MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Mountz, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Mountz, Inc. Employee Stock Ownership Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets in liquidation available for benefits as of December 16, 2025 and December 31, 2024, and the related statements of changes in net assets in liquidation available for benefits for the period ended December 16, 2025 and year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits of the plan as of December 16, 2025 and December 31, 2024 and the changes in its net assets in liquidation available for benefits for the period ended December 16, 2025 and year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the liquidation basis of accounting, which is a comprehensive basis of accounting other than accounting principles accepted in the United States of America. Our opinion is not modified with respect to this matter.

ERISA-Required Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, which comprises the schedule of reportable transactions for the period ended December 16, 2025; is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Mountz, Inc. Employee Stock Ownership Plan

Notes to Financial Statements - Liquidation Basis
December 16, 2025 and December 31, 2024

1. NATURE OF PLAN

Mountz, Inc. ("the company") established the Mountz, Inc. Employee Stock Ownership Plan ("the ESOP" or "the plan") as a defined contribution plan effective May 1, 1989. The plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

On November 1, 2023, the ESOP sold all held shares of the company's common stock to IDSC Holdings, LLC, a wholly-owned subsidiary of Snap-on Incorporated. Proceeds from the sale were allocated to participants accounts based on the ratio of individual allocated account balances to total allocated balances as of the date of the sale and immediately invested in a money market investment vehicle. At this time, the plan document was amended to terminate and freeze the plan so that (i) no additional participants were eligible to participate in the plan, (ii) no further employer contributions could be made to the plan, (iii) the plan was no longer required to be invested in or make distributions in the form of the company's common stock, (iv) all participants of the plan became fully vested in their account balances, (v) 70% of vested participant account balances were distributed during 2024 and (vi) the remaining 30% of vested participant account balances were distributed following the company's receipt of approval of plan termination from the Internal Revenue Service ("IRS"). On March 12, 2025, the plan received a favorable determination letter from the IRS confirming the plan termination complies with the requirements of the Internal Revenue Code ("IRC"). As a result, the remaining participant account balances were distributed during 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The accompanying financial statements were prepared using the liquidation basis of accounting. Under the liquidation basis, assets are measured at the estimated amounts expected to be collected in liquidation, and liabilities are recorded at the estimated amounts expected to be settled. In addition, costs expected to be incurred during the liquidation process are accrued when they are reasonably estimable. This basis of accounting differs from accounting principles generally accepted in the United States of America ("GAAP") primarily because the entity no longer records assets and liabilities based on ongoing operations, but rather reflects amounts expected to be realized and incurred as part of the liquidation process.

Key parties of the plan - The company was the employer, plan sponsor and plan administrator. ESOP Partners Inc. was the third party administrator that maintained participant records and tax counsel that performed various compliance tests. Summit Fiduciary Group was the plan trustee. Alerus Financial, N.A. ("Alerus") held custody of the plan's money market investment. UBS Financial Services ("UBS") held custody of the plan's interest-bearing cash.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 16, 2025 through January 18, 2026, which is the date the financial statements were available to be issued.

Investments - The plan's investments were nonparticipant directed and recorded at fair value. The net appreciation (depreciation) in fair value of investments held during the period/year is reflected in the statements of changes in net assets in liquidation available for benefits. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Mountz, Inc. Employee Stock Ownership Plan

Notes to Financial Statements - Liquidation Basis

December 16, 2025 and December 31, 2024

Following is a description of the investments and valuation methodologies used to measure fair value.

Money market fund and interest-bearing cash - Valued at the daily published market prices. The plan was invested in a money market fund that is registered with the U.S. Securities and Exchange Commission, publishes its daily net asset value and is deemed to be actively traded. Interest-bearing cash was stated at cost plus accrued interest, which approximated fair value.

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market fund	\$4,627,413	\$ -	\$ -	\$4,627,413
Interest-bearing cash	2,756	-	-	2,756
Total investments in the fair value hierarchy	\$4,630,169	\$ -	\$ -	\$4,630,169

3. PLAN DESCRIPTION

The following description of the plan provides only general information. Participants should refer to the plan agreement for more complete information.

Eligibility - The plan covered substantially all employees of the company. Prior to the plan amendment to terminate and freeze the plan adopted during 2023 (see Note 1), employees were eligible once they had reached age 18 and had been credited with 1,000 hours of service during a plan year. Once eligible, participants were credited with service for the entire plan year in which the requirements were met. Employees were eligible to receive an allocation of any employer contributions provided they were employed on the last day of the plan year and had worked 1,000 hours in the year in which the contribution related to.

Vesting - All participant account balances became 100% vested upon the amendment to terminate and freeze the plan (see Note 1).

Participant accounts - Investment accounts were maintained for each participant. Net appreciation (depreciation) of investments was allocated to the participant investment accounts based on the ratio of individual allocated account balances to total allocated balances.

Distributions - As described in Note 1, participants could elect to distribute 70% their account balances during 2024 in the form of a single lump sum. The remaining plan assets were distributed to participants at their direction or automatically rolled over to Individual Retirement Accounts under the related participants' names during 2025.

Administrative fees - Certain administrative costs and other expenses of the plan are paid by the company. Certain other expenses are paid by the plan and presented as administrative expenses in the accompanying statements of changes in net assets in liquidation available for benefits. Such expenses include participant directed charges for distribution fees and non-participant directed charges for audit, service and administrative fees. Non-participant directed fees are allocated amongst participants pro rata based on individual account balances.

4. TAX STATUS

The plan was operating under an Employee Benefits Law Group non-standardized pre-approved profit sharing plan, which received a favorable opinion letter on June 30, 2020. The opinion letter received from the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to terminating the plan (see Note 1), the plan administrator had not obtained a separate IRS opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan was designed and always operated in compliance with the applicable requirements of the IRC, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

Mountz, Inc. Employee Stock Ownership Plan

Notes to Financial Statements - Liquidation Basis
December 16, 2025 and December 31, 2024

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 16, 2025 and December 31, 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Any transactions between the plan and the company qualify as party-in-interest transactions. Alerus managed the plan's money market fund and also held custody of this plan investment and executed transactions in this investment. UBS managed the plan's interest-bearing cash and also held custody of this plan investment and executed transactions in this investment. As such, transaction between the plan, Alerus and UBS qualify as party-in-interest transactions. In addition, the plan had a number of other service providers. Any transactions between these other providers, the company and the plan qualify as party-in-interest transactions.

All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
