INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Lake County Plasterers and Cement Masons
Retirement Savings Fund
Schaumburg, Illinois

Opinion

We have audited the accompanying financial statements of Lake County Plasterers and Cement Masons Retirement Savings Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of May 31, 2025 and 2024, and changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of general and administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED MAY 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Lake County Plasterers and Cement Masons Retirement Savings Fund (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established June 1, 1989 under collective bargaining agreements as a defined contribution pension plan exclusively for the purpose of providing retirement income benefits to employees and their families and/or beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions - For the year ended May 31, 2025, the employers contributed to the Plan for participants at a rate of \$11.94 for cement masons and \$10.63 for plasterers per man hour worked from Area 362, \$12.95 from Area 638, and \$16.20 from Area 161. For the year ended May 31, 2024, employers contributed to the Plan for participants at a rate of \$11.28 for cement masons and \$10.63 for plasterers per man hour worked from Area 362, \$11.79 from Area 638, and \$16.20 from Area 161.

Participant Accounts - Each participant's account is credited with (a) the employer contribution and (b) Plan earnings, net of administrative expenses. Participants select the investment accounts of their choosing. Earnings are credited to their account based on the performance of the accounts selected. The benefit to which a participant is entitled is the benefits that can be provided from the participant's account.

Vesting - A participant is vested and shall have a non-forfeitable interest in his account at all times.

Payment of Benefits - Participants, or their beneficiaries in the event of a participant's death, are eligible to receive benefits payable in a lump sum or partial lump sum when they satisfy one of the following requirements:

1. Retirement, death or disability.
2. Upon other termination of employment, resulting in no employer contributions being made on behalf of a participant for twelve consecutive months.

Payments shall not be made at any time before the earlier of the participant's attainment of normal retirement age or the participant's death or disability, except if the member's account does not exceed \$500 and no employer contributions were made on behalf of the participant for the preceding 12-month period.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Hardship Withdrawals - Participants may also make a hardship withdrawal. A hardship withdrawal shall only be made in the event of a financial hardship which is limited to certain situations to pay medical expenses, payments to prevent foreclosure on a primary residence, or to pay delinquent property taxes on a primary residence. A participant's request for a hardship withdrawal must be accompanied by evidence of hardship. Approval or disapproval of such request shall be within the sole discretion of the Board of Trustees (Trustees).

Other Pre-Retirement Withdrawals - Subject to the approval of the Trustees, participants are also eligible to receive no more than one pre-retirement withdrawal within any 12-month period. The amount of a participant's pre-retirement withdrawal shall be no greater than 50% of the participant's account as of the date 24 months prior to the date the request is made.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable - The Plan estimates amounts receivable from reporting employers at year-end based upon amounts collected subsequent to year-end. Employer records are subject to audit and additional revenue, if any, which may arise as a result of these audits is recognized when received. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management of the Plan has concluded that any expected credit losses on balances outstanding at year-end will be immaterial.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments are recorded when paid.

Cash and Cash Equivalents - Cash and cash equivalents represent cash held in checking accounts and money market accounts available for immediate withdrawal.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan's expenses are paid by the Plan as provided by the Plan document. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated July 19, 2016 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to the year ended May 31, 2022.

NOTE 4. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distribution of Plan assets will be made to the participants after all expenses incurred by the Plan are paid.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2025 and 2024:

	Assets at Fair Value as of May 31, 2025			
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 255	\$ 255	\$ -	\$ -

Investments measured at net asset value *	<u>7,705,971</u>

* In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at May 31, 2025 and 2024.

Registered investment companies: Shares held are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Money market fund: Valued using amortized cost which approximates fair value.

Common collective trust: The common collective trust fund held by the Plan is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

There were no transfers between levels for the years ended May 31, 2025 and 2024.

NOTE 6. FAIR VALUE MEASUREMENTS OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT)

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following tables summarize the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of May 31, 2025 and 2024:

<u>Description</u>	<u>2025 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 5,850,659	\$ -	Daily - Quarterly	1-60 days

<u>Description</u>	<u>2024 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 7,705,971	\$ -	Daily - Quarterly	1-60 days

The investments above report as a direct filing entity (DFE) to the Department of Labor.

NOTE 6. FAIR VALUE MEASUREMENTS OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. PARTIES-IN-INTEREST

As disclosed in Note 2, the Plan pays certain administrative, investment and professional fees to various service providers. In addition, John Hancock is the investment custodian and recordkeeper for the Plan. These transactions are party-in-interest transactions under ERISA.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's income and expenses per the accompanying financial statements to the Form 5500:

	<u>2025</u>	<u>2024</u>
Total additions per the financial statements	\$ 23,085,543	\$ 28,165,824

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 24, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
