INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Pride Delivery Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Pride Delivery Services, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pride Delivery Services, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pride Delivery Services, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pride Delivery Services, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pride Delivery Services, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pride Delivery Services, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

The statement of net assets available for benefits as of December 31, 2023 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the U.S.

The supplemental schedules of delinquent participant contributions and assets held at year end are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIDE DELIVERY SERVICES, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 – DESCRIPTION OF PLAN

The following description of Pride Delivery Services, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with an original effective date of January 1, 2022. The Plan was amended on November 29, 2022 in order to adjust eligibility and vesting requirements. The Plan was again amended on February 23, 2024, in order to adjust eligibility and distribution requirements for participants. Employees are eligible to participate after they completed three months of service and attained age 18. The entry date will be the date of which the employee satisfies the eligibility requirements. Union employees, leased employees, non-resident aliens and interns are considered excluded employees under the Plan. For full provisions of the plan, please see the basic plan document and adoption agreement.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation for the plan, while the maximum roth non-elective deferral contribution is 50% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers an employer match contribution to those who have matched employee contributions (any elective deferral contribution or catch up contribution a participant makes during the plan year).

The Company contributes to your employer matching contributions in an amount equal to:

- (i) 100% of the matched employee contributions that are not in excess of 1% of participant plan compensation, plus
- (ii) 50% of the amount of the matched employee contributions that exceed 1% of each participant Plan compensation but that do not exceed 2% of participant plan compensation. Matching contributions will be allocated to the employer matching contribution accounts of participants as soon as administratively feasible after the end of each pay period.

Deferral and Roth contributions became effective on October 28, 2022.

Contributions are subject to IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, company matching contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

The Plan has set schedules for the following elective contributions, non-elective contributions and employer match contributions.

PRIDE DELIVERY SERVICES, LLC 401(K) PLAN
 NOTES TO THE FINANCIAL STATEMENTS
 December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

- (i) Fully Vested Accounts: Participants will have a fully vested and nonforfeitable interest in their Elective Deferral Account, Rollover Contribution Account, and Qualified Non-Elective Contribution Account.
- (ii) Employer Matching Contribution Account: The participants interest in their Employer Matching Contribution Account will vest according to an 18-month cliff vesting schedule, under which they become 100% vested after 18 months of service.
- (iii) Non-Elective Contribution Account: The participants non-elective contribution account (profit-sharing) is subject to a 2-to-6-year graded vesting schedule, as follows:

<u>Periods of Service</u>	<u>Percentage</u>
0 - 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or permanent disability a participant becomes fully vested.

Forfeited Accounts

Amounts forfeited from a participant's account shall be used to restore forfeitures or reduce Company contributions (or reallocate as Company contributions) or to pay reasonable Plan expenses. Any disposition of forfeitures from a participant's account shall be made no later than the end of the Plan year following the Plan year during which forfeitures occurred. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$23,808 and \$1,717, respectively.

Notes Receivable Participants

Notes receivable from participants represent loans made to participants under the Plan. Participant loans are available for any purpose, with a minimum loan amount of \$1,000 and a maximum equal to the lesser of \$50,000 (as adjusted for prior loans) or 50% of a participant's vested account balance. Only one loan may be outstanding at any time.

Loans are secured by the participant's vested account balance, with no more than 50% of the vested balance used as collateral. Interest is charged at a rate comparable to those charged by financial institutions for similar loans and is based on the Wall Street Journal rate in effect on the date of the loan plus 1%. The interest rate was 9.50% as of December 31, 2024 and 2023.

Loan principal and interest are repaid through payroll deductions each pay period over a period not to exceed five years. Notes receivable become due in full upon termination of employment.

An allowance for credit losses related to notes receivable from participants was recorded in the amounts of \$840 and \$0 as of December 31, 2024 and 2023, respectively.

PRIDE DELIVERY SERVICES, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to disability, retirement or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If payment of benefits due to death, entire account balance will be paid in accordance with the plan document.

Force-out - If the participant's vested account balance (excluding rollovers) is \$5,000 or less upon termination of employment, it will be distributed. The participant may choose to receive the distribution in cash or roll it over to an IRA or a new employer's plan (if allowed). If no election is made, balances over \$0 but not exceeding \$5,000 will be automatically rolled over to an IRA established in the participant's name, and any fees will be deducted from the IRA. For further information, refer to the Plan document.

Required Minimum Distributions - A participant's benefits must begin to be distributed no later than April 1 of the calendar year following the later of the calendar year in which the participant attains age 73 (age 72 if the participant reached 72 before January 1, 2023) or the calendar year in which the participant retires. However, if the participant is a 5% owner at any time during the plan year ending in the calendar year in which the participant attains the applicable age, distributions must commence no later than April 1 of the calendar year following the year the participant attains that age, regardless of retirement status.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Financial Instruments – Credit Losses

In June 2016, FASB issued Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 significantly changes the impairment model for most financial assets and certain other instruments. ASU 2016-13 will require immediate recognition of estimated credit losses expected to occur over the remaining life of many financial assets, which will generally result in earlier recognition of allowances for credit losses on loans and other financial instruments. ASU 2016-13 is effective for the Plan's fiscal year beginning January 1, 2023 and subsequent interim periods. ASU 2016-13 did not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and insurance company.

PRIDE DELIVERY SERVICES, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Mutual Funds

The value of each separate account is determined at the close of each business day based on market value. The value of the account is expressed in units. Contributions to the account increase the number of units; withdrawals decrease the number of units. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the total number of units in the account. The value of a participant's account on any date is determined by multiplying the number of units held by the unit value at the close of the business day. Redemptions can be made daily.

The net asset value ("NAV"), as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for credit losses has been recorded as of December 31, 2024 and 2023 in the amounts of \$840 and \$0, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through the date of the report, the date the financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PRIDE DELIVERY SERVICES, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 (Audited) and 2023 (Unaudited)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 194,006	\$ -	\$ -	\$ 194,006
	<u>\$ 194,106</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 194,006</u>

	2023			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 179,235	\$ -	\$ -	\$ 179,235
	<u>\$ 179,235</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 179,235</u>

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 – TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe the Plan was designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
