## Independent Auditors' Report

### The Plan Administrator of Green Vale School 403(b) DC Plan RA

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of Green Vale School 403(b) DC Plan RA (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Plan Administrator of  
Green Vale School 403(b) DC Plan RA**  
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Green Vale School 403(b) DC Plan RA

Notes to Financial Statements

June 30, 2025

### 1. Description of Plan

The following description of the Green Vale School 403(b) DC Plan RA (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all eligible employees of Green Vale School (the "School" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### **Eligibility**

An employee becomes eligible to make elective deferrals as soon as administratively feasible after the employee's first day of employment. An employee becomes eligible with regard to mandatory deferrals and to receive the employer nonelective contribution to the Plan upon attainment of age 21 and completion of one year of service. Participants must also complete 1,000 hours of service in each subsequent Plan year to receive nonelective contributions during that Plan year.

#### **Contributions**

Participants may make employee elective contributions to the Plan, as a percentage of eligible compensation, through payroll deductions. Participants who are age 50 or older by the end of the plan year can make catch-up contributions to the Plan. Participant contributions are subject to maximum limits as established by the Internal Revenue Service ("IRS"). Participants may change their elective contribution percentages or stop elective contributions at any time. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan requires mandatory employee contributions equal to 3% of each participant's eligible compensation.

The Employer makes a nonelective contribution to each participant that makes a mandatory contribution, based on the participant's years of service based on the following table:

<u>Years of Service</u>	<u>% of Compensation</u>
Beginning in year 2 of service through year 10 service	5%
Beginning in year 11 of service through year 20 service	7%
Beginning in year 21 of service	8%

#### **Vesting**

A participant is 100% vested in his or her accounts including allocated earnings thereon at all times.

## Green Vale School 403(b) DC Plan RA

Notes to Financial Statements  
June 30, 2025

### 1. Description of Plan (*continued*)

#### ***Forfeitures***

At June 30, 2025 and 2024, forfeited account balances were \$7 and \$0. The account will be used to reduce future Employer contributions or administrative expenses. During 2025, \$12,931 of forfeitures were used to reduce Employer contributions. Participants are 100% vested in their accounts at all times, forfeiture in the plan year was due to an overcontribution of employer contributions that were refunded to the Plan's forfeiture account.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of (a) the School's Nonelective Contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. All investments are participant directed.

#### ***Payment of Benefits***

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account in the form of a lump sum, installments or an annuity. A participant may request an in-service distribution once they have reached age 59 ½. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant may have.

#### ***Loans to Participants/Collateralized Assets***

Loans with Teachers Insurance and Annuity Association of America ("TIAA") are issued directly from funds owned by TIAA and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity Account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At June 30, 2025 and 2024, there were 2 and 4 loans outstanding with total principal balances due of \$3,822 and \$6,131 which also represents a collateralization of participant accounts. Of these loan balances, 1 was in default as of June 30, 2025 and 2024. At June 30, 2025, interest rates on these loans ranged from 4.00% to 5.29% with maturities through 2026. At June 30, 2024, interest rates on these loans ranged from 4.00% to 5.72% with maturities through 2026.

## Green Vale School 403(b) DC Plan RA

Notes to Financial Statements

### 1. Description of Plan (*continued*)

#### ***Notes Receivable from Participants***

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). Participants may take a loan once in any 12 consecutive-month period. Participants may only have two outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years. As of June 30, 2021, collateralized loans are no longer offered to Plan participants. Any loans taken by participants subsequent to June 30, 2021 was made directly from their retirement account. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

#### ***Other Income - Revenue Credit Account***

The Plan and TIAA entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is an account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$33,985 and \$41,231 at June 30, 2025 and 2024. During the plan year ended June 30, 2025, \$8,582 of these funds were used to pay Plan expenses.

### 2. Summary of Significant Accounting Policies

#### ***Basis of Accounting and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Fair Value Measurements***

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

## **Green Vale School 403(b) DC Plan RA**

Notes to Financial Statements

June 30, 2025

### **2. Summary of Significant Accounting Policies (continued)**

#### ***Investment Valuation and Income Recognition***

The TIAA Traditional Annuity Account consists of unallocated contracts. The fully benefit responsive contracts are carried at contract value and the non-benefit responsive contracts are carried at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. The TIAA Real Estate Account is a pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will see the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Expenses***

Some expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Any expenses not paid by the Employer are paid by the Plan. Investment related expenses paid to TIAA and College Retirement Equities Fund ("CREF") are included in net appreciation in value of investments.

#### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is January 21, 2026.

### 4. Investments (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2025:

	TIAA Traditional Annuity Account
Balance, beginning of year	\$ 6,951,522
Contributions	61,268
Investment income	304,042
Benefit payments	(474,311)
Transfers in from other Plan investments	134,521
Fees	(17)
	<hr/>
Balance, End of Year	\$ 6,977,025

There are no unfunded commitments on the Plan's investments.

#### ***TIAA Traditional Annuity Account***

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are: the Group Retirement Annuity ("GRA"), Retirement Annuity ("RA") and Retirement Choice ("RC") contracts.

The Plan utilizes the GSRA, SRA and RCP contracts, which are reported at contract value, and the GRA, RA and RC contracts, which are reported at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity's historical crediting rates. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 3.00%-5.75%; SRA – 3.00%-5.75%; RCP – 3.05%-6.00%; GRA – 3.55% - 6.50%; RC- 3.80% - 6.75% and RA – 3.55% - 6.50%.

Under GSRA and SRA contracts, lump sum withdrawals and transfers are allowed at any time without any restrictions or charges. Under RCP contracts, lump-sum withdrawals and transfers are allowed at any time without any surrender charges. Under RA and GRA contracts, lump-sum withdrawals are not allowed and transfers must be paid in ten annual installments. Under the RC contracts, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers under the RC contract must be paid in 84 monthly installments (7 years).

### 4. Investments (*continued*)

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 22% and 25% of the Plan's net assets available for benefits as of June 30, 2025 and 2024, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of May 2025), Standard and Poor's (AA+ as of August 2025), A.M. Best (A++ as of July 2025), and Fitch (AAA as of August 2025). The plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

#### ***TIAA Stable Value***

TIAA Stable Value (the "SV Contract") is a benefit responsive guaranteed annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3%. Declared crediting rates are reviewed and may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account's assets are insufficient to meet the guarantees in the accumulation phase, the SV Contract is backed by the financial strength and claims-paying ability of TIAA.

#### ***TIAA Real Estate Account***

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter.

### **5. Plan Termination**

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100 percent vested in their accounts for both employee and employer contributions.

### **6. Tax Status**

On August 7, 2017, the IRS issued an opinion letter to the prototype document preparer indicating that the Plan, as then designed, satisfies the final regulations of the IRC Section 403(b). Although the Plan has been amended, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

### **7. Party-in-Interest Transactions**

Certain investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

### **8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
