INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Lyndra, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Lyndra, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of November 21, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related Statement of Changes in Net Assets in Liquidation Available for Plan Benefits for the period from January 1, 2025 to November 21, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 21, 2025 and December 31, 2024, and for the period from January 1, 2025 to November 21, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 1 and 4 to the financial statements, the Board of Directors of Lyndra Therapeutics, Inc., the Plan's Sponsor, voted on March 25, 2025 to terminate the Plan. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the period from January 1, 2025 to November 21, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Lyndra, Inc. 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan that covers substantially all full-time employees of Lyndra Therapeutics, Inc. (the Employer or Company). During 2024, the Plan adopted the required long-term, part-time (LTPT) employees eligibility provision of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), to provide that LTPT employees who have attained the age of 21, except union and nonresident aliens, are eligible to participate in the Plan for purposes of making employee deferral contributions if they worked 500 or more hours during the last three consecutive years. Entry dates into the Plan are the first day of the month coinciding with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 25, 2025, the Employer, at the direction of its Board of Directors (Board), decided to cease operations of Lyndra Therapeutics, Inc. In connection with the wind-down of the Company, the Employer terminated the Plan effective May 3, 2025 and the Plan termination was finalized on November 21, 2025. See Note 4 for additional information. The following is a description of the Plan prior to termination.

The Employer is also the administrator of the Plan. The Plan Administrator has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company (Reliance) is the appointed trustee of the Plan and acts at the direction of the Plan Administrator.

On March 17, 2024 and January 1, 2025, the Plan was amended and restated to comply with the latest applicable laws and regulations.

Contributions

Participants may elect to contribute up to the annual limitations as provided by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). The Plan also provides for participant catch-up and Roth contributions for participants who have reached the age of 50 before the end of the Plan year.

Period from January 1, 2025 to November 21, 2025 (In Liquidation)
and Year Ended December 31, 2024 (Ongoing)

The Plan incorporates an automatic enrollment feature. Upon meeting eligibility criteria, participants are automatically enrolled with a default contribution rate set at 4% of their eligible compensation, as defined by the Plan.

The Employer's safe harbor matching contribution is equal to 100% of the participant's contribution, up to a maximum of 4% of the participant's eligible compensation. The Employer may also make annual discretionary profit-sharing contributions and a discretionary matching contribution in an amount determined by the Employer. No Employer discretionary contributions were made to the Plan for the period from January 1, 2025 to November 21, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and their allocation of the Employer's contributions, Plan earnings (losses), and administrative expenses. Allocations are based on individual account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, Employer safe harbor matching contributions, Employer discretionary profit-sharing contributions, if applicable, Employer discretionary matching contributions, if applicable, and any earnings thereon.

Forfeitures

Forfeitures of the Plan arise when participants receive excess Employer contributions. As of December 31, 2024, forfeited accounts totaled \$10,481. There were no forfeitures as of November 21, 2025. Forfeitures are retained in the Plan and may be used to pay administrative expenses, reduce future Employer contributions, or may be allocated to the remaining participants.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One loan is the maximum permitted to be outstanding at one time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Employer. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive 100% of their vested account balance, payable in a lump sum, a direct rollover, or a combination of both. Participants or beneficiaries who must receive minimum required distributions can elect equal installment payments or partial withdrawals. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

Effective January 1, 2024, the Plan adopted a provision of the SECURE Act 2.0 whereby if a participant's balance is equal to or less than \$7,000, it will be rolled over into an individual retirement account designated by the Plan Administrator. Effective March 18, 2024, for termination of employment, if a participant's vested balance is \$1,000 or less and the participant's distribution election is not received timely, then the participant's vested account balance will be rolled over into the Plan's default individual retirement account (IRA).

Hardship Withdrawals

Hardship distributions are permitted from participant elective deferral accounts subject to limitations imposed by the IRC.

2. Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 4 to the financial statements, and effective May 3, 2025, the Employer, at the Board's direction, decided to cease operations of the Company; it finalized the termination of the Plan on November 21, 2025. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee (Note 3).

NOTES TO THE FINANCIAL STATEMENTS
Period from January 1, 2025 to November 21, 2025 (In Liquidation)
and Year Ended December 31, 2024 (Ongoing)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest and are secured by the balance in the participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions

Participant contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. An Employer matching true-up contribution is made annually. Employer discretionary contributions are remitted at the end of the Plan year, if applicable.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

and Year Ended December 31, 2024 (Ongoing)

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in four mutual funds that accounted for approximately 44% of total Plan investments as of December 31, 2024.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Management has evaluated subsequent events through February 4, 2026, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

NOTES TO THE FINANCIAL STATEMENTS
Period from January 1, 2025 to November 21, 2025 (In Liquidation)
and Year Ended December 31, 2024 (Ongoing)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Money Market Funds: The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

At December 31, 2024, the Plan's investments are reported at level 1 within the fair value hierarchy.

As a result of the Plan termination, there are no investment balances at November 21, 2025 (Note 4).

4. Plan Termination

The Company ceased operations on March 25, 2025 at the direction of the Board. The Employer terminated the Plan effective May 3, 2025 and the Plan termination was finalized on November 21, 2025. Benefit payments were satisfied through distributions as full cash payments or as rollovers into an eligible plan or individual retirement account. If a participant did not make a distribution election for one of the offered options, the participant's account balance was distributed and directly rolled over to an IRA provided by Inspira Financial. As of November 21, 2025, Plan assets were fully distributed and no assets remained in the Plan.

5. Income Tax Status

The Plan has adopted a DST volume submitter profit sharing plan with CODA. The volume submitter Plan obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter in order to comply with the latest applicable tax laws and regulations. The Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC through its termination on November 21, 2025, and that participants' account balances were distributed in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of November 21, 2025, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Reliance:

Statements of Net Assets Available for Plan Benefits at November 21, 2025 (in liquidation) and December 31, 2024 (ongoing) except for contributions receivable; and

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets in Liquidation Available for Plan Benefits for the period from January 1, 2025 to November 21, 2025.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items as well as the inclusion of contributions receivable in the accompanying accrual basis financial statements, not reported on the Form 5500.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments were held and managed by Reliance, the trustee of the Plan. T. Rowe Price is the recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to T. Rowe Price of \$27,860 for recordkeeping and administrative services for the period from January 1, 2025 to November 21, 2025.

9. Non-exempt transactions

During 2023 and 2022, the Employer failed to remit participant loan repayments of \$2,498 and \$3,797, respectively, to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer. During 2023, the Employer remitted the untimely loan repayments due to the Plan for the years ended December 31, 2023 and 2022.
