Report of Independent Auditors

The Plan Administrator of
Karr Tuttle Campbell Retirement Savings Plan and Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Karr Tuttle Campbell Retirement Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025, and December 31, 2024, and the related statement of changes in net assets available for benefits for the period ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Karr Tuttle Campbell Retirement Savings Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2025, and December 31, 2024, and for the period ended October 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Karr Tuttle Campbell Retirement Savings Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As further discussed in Note 1, The Plan was terminated effective July 1, 2025, and all assets were liquidated and distributed by October 31, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Karr Tuttle Campbell Retirement Savings Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Karr Tuttle Campbell Retirement Savings Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Karr Tuttle Campbell Retirement Savings Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Karr Tuttle Campbell Retirement Savings Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan

General – The following description of the Karr Tuttle Campbell Retirement Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan termination – Karr Tuttle Campbell P.S. (the Employer) adopted a resolution effective July 1, 2025, to terminate the Plan. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. Upon the resolution date, the Plan ceased accepting employee and employer contributions as well as new participant notes receivable. All Plan assets were liquidated and distributed in accordance with the Plan provisions under the Employee Retirement Income Security Act of 1974 (ERISA) by October 31, 2025.

Eligibility and vesting – All salaried employees of the Employer were able to participate in the 401(k) portion of the Plan on the first of the month following 60 days of continuous employment. All salaried employees, except associates, legal secretaries and paralegals, became eligible to share in the non-elective employer contribution on January 1 or July 1 following the completion of two years of service. A year of service for eligibility purposes is defined as the completion of 1,000 hours of service during an employment anniversary year. Participants must have been actively employed on the last day of the Plan year to receive employer contributions (except in the case of death, disability, or retirement).

Participants were 100% vested in their entire plan balance at all times except for top-heavy minimum contributions. A two-year cliff vesting schedule applied to all top-heavy minimum contributions for any eligible participants with an employment commencement date that was on or after January 1, 2020. During 2025, all top-heavy minimum contributions became 100% vested due to the termination of the Plan.

Contributions – Participants designated how their contributions and earnings were invested in a variety of investment funds. The Plan provided for two types of contributions:

Employer contributions – The Employer could make non-elective employer contributions which consisted of 10.5% of defined compensation of eligible participants plus an additional contribution of 5.7% of compensation paid in excess of the Social Security taxable wage base up to the maximum allowed by law. Contribution percentages could be adjusted by the Board of Directors of the Employer. The Plan has been deemed "top heavy" as defined by the Internal Revenue Code (IRC). As a result of the Plan's top heavy status, the Employer made a minimum top-heavy contribution of not less than 3% of compensation paid to all eligible participants. The employer contributions were remitted to the Plan on an annual basis and were recorded in the year in which the employee contributions were withheld from compensation.

Notes to Financial Statements

Participant contributions – Participants could make pre-tax salary deferrals up to 100% of their total compensation, not to exceed the IRC maximum limits. Participants could elect to make all or a portion of their salary deferrals as Roth contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions from participants were recorded the year in which employee contributions were withheld from compensation. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals were automatically increased annually by 1%, up to a maximum auto-deferral of 10%.

Participant accounts – Each participant's account was credited with the participant's contribution and an allocation of the Employer's contribution and earnings. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

The Plan allowed for participants to invest in funds approved by the Plan's retirement committee.

Notes receivable from participants – Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. Each loan included interest at the current prevailing rate. All loans were to be repaid through payroll deductions in equal monthly installments with interest and principal amortized over a period not to exceed five years. However, if the loan was for purchase of a primary residence, the administrator may permit longer repayment terms.

Payment of benefits – On termination of service, a participant (or beneficiary) could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not less than two years.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeiture are retained in the Plan and will be used to pay Plan administrative expenses or to reduce future Company contributions. As of October 31, 2025, and December 31, 2024, forfeited nonvested accounts totaled \$0 and \$12,391, respectively. For the year ended October 31, 2025, \$1,512 was used to reduce Plan administrative expenses and \$11,333. was used to reduce employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes to Financial Statements

Investment valuation – Investments are stated at fair value. The Plan's trustee, Matrix Trust Company (the Trustee) certifies the fair value of all investments, if available, quoted market values are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest and are classified as notes receivable. Delinquent notes receivable from participants are recorded as distributions based on the terms of the plan document.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses of the Plan are allocated to participants using a flat fee for participants with investments in excess of \$5,000 plus a pro rata charge based on total assets in the participant's account. Certain costs to administer the Plan are paid by the Employer and are not reflected in the accompanying financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued. The Plan has evaluated subsequent events through January 30, 2026, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Notes to Financial Statements

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025, and December 31, 2024.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. CTs held in the Plan do not have redemption restrictions.
