To the Board of Directors and Management
Pacific Program Management Group, LLC 401(k) Plan
600 University Street, Suite 1920
Seattle, WA 98101

We have audited the financial statements of Pacific Program Management Group, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the period from January 1, 2025 to April 3, 2025 and we will issue our report thereon dated February 2, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Ascensus Trust, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated January 16, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practice

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Pacific Program Management Group, LLC 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value of investments in Note 6 to the financial statements due to the termination of the Plan.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated February 2, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and Management of Pacific Program Management Group, LLC 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Pacific Program Management Group, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pacific Program Management Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits in liquidation as of April 3, 2025 and December 31, 2024 and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2025 through April 3, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Program Management Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended April 3, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Program Management Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacific Program Management Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Program Management Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter- Plan Termination and Use of Liquidation Basis of Accounting

As further discussed in Note 6 to the financial statements, Plan Management made a decision to terminate the Pacific Program Management Group, LLC 401(k) Plan and determined that liquidation is imminent. As a result, in accordance with accounting principles generally accepted in the United States of America, Pacific Program Management Group, LLC 401(k) Plan has changed its basis of accounting from the accruing basis of accounting used to the present the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Pacific Program Management Group, LLC 401(k) Plan

Notes to Financial Statements in Liquidation

April 3, 2025 and December 31, 2024

1. Description of Plan

The following description of the Pacific Program Management Group, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company (excluding members of certain collectively bargained units and nonresident aliens) who have reached age 21 and completed one month of service in any plan year.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 2016, and has been subsequently amended and restated on October 1, 2020.

Plan Merger

On October 22, 2024, Pacific Program Management Group, LLC was acquired by Cresa LLC. Subsequently, plan management approved the merger of this Plan into the Cresa, LLC 401(K) Plan. As a result, all investments then held were transferred from the Plan into the Cresa, LLC 401(K) Plan on April 3, 2025. See Note 6 of the financial statements for plan termination information.

Contributions

Participants may contribute between 1% and 100% of their annual wages as pre-tax deferrals or Roth deferrals, not to exceed the yearly limits, as established by the Internal Revenue Service guidelines, which were \$23,500 and \$23,000 for 2025 and 2024, respectively. Additionally, participants who are at least age 50 or will attain age 50 before the end of the calendar year are eligible to defer additional amounts ("catch-up contribution") to the Plan. The maximum catch-up contribution that an eligible participant could make was \$7,500 in 2025.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs ("rollovers"). The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Employees eligible to participate in the Plan are automatically enrolled upon meeting the eligibility requirements. Unless otherwise directed, the rate of deferral upon enrollment is 6 percent of eligible compensation on a pretax basis, to be invested in specific preselected investment offerings. Employees can opt out of enrollment at any time.

The Company has elected to operate the Plan as a Safe Harbor 401(k) plan. Once a participant satisfies the eligibility requirements, the company makes a matching contribution per pay period for all participants actively contributing to the plan. If the participant contributes up to 1% of their compensation as a deferral, the Company will make a matching contribution of 100% on these deferrals. If the participant contributes more than 1% but not more than 6% of their compensation as a deferral, they will receive a matching contribution of 50% on these deferrals.

Pacific Program Management Group, LLC 401(k) Plan

Notes to Financial Statements in Liquidation April 3, 2025 and December 31, 2024 (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their personal contributions, including elective deferrals, catch up, and rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. All employees become 100% vested in the Company's contributions at two years of service from hire date. A participant is 100% vested at normal or early retirement age, or in the event of disability or death.

Notes Receivable from Participants

Participants may borrow from their pre-tax fund accounts a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Participants are permitted to have only one loan outstanding at any time. Principal and interest is paid ratably through monthly payroll deductions. Loan interest revenue is recognized when due.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account or annual installments over a fixed period. Hardship distributions are allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into various investment options. All investments are in the trust company funds. The trust company maintains investments in mutual funds and a money market account.

Administration Expenses

The Company and the participants share the administrative fees of the Plan. The Plan expenses may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Substantially all expenses incurred for administering the Plan are paid by the Company; however, some types of expenses may be charged only to some participants based on their use of a plan feature or receipt of a plan distribution. During 2025, total administrative expenses were \$10,460.

2. Summary of Significant Accounting Policies

Custodian and Administration of the Plan

The recordkeeper is The Vanguard Group, Inc. and the Custodian of the Plan is Ascensus, Inc. The Administrator of the Plan is the Company, who is also the Plan Sponsor.

Ascensus, Inc. holds the assets of the Plan and acts as the Custodian and Trustee. The Custodian holds all assets of the Plan in accordance with the provisions of the service provider contract with the Plan Sponsor.

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with FASB ASC 962-40 Plan Accounting – Terminating Plans.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's fiscal year. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

The non-vested portion of the terminated participant's account balance is called a forfeiture and remains in the Plan. Forfeitures are used to reduce the Plan Sponsor's matching contribution and/or to reduce the administration expenses. Forfeitures from participants for the year ended April 3, 2025 and December 31, 2024 were \$2,442 and \$2,603, respectfully. During the year ended December 31, 2024, the Company used \$80,927 of forfeitures to offset employer contributions. In 2025, \$5,047 were transferred to the new plan as a result the Plan's termination.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable is reclassified as distributions based upon the occurrence of a distributable event as described in the terms of the Plan document.

Management of the Plan estimates that these notes receivable from participants are fully collectible, and therefore, has no reserve for bad debt against them. Notes receivable from participants were transferred into the Cresa, LLC 401(k) plan on April 3, 2025.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Information Prepared and Certified by Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Ascensus, Inc., in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

- All investments
- Investment income
- Notes receivable from participants and related interest income

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value measurements standard (FASB ASC 820, Fair Value Measurements and Disclosures) establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Pacific Program Management Group, LLC 401(k) Plan

Notes to Financial Statements in Liquidation April 3, 2025 and December 31, 2024 (continued)

4. Fair Value Measurements (continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liabilities
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the techniques and inputs used at April 3, 2025 and 2024.

Mutual Funds: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy, as of December 31, 2024. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Account: Valued at redemption value of \$1 per share, considering the value of the underlying investments (level 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,493,313	\$ -	\$ -	\$ 11,493,313
Money market account	51,493	-	-	51,493
Total investments at fair value	<u>\$ 11,544,806</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,544,806</u>

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated on June 30, 2020 the United States Treasury Department advised the TPA that the Prototype Non-Standardized Profit Sharing Plan with CODA was acceptable under Section 401(a) of the IRC and was therefore exempt from federal income taxes. Although the Plan has been amended since receiving the IRS determination letter, the Plan administrator and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of April 3, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

6. Termination of the Plan upon Merger

Effective October 22, 2024, the Plan Sponsor approved an addendum to merge plan assets with Cresa, LLC 401(k) Plan. On April 3, 2025, the merger was finalized, and the plan was terminated. All participants were fully vested in their account balances. The account balances were liquidated and transferred to the surviving plan as soon as administratively practicable. As a result of the imminent liquidation, the 2025 financial statements have been presented on the liquidation basis of accounting. This had no impact on the values of the assets reported in the financial statements. No liabilities were recognized in connection with the termination.
