a portion of the Organization's discretionary contribution, based on compensation. Forfeitures of terminated participants' nonvested accounts are used at the discretion of the Organization.

COMMUNITY INTERFACE SERVICES RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

Also at each valuation date, each participant's account that has not been distributed since the previous valuation date is allocated net earnings or losses as follows: (1) nonsegregated accounts are allocated a portion of the Plan's net earnings or losses based on the prior valuation date in the ratio that the value of each participant's account as of the preceding valuation date bears to the total value of all accounts as of the preceding valuation date; (2) segregated accounts will have only the net earnings or losses earned specifically thereon allocated thereto. As of June 30, 2025 and 2024, there were no segregated accounts. For purposes of the allocation, the total value of all accounts as of the preceding valuation date is adjusted by the beginning balance of participants who withdrew from the Plan during the year, including both their withdrawals and forfeited, nonvested amounts.

VESTING

Participants are immediately fully vested in their rollover contributions and the earnings and losses on them. Participants are vested in the Organization's discretionary contributions and any related earnings or losses as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

For vesting purposes, participants are credited with a year of service during any Plan year in which they have completed at least 1,000 hours of service. Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than retirement, death or disability.

The vested balance of a participant's account(s) may be withdrawn to provide benefits in accordance with the terms of the Plan document. The withdrawal may be taken as a lump-sum payment or an alternate form of payment, if permitted under the Plan, at the time of distribution.

NOTES RECEIVABLE FROM PARTICIPANTS

The participants may borrow money from the Plan provided it is adequately secured. They may use up to one-half of their vested account balance as security for the loan. All loans must bear a reasonable rate of interest. Participants can borrow no more than the lesser of \$50,000 or one-half of the present value of their non-forfeitable accrued benefit. In addition, no loan in an amount less than \$1,000 will be made. Principal and interest is paid through monthly payroll deductions or directly by the participant.

PAYMENT OF BENEFITS

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

- (A) termination of employment
- (B) retirement
- (C) disability
- (D) death
- (E) In-service distributions

As defined in the plan document.

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

In the event of a mandatory distribution greater than \$1,000, but no more than \$5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of \$1,000 or less will be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

ADMINISTRATIVE EXPENSES

Substantially all of the administrative expenses of the Plan were paid through the Plan for the years ended June 30, 2025 and 2024. A participant's account balance will be charged with certain fees and expenses which are usually loan-related and distribution-related. Certain investment related expenses are included as a reduction of investment return and are not separately reflected. For the years ended June 30, 2025 and 2024 amounts totaling \$38,988 and \$38,619, respectively, were paid directly by the plan for participant distribution and loan fees, trustee, custodian and accounting expenses.

FORFEITED ACCOUNTS

Non-vested employer contributions forfeited by terminated participants may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions payable under the Plan or be distributed to participants. During the years ended At June 30, 2025 and 2024, forfeitures totaling approximately \$38,000 and \$36,000, respectively, were used to pay for administrative expenses. At June 30, 2025 and 2024, there were approximately \$145,000 and \$165,000 in the forfeiture account, respectively.

INVESTMENT OPTIONS

All of the Plan's annual contributions and investments are nonparticipant-directed and managed by third-party investment Companies as the plan documents specify.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles (GAAP) in the United States of America.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments valuation and income recognition - Investments are stated at fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Classification and Measurement of Financial Instruments - The Plan follows Accounting Standards Update (ASU) 2016-01 "Recognition and Measurement of Financial Assets and Financial Liabilities." This ASU requires most equity investments to be measured at fair value and eliminates the requirement to disclose the method and significant assumptions used to estimate the fair value for instruments not recognized at fair value in the Plan's financial statements.

Page 12

Fair value measurement - The Plan follows accounting standards consistent with the FASB Codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Management regularly reviews the collectability of the delinquent loan balances and records an allowance based on circumstances of the individual's underlying loan. Uncollectible loans are written off against the participant's balance at the time the participant leaves the Plan. As of June 30, 2025 and 2024, no allowances for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment on the terms of plan.

Benefits - Benefits are recorded when paid.

Income taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(a) and consequently pays no income tax.

The Plan obtained its latest determination letter in June 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of June 30, 2025 and 2024, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan files a tax return in U.S. Federal jurisdiction.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization may terminate the Plan at any time with respect to all participants by the adoption of an appropriate resolution by its owners. In the event of a complete termination of the Plan, the rights of all participants to account balances accrued to the date of the termination are fully vested and not subject to forfeiture.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The Organization has obtained certification from Ascensus Trust Company (“Ascensus”), the trustee of the Plan, that all of the information provided to the Organization by Ascensus is complete and accurate. Ascensus certification applies to substantially all of the Plan’s investment assets, transactions, and supplemental schedules. Ascensus reports such information primarily on the cash basis while the accompanying financial statements and supplemental schedules are presented on the accrual basis. Therefore, certain amounts reflected in the financial statements and supplemental schedules may differ from the information certified by Ascensus.

The following information is prepared and certified by Ascensus Trust Company:

	2025	2024
Investments at fair value:		
Mutual funds	\$ 6,920,760	\$ 6,118,672
Money market funds	404,122	372,516
Notes receivable from participants	98,028	115,193
	\$ 7,422,910	\$ 6,606,381
Investment income:		
Gain on investments	\$ 493,388	\$ 604,101
Interest and dividends on investments	228,415	184,684
Interest income on notes receivable from participants	9,264	7,880
	\$ 731,067	\$ 796,665

During the year ended June 30, 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year) changed in value by \$493,388 and \$604,101, respectively.

NOTE 5 FAIR VALUE MEASUREMENT

The Organization follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The Plan's policy is to recognize transfers of investments into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended June 30, 2025 and 2024, there were no significant transfers of investments into or out of level 3

Mutual funds: Valued at quoted market prices in an exchange and active market, which represent the net asset value of shares held by the Plan at year-end and are classified as Level 1 investments.

Money Market Fund: Money market funds are the only financial instrument that is measured and recorded at fair value on the Organization's balance sheet, and they are classified as Level 1 investments.

COMMUNITY INTERFACE SERVICES RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no plan assets requiring the use of level 3 inputs for the years presented and there were no changes in the methods used to measure fair value at June 30, 2025 and 2024.

The following table presents the investments listed on the statement of net assets measured at fair value on a recurring basis by level within the valuation hierarchy as of June 30, 2025.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 6 PARTY-IN-INTEREST

Certain Plan investments are managed by the trustee of the Plan, which qualifies these transactions as party-in-interest transactions. During the years ended June 30, 2025 and 2024, the Plan paid \$12,506 and \$13,653, respectively, to Ascensus for custodial and recordkeeping services. Additionally, during the years ended June 30, 2025 and 2024, the Plan paid \$17,082 and \$14,866, respectively, to Cambridge Investment Research for investment advisory services. The audit fees paid by the Plan were \$10,300 and \$10,100 for the years ended June 30, 2025 and 2024, respectively. The Organization also provides administrative services to the Plan at no cost to the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 26, 2026, the date which the financial statements were available to be issued. There were no material subsequent events which affected the amounts or disclosures in the financial statements.
